

Secretarial Forestry Pilot Projects Update September 30, 2011

In December 2010, Secretary of the Interior Ken Salazar set in motion a plan to apply the principles of ecosystem restoration, as suggested by Drs. Norm Johnson and Jerry Franklin, on BLM lands within the Roseburg, Coos Bay, and Medford Districts. As the BLM moves forward with these pilot projects we'll be regularly posting updates about their status.

Roseburg Pilot Project

The Roseburg District will be holding an open house to discuss potential criteria for measuring success of the Roseburg Pilot project on October 11, 2011, from 4:00 to 6:00 p.m. at the Roseburg District Office.

Current stand maps and materials from the September 13, 2011 field tour are available at: <http://www.blm.gov/or/districts/roseburg/forestrypilot/pilot-maps.php>

For questions relating to the Roseburg pilot project, please contact: Cheyne Rossbach, Roseburg District Public Affairs - (541) 464-3245 or by e-mail at crossbac@blm.gov

Coos Bay Wagon Road Pilot Project

Participants on the September 14 public field trip had a chance to see and discuss the marking prescription for the pilot project, including aggregate retention, red tree vole habitat retention, and density management. The field trip was hosted by the BLM, the Coquille Tribe, and Drs. Johnson and Franklin. The handout and maps from the field trip are posted on CBWR pilot website at www.blm.gov/or/districts/coosbay/forestrypilot/pilot-maps.php, along with the amended cooperative agreement between the Coquille Indian Tribe and BLM.
