**CATEGORICAL EXCLUSION DOCUMENTATION &
DECISION RECORD**

PacifiCorp
R/W Grant Application OR 65922
NEPA #: DOI-BLM-OR-M070-2009-0028-CX

I. PROPOSED ACTION:

The proposed project is to authorize OR 65922 to PacifiCorp for an existing 7.2 kV electrical distribution line. This right-of-way was originally authorized in 1953 as ORE 2670 and is anticipated to be in use for the foreseeable future. OR 65922 will be issued pursuant to Title V of the Federal Land Management Policy Act of October 21, 1976 (90 Stat. 2776; 43 USC 1761). If approved, this right-of-way grant will be authorized for fifty (50) years. The right-of-way is approximately 1,338 long, 20 feet wide and totals approximately 0.61 acres. This electrical line is located near the Stewart Road area near Fort Vannoy of Josephine County, Oregon as follows:

NE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 17
Township 36 South, Range 6 West,
WM, Josephine County, Oregon

PROJECT DESIGN FEATURES

The project design features described below would be included in the right-of-way grant as terms and conditions:

- a. This grant or permit is issued subject to the holder's compliance with all applicable regulations contained in Title 43 Code of Federal Regulations part 2800.
- b. Each grant issued for a term of 20 years or more shall, at a minimum, be reviewed by the authorized officer at the end of the 20th year and at regular intervals thereafter not to exceed 10 years. Provided, however, that a right-of-way or permit granted herein may be reviewed at any time deemed necessary by the BLM Authorized Officer.
- c. The Holder shall be prepared to conduct all maintenance concerning the use of this authorization at the Holder's expense. The Holder shall perform all operations in a good and workmanlike manner so as to ensure protection of the environment and the health and safety of the public. Reference is hereby made to **Exhibit A (*PacifiCorp/Pacific Power Overview of Operation & Maintenance Activities for Electric Transmission and Distribution Lines (Power Lines) dated February 2007*)** attached hereto and made a part of this grant instrument.

- d. The Holder shall provide a written work schedule specifically detailing activities for all maintenance and repair of the right-of-way (vegetative, roads, structural equipment, etc.) authorized through this grant six (6) months prior to the proposed commencement of activities. Said written schedule shall describe in detail the type of site specific activity proposed, equipment and work methods to be used, debris disposal options proposed, beginning and ending dates of operation, etc. The Holder shall strictly adhere to any BLM requirements at the Holder's cost. The Holder shall also include the name, address and telephone number of the Holder's delegated representative. The delegated representative is the person who is authorized by the Holder to carry out the terms and conditions of the grant and act on behalf of the Holder.
- e. As necessary to respond to Emergency Conditions, the Holder may, at anytime and without prior authorization, enter onto and conduct repairs or adjustments within the right-of-way area governed by this authorization. As used in this stipulation, the term "Emergency Condition" shall mean a condition or situation that is imminently likely to endanger life or property or that is imminently likely to cause a material adverse effect on the security of, or damage to the Holder's electrical system. Concurrently, or as soon as reasonably possible, the Holder shall notify BLM via Medford Interagency Communication Center at 541-618-2510 of any emergency repairs or adjustments undertaken in conjunction with this stipulation. The BLM shall provide the Holder a list of agency contacts. The Holder acknowledges that depending upon the scope of the emergency action, BLM may be required to conduct post emergency analysis and review, including that required under NEPA, ESA, Clean Water Act or other laws, regulations and policy. The Holder shall be responsible for the cost and implementation of actions needed to stabilize and/or restore resources following emergency activities.
- f. No hazardous materials are to be produced, transported, or stored on this right-of-way. The Holder shall notify the authorized officer if there is a significant variance from this authorization with respect to hazardous materials and their use, storage, or disposal. The Environmental Protection Agency maintains and updates a list of all hazardous substances that may present substantial danger to the public health or the environment in Title 40 of the United States Code of Federal Regulations Part 302.
- g. The Holder shall notify the BLM Authorized Officer upon discovery of any noxious weed species found in the right-of-way area and is responsible for immediate control and eradication. The Holder shall consult with, and obtain approval from the BLM Authorized Officer for acceptable weed control methods, such as mechanical or chemical. The Holder shall clean motorized vehicles which will be driven off system roads, including tires and undercarriages to remove noxious weed plant parts and seeds to reduce the spread of noxious weeds.

