

## **Categorical Exclusion Determination and Decision Record for PacifiCorp Electrical Reauthorization OR 65392 DOI-BLM-OR-M050-2009-0020-CX**

---

### **Description of Proposed Action:**

The proposed project is to reauthorize an existing electrical line located on agency managed lands located along Left Fork Sardine Creek Road, north of Gold Hill. This line was formerly authorized as ORE 5962 and will be issued under the Federal Land Policy and Management Act of 1976 (FLPMA), Public Law 94-579, October 21, 1976, Title V, 90 Stat. 2743 as serial number OR 65392. This authorization would be in effect until December 31, 2057. The right-of-way area is 40 feet wide, 1,325 feet long and contains approximately 1.22 acres. This project is located as follows: NE¼ NW¼ and E½ NE¼ SW¼, section 29, Township 35 South, Range 3 West, Willamette Meridian, Jackson County, Oregon.

### **Plan Conformance Review**

This proposal was not scoped and the public was not involved in its development. This proposal is consistent with policy directed by the following:

- *Final Environmental Impact Statement for the Revision of the Resource Management Plans of the western Oregon Bureau of Land Management and Record of Decision and Resource Management Plan for the Medford District* (EIS, 2008 and ROD/RMP, 2008)
- *Medford District Integrated Weed Management Plan Environmental Assessment* (1998) and tiered to the *Final-Northwest Area Noxious Weed Control Program Environmental Impact Statement* (EIS, 1985)

The proposed action is in conformance with the direction given for the management of public lands in the Medford District by the Oregon and California Lands Act of 1937, Federal Land Policy and Management Act of 1976, Endangered Species Act of 1973, Clean Water Act of 1987, Safe Drinking Water Act of 1974 (as amended 1986 and 1996), Clean Air Act of 1990 (as amended), and Archaeological Resources Protection Act of 1979.

This proposal is consistent with management direction in the Medford District Resource Management Plan that directs the BLM to “Provide needed rights-of-way, permits, leases, and easements over BLM-administered lands in a manner that is consistent with federal and state laws” (USDI 2008, p. 49).

### **Categorical Exclusion Determination**

This proposed action qualifies as a categorical exclusion as provided in United States Department of the Interior Departmental Manual 516 DM 11.9, E (9) and E (11) which allows for

“Renewals and assignments of leases, permits, or rights-of-way where no additional rights are conveyed beyond those granted by the original authorizations” and

“Conversion of existing right-of-way grants to Title V grants or existing leases to FLPMA Section 302(b) leases where no new facilities or other changes are needed.”

Before any action described in the list of categorical exclusions may be used, the “extraordinary circumstances,” included in the Code of Federal Regulations (CFR) at 43 CFR 46.205(c) must be reviewed for applicability. After review, the BLM determined no extraordinary circumstances exist that would cause the proposed action to have a significant environmental effect. The action will not require additional analysis.

**Project Design Features**

- No chainsaw activity would occur within 200 feet of known northern spotted owl nest sites from March 1 through June 30 of a given year, unless instructed differently by the resource area wildlife biologist. This may be extended up to September 30 if nesting activity is occurring at that time.
- The holder shall clean motorized vehicles which will be driven off system roads, including tires and undercarriages to remove noxious weed plant parts and seeds to reduce the spread of noxious weeds.

See attached Right-of-Way Grant (Form 2800-14) for Terms and Conditions that apply to this authorization and PacifiCorp’s “*Overview of Operation and Maintenance Activities for Electric Transmission and Distribution Lines (Power Lines)*,” dated February 2007.

## Decision

I have decided to authorize Right-of-Way Grant OR 65392 to PacifiCorp for the use of an existing electrical line on BLM-administered lands along Left Fork Sardine Creek Road north of the city of Gold Hill, Oregon. This authorization is valid until December 31, 2057.

## Decision Rationale

The proposed action has been reviewed by the Butte Falls Resource Area staff and appropriate Project Design Features will be incorporated into the proposal as specified above. Based on the attached NEPA (National Environmental Policy Act) Categorical Exclusion Review, I have determined the proposed action involves no significant impact to the human environment and no further environmental analysis is required.

