South Central Oregon Fire Management Partnership Information Officers:

Scott Stoffel (541) 947-6237  
Lisa Swinney (541) 947-6261

Erica Hupp (541) 883-6715  
Anne Maloney (541) 883-5681

### **WILDFIRE DANGER LEVEL CONTINUES TO DECREASE IN SOUTH CENTRAL OREGON**

**Lakeview, Ore** – Effective immediately, the Industrial Fire Precaution Level (IFPL) will drop from an IFPL II to IFPL I on lands administered by the Fremont-Winema National Forests, Bureau of Land Management's (BLM) Lakeview District and US Fish and Wildlife Service's Sheldon and Hart Mtn. Refuges.

The only BLM-managed lands exempt from this order are those within the Klamath Falls Resource Area that are west of the Langell Valley. This area is under the fire protection of the Oregon Department of Forestry (ODF). Information regarding restrictions that apply to ODF-protected lands may be obtained by calling (541) 883-5681 or visiting the following Web site:

<http://egov.oregon.gov/ODF/FIRE/precautionlevel.shtml>

Under IFPL I, the following fire precautionary requirements are placed on power saw operations:

- All power saw exhaust systems must be in good repair and include a screen-type spark arrester of 0.023 inches or less.
- All power saw operators must be in possession of the following equipment:
  - A long-handled, round point shovel with a blade not less than eight inches wide; and
  - A pressurized chemical fire extinguisher of not less than eight ounces capacity by weight.
- Before refueling a power saw, the refueling spot must be clear of all flammable material, including vegetation. The chainsaw must be restarted only after the operator has moved away from the refueling area.
- All power saw operators must stay in the cutting area for one hour after the chainsaw is shut off to watch for fire starts.

-more-

Personal and commercial woodcutters are reminded of their responsibility to stay informed of current IFPLs and all restrictions that apply to activities conducted on public lands. Failure to comply with fire precautionary requirements may result in the issuance of a Violation Notice.

Information on the IFPL or current restrictions may be obtained at 541-883-6831 for Klamath Falls Interagency Fire Center or 541-947-6259 for Lakeview Interagency Fire Center.
