## **Culvert Replacement Forces Temporary Road Closure**

FAIRVIEW, ORE. – Middle Creek Road (#27-11-29), east of Fairview, Ore. will be closed at milepost 11.5 starting Tuesday, September 8. The Bureau of Land Management (BLM) will be replacing a damaged culvert on the road. The closure is expected to last until September 18.

Visitors to the area will still have access to BLM's Park Creek campground, as the closure is one mile above the recreation site. Cherry Creek Road (#27-11-27) also provides alternate access through the area.

For more information or to obtain a forest road map, visit or call the Coos Bay District Office at 1300 Airport Lane, North Bend, (541) 756-0100.

### About BLM

The BLM manages more land – 256 million surface acres – than any other Federal agency. This land, known as the National System of Public Lands, is primarily located in 12 Western States, including Alaska. The Bureau, with a budget of about \$1 billion, also administers 700 million acres of sub-surface mineral estate throughout the nation. The BLM's multiple-use mission is to sustain the health and productivity of the public lands for the use and enjoyment of present and future generations. The Bureau accomplishes this by managing such activities as outdoor recreation, livestock grazing, mineral development, and energy production, and by conserving natural, historical, cultural, and other resources on public lands.