## Administrative Remedies

In accordance with BLM's Rights-of-Way regulations (43 CFR § 2801.10), administrative review of right-of-way decisions requiring National Environmental Policy Act assessment will be available under 43 CFR Part 4 to those who have a "legally cognizable interest" to which there is a substantial likelihood that the action authorized would cause injury, and who have established themselves as a "party to the case" (see 43 CFR § 4.410). Other than the applicant for the right-of-way, in order to be considered a "party to the case" the person claiming to be adversely affected by the decision must show that they have notified the BLM of their alleged injury through their participation in the decisionmaking process (see 43 CFR § 4.410(b) and (c)). The latest date that any affected parties received the Notice of Decision will establish the date initiating a 30-day appeal period.

## Effective Date of Decision

This is a land decision on a right-of-way application. **All BLM decisions under 43 CFR Part 2800 remain in effect pending an appeal** (see 43 CFR § 2801.10) unless the Secretary rules otherwise. Rights-of-Way decisions that remain in effect pending an appeal are considered as "in full force and effective immediately" upon issuance of a decision. Thus, this decision is now in effect.

## Right of Appeal

This decision may be appealed to the U.S. Department of the Interior, Office of Hearings and Appeals, Interior Board of Land Appeals (Board) by those who have a "legally cognizable interest" to which there is a substantial likelihood that the action authorized in this decision

would cause injury, and who have established themselves as a “party to the case” (see 43 CFR § 4.410). If an appeal is taken, a written notice of appeal must be filed with the BLM officer who made the decision in this office by close of business (4:30 p.m.) not more than 30 days after this decision is approved (or the date the affected parties received notice of the decision). Only signed hard copies of a notice of appeal that are delivered to the BLM Medford District Office, 3040 Biddle Road, Medford, Oregon 97504 will be accepted. Faxed or e-mailed appeals will not be considered.

In addition to the applicant, anyone who has participated in the National Environmental Policy Act process for this project will qualify as party to the case (see 43 CFR § 4.410(b)). However, in order to qualify as an appellant, a “party to the case,” you also have the burden of showing possession of a “legally cognizable interest” that has a substantial likelihood of injury from the decision (see 43 CFR § 4.410(d)).

The person signing the notice of appeal has the responsibility of proving eligibility to represent the appellant before the Board under its regulations at 43 CFR § 1.3. The appellant also has the burden of showing that the decision appealed from is in error. The appeal must clearly and concisely state which portion or element of the decision is being appealed and the reasons why the decision is believed to be in error. If your notice of appeal does not include a statement of reasons, such statement must be filed with this office and with the Board within 30 days after the notice of appeal was filed.

According to 43 CFR Part 4, you have the right to petition the Board to stay the implementation of the decision. Should you choose to file one, your stay request should accompany your notice of appeal. You must show standing and present reasons for requesting a stay of the decision. A petition for stay of a decision pending appeal shall show sufficient justification based on the following standards:

1. The relative harm to the parties if the stay is granted or denied,
2. The likelihood of the appellant’s success on the merits,
3. The likelihood of immediate and irreparable harm if the stay is not granted, and
4. Whether the public interest favors granting the stay.

A notice of appeal with petition for stay must be served upon the Board, the Regional Solicitor and PacifiCorp at the same time such documents are served on the deciding official at this office. Service must be accomplished within fifteen (15) days after filing in order to be in compliance with appeal regulations (43 CFR § 4.413(a)). At the end of your notice of appeal, you must sign a certification that service has been or will be made in accordance with the applicable rules (i.e., 43 CFR §§ 4.410(c) and 4.413) and specify the date and manner of such service.

The Board will review any petition for a stay and may grant or deny the stay. If the Board takes no action on the stay request within 45 days of the expiration of the time for filing a notice of appeal, you may deem the request for stay as denied, and the BLM decision will remain in full force and effect until the Board makes a final ruling on the case.