- h. The Holder shall during the life of this grant, comply with all applicable State and Federal environmental laws, regulations, and standards. The Holder shall also immediately discontinue all construction or other operations under this grant upon receipt of written notice from the Authorized Officer that such operations are in violation of said provisions.
- i. The United States reserves the right to grant subsequent use pursuant to 43 CFR 801.1-1.
- j. The right-of-way Holder is aware that BLM administered lands in western Oregon are managed in part for timber resource activities which include timber harvesting, reforestation, and tree release programs. BLM forest management activities may also include application of herbicides, firewood cutting, and prescribed burning. Logging operations cause dust and noise. Many of these activities are considered objectionable by residents living on adjacent private lands. BLM roads will be used to haul timber. Other important resources of these lands include wildlife habitat, minerals, soil and water quality, recreation opportunities, and others. The Holder should also be aware that the BLM may grant other rights-of-way across BLM lands and may also enter into agreements for exchange or sale of BLM administered lands.
- k. The Holder or his contractor shall immediately stop all operations and notify the BLM upon becoming aware of, encountering, or discovery of any objects or sites of cultural, historical, or pre-historical value within the project area.
- l. No installation machinery or ground disturbing activity shall be allowed outside the designated right-of-way.
- m. The Holder or his contractor shall contact and receive either a permit or notification from the Oregon State Forestry prior to use of mechanized equipment by the Holder or their contractor in the installation and maintenance of this right-of-way grant.
- n. The Holder shall undertake every reasonable measure to minimize erosion to the roads and surrounding areas, soil disturbances and turbidity to waterways, ground disturbing activity or the introduction of invasive plants.
- o. The Holder shall promptly remove and dispose of all waste caused by its activities as directed by the BLM Authorized Officer. The term "waste" as used herein means all discarded matter including, but not limited to: human waste, trash, garbage, refuse, petroleum products, ashes, equipment and vegetative materials.
- p. The Holder shall not place signs, gates, or barricades on public land, its resources or improvements without prior written approval from the BLM Authorized Officer.

- q. The Holder shall abide by soil and resource protection measures as may be necessary to protect and restore the land and vegetation to the satisfaction of the BLM Authorized Officer.
- r. Within sixty days of the issuance of the new grant, updated maps shall be submitted to the BLM Authorized Officer. Electronic copies of the maps shall accompany hard copies for the right-of-way files.
- s. The Holder shall not use dirt roads as access routes during non-emergency use when such use would cause severe rutting or erosion, as determined by the BLM Authorized Officer. Use, maintenance, and termination activities shall be suspended on public lands if soil condition warrants, as determined by the BLM Authorized Officer. The Holder shall repair any environmental damage resulting from activities associated with this authorization.
- t. The Holder shall notify the BLM Authorized Officer when it is necessary to cut/remove any tree eight inches (8") in diameter or over at breast height during the exercise of the rights granted through this authorization.
- u. Unless otherwise agreed to by the BLM Authorized Officer in writing, power lines shall be constructed in accordance to standards outlined in "*Suggested Practices for Avian Protection on Power Lines: The State of the Art in 2006 (APLIC 2006)*." The Holder shall assume the burden and expense of proving that pole designs not shown in the above publication are "eagle safe." Such proof shall be provided by a raptor expert approved by the BLM Authorized Officer. The BLM reserves the right to require modification or additions to all power line structures placed on this right-of-way, should they be necessary to ensure the safety of large perching birds. Such modification and/or additions shall be made by the Holder without liability or expense to the United States.
- v. The United States shall not be held liable for any damage to the right-of-way caused by the general public or as a result of fire, wind, or other natural disasters or as a result of silviculture practices, timber harvesting operations, or other actions stemming from the land management activities of the BLM. The Holder shall indemnify the United States against any liability for damages to life or property arising from the occupancy or use of public lands under this grant.
- w. The Holder shall protect all survey monuments, witness corners, reference monuments, and bearing trees within this right-of-way against disturbance during construction, operation, maintenance, and rehabilitation. If any monuments, corners, or accessories are destroyed, obliterated, or damaged during construction, the Holder or his contractor shall restore said items to the satisfaction of the BLM Authorized Officer at the Holder's cost.
- x. The Holder shall be responsible for costs incurred for reconfiguration of Holder improvements within the right-of-way when road construction or other activities prescribed by the BLM are required.

