

NOTICE TO PROSPECTIVE TIMBER SALE PURCHASERS

Coos Bay Sale No.: 12-35, Wagon Road Pilot;

It has come to our attention that there was an underestimate of the potential acres of machine piling and no mop-up included in the Specifications for Machine Piling and Specifications for Hand and Machine Pile Covering.

The changes to Section 42.e.(3) of the contract include the addition of the following stipulations:

1. Equipment used for machine piling shall be restricted to operating on slopes less than 35%.
2. The Purchaser shall begin mop-up on the day of ignition if possible and will continue mop-up following the ignition day for a one (1) day period (10 hours).

On page 2 of the Exhibit A the legend item of "*Ground Based and Machine Pile Area (22 ac.)*" was changed to "*Ground-Based Area*".

The correction of this error results in no change to the appraised prices for any species; the total estimated value; or the bid deposit required.

A revised Exhibit A is attached for your reference.
