This road will be analyzed in the CRP under Sub-Alternative B as open for administrative use. The road provides access to maintain an existing reservoir as well as access for monitoring.

High recreational value for big game hunting due to higher elevation, + cover

Connects two waterholes.

Provides access for wild horse viewing. When the waterhole is full, the area receives a lot of wildhorse use.

A hunting camp is located at the drainage before the waterhole.

This road will remain open.