- y. The Holder shall comply with applicable Federal and State laws and regulations concerning the use of pesticides, insecticides, herbicides, fungicides, rodenticides, etc. The Holder shall submit a written plan of operation and receive written approval of said plan from the BLM Authorized Officer prior to use of said substances. The plan shall provide the type and quantity of material to be used; the pest, insect, fungus, etc. to be controlled; the method of application; the location for storage and disposal of containers; and any other information the BLM Authorized Officer requires. Application of said substances by the Holder shall be under the supervision of an appropriately licensed applicator. The Holder's plan shall be submitted no later than October 1 of any calendar year covering the proposed activities for the next calendar year (i.e., December 1, 2008, deadline for calendar year 2009 action). The use of substances on or near the right-of-way shall be in accordance with the BLM approved plan. Said substances shall not be used if the Secretary of the Interior has prohibited its use. Said substances shall be used only in accordance with its registered uses and within any other limitations imposed by the Secretary of Interior. Pesticides shall not be permanently stored on public lands authorized for use under this grant.

II. PLAN CONFORMANCE

The proposed action is in conformance with the following plans and decisions:

- a) Medford District's 2008 Record of Decision and Resource Management Plan (USDI 2008)
- b) Final EIS for the Revision of the Resource Management Plans of the Western Oregon Bureau of Land Management (2008)
- c) Record of Decision and Resource Management Plan Amendment for Management of Port-Orford-Cedar in Southwest Oregon, Coos Bay, Medford, and Roseburg Districts (May 2004)
- d) Decision Record and Environmental Assessment for the Medford District Integrated Weed Management Plan (April 1998)

This proposal also complies with the direction given for the management of public lands in the Medford District by the Oregon and California Lands Act of 1937 (O&C Act), Federal Land Policy and Management Act of 1976 (FLPMA), the Endangered Species Act (ESA) of 1973, the Clean Water Act of 1987, Safe Drinking Water Act of 1974 (as amended 1986 and 1996), Clean Air Act, and the Archaeological Resources Protection Act of 1979.

This proposed action is consistent with management objective in the 2008 Medford District Resource Management Plan to "provide needed rights-of-way, permits, leases, and easements over BLM-administered lands in a manner that is consistent with federal and state laws." (2008 RMP, p. 49). In addition, this project fully complies with the management objectives, actions, and direction of the resource management plan in place prior to December 30, 2008, which was the 1995 RMP,

as amended (USDI 1995). The design of this project would not have differed under either the 2008 or the 1995 plans.

III. NEPA REVIEW

The Proposed Action qualifies as a categorical exclusion under Department Manual 516 DM 11.9 as follows:

- “Renewals and assignments of leases, permits, or rights-of-way where no additional rights are conveyed beyond those granted by the original authorizations. (E-9)
- “Conversion of existing right-of-way grants to Title V grants or existing leases to FLPMA Section 302(b) leases where no new facilities or other changes are needed.” (E-11)
- “Acquisition of easements for an existing road or issuance of leases, permits or rights-of-way for the use of existing facilities, improvements, or sites for the same or similar purposes.” (E-16)

IV. EXTRAORDINARY CIRCUMSTANCES REVIEW

Title 43, Section 46.205(c) of the Code of Federal Regulations (CFR) requires the review of this action to determine if any of the following “extraordinary circumstances” (found at 46 CFR 46.215) would apply. If any of the extraordinary circumstances apply, then an otherwise categorically excluded action would require additional analysis and environmental documentation.

1) *Have significant impacts on public health or safety.*

Yes No

2) *Have significant impacts on such natural resources and unique geographic characteristics as historic or cultural resources; park, recreation or refuge lands; wilderness areas; wild or scenic rivers; national natural landmarks; sole or principal drinking water aquifers; prime farmlands; wetlands (Executive Order 11990); floodplains (Executive Order 11988); national monuments; migratory birds; and other ecologically significant or critical areas.*

Yes No

3) *Have highly controversial environmental effects or involve unresolved conflicts concerning alternative uses of available resources [NEPA Section 102(2)(E)].*

Yes No

4) *Have highly uncertain and potentially significant environmental effects or involve unique or unknown environmental risks.*

Yes No

5) *Establish a precedent for future action or represent a decision in principle about future actions with potentially significant environmental effects.*

