Coleman Lake Prescribed Fire

Lakeview, Ore. – The Bureau of Land Management (BLM) Lakeview District Office will be conducting prescribed fires in the Coleman Lake area of Lake County, October 29 - 30. Fuels that will be burned are cattails and grasses. The overall goal of this burn is to improve fish and wildlife habitat.

The legal description of the burn area is Township 41 South, Range 24 East, section 25. Smoke from this prescribed burn could impact travel along County road 3-15 along Coleman Lake. Additional information about the BLM's Lakeview District is available online at:

<http://www.blm.gov/or/districts/lakeview/>

About the BLM: The BLM manages more land – 253 million surface acres – than any other Federal agency. This land, known as the National System of Public Lands, is primarily located in 12 Western States, including Alaska. The Bureau, with a budget of about \$1 billion, also administers 700 million acres of sub-surface mineral estate throughout the nation. The BLM's multiple-use mission is to sustain the health and productivity of the public lands for the use and enjoyment of present and future generations. The Bureau accomplishes this by managing such activities as outdoor recreation, livestock grazing, mineral development, and energy production, and by conserving natural, historical, cultural, and other resources on public lands.