Yes No

6) *Have a direct relationship to other actions with individually insignificant but cumulatively significant environmental effects.*

Yes No

7) *Have significant impacts on properties listed, or eligible for listing, on the National Register of Historic Places as determined by either the bureau or office.*

Yes No

8) *Have significant impacts on species listed, or proposed to be listed, on the List of Endangered or Threatened Species, or have significant impacts on designated Critical Habitat for these species.*

Yes No

9) *Violate a Federal law, or a State, local, or tribal law or requirement imposed for the protection of the environment.*

Yes No

10) *Have a disproportionately high and adverse effect on low income or minority populations (Executive Order 12898).*

Yes No

11) *Limit access to and ceremonial use of Indian sacred sites on Federal lands by Indian religious practitioners or significantly adversely affect the physical integrity of such sacred sites (Executive Order 13007).*

Yes No

12) *Contribute to the introduction, continued existence, or spread of noxious weeds or non-native invasive species known to occur in the area or actions that may promote the introduction, growth, or expansion of the range of such species (Federal Noxious Weed Control Act and Executive Order 13112).*

Yes No

DECISION

I have reviewed this Categorical Exclusion Documentation, including the plan conformance, NEPA compliance review, and extraordinary circumstances review, and have determined the proposed action is in conformance with the approved land use plan and that no further environmental analysis is required. It is my decision to implement the action as described and approve Right-of-Way Grant OR 65922 to PacifiCorp for a fifty (50) year term.

/S/ Abbie Jossie

ADMINISTRATIVE REMEDIES:

Administrative review of right-of-way decisions requiring National Environmental Policy Act (NEPA) assessment will be available under 43 CFR Part 4 to those who have a “legally cognizable interest” to which there is a substantial likelihood that the action authorized would cause injury, and who have established themselves as a “party to the case.” (See 43 CFR § 4.410 (a) – (c)). Other than the applicant/proponent for the right-of-way action, in order to be considered a “party to the case” the person claiming to be adversely affected by the decision must show that they have notified the BLM that they have a “legally cognizable interest” and the decision on appeal has caused or is substantially likely to cause injury to that interest (See 43 CFR § 4.410(d)).

EFFECTIVE DATE OF DECISION

This is a land decision on a right-of-way application. All BLM decisions under 43 CFR Part 2800 remain in effect pending an appeal (See 43 CFR § 2801.10) unless the Secretary rules otherwise. Rights-of-Way decisions that remain in effect pending an appeal are considered as “in full force and effective immediately” upon issuance of a decision. **Thus, this decision is now in effect.**

RIGHT OF APPEAL

This decision may be appealed to the U.S. Department of the Interior, Office of Hearings and Appeals, Interior Board of Land Appeals (Board) by those who have a “legally cognizable interest” to which there is a substantial likelihood that the action authorized in this decision would cause injury, and who have established themselves as a “party to the case.” (See 43 CFR § 4.410). If an appeal is taken, a written notice of appeal must be filed with the BLM officer who made the decision in this office by close of business (4:30 p.m.) not more than 30 days after the date of service. Only signed hard copies of a notice of appeal that are delivered to the following address will be accepted. Faxed or e-mailed appeals will not be considered.

*BUREAU OF LAND MANAGEMENT
GRANTS PASS INTERAGENCY OFFICE
2164 NE Spalding
Grants Pass, OR 97526*

The person signing the notice of appeal has the responsibility of proving eligibility to represent the appellant before the Board under its regulations at 43 CFR § 1.3. The appellant also has the burden of showing that the decision appealed from is in error. The appeal must clearly and concisely state which portion or element of the decision is being appealed and the reasons why the decision is believed to be in error. If your notice of appeal does not include a statement of reasons, such statement must be filed with this office and with the Board within 30 days after the notice of appeal was filed.

According to 43 CFR Part 4, you have the right to petition the Board to stay the implementation of the decision. Should you choose to file one, your stay request should accompany your notice of appeal. You must show standing and present reasons for requesting a stay of the decision. A petition for stay of a decision pending appeal shall show sufficient justification based on the following standards:

1. The relative harm to the parties if the stay is granted or denied,
2. The likelihood of the appellant's success on the merits,
3. The likelihood of immediate and irreparable harm if the stay is not granted, and
4. Whether the public interest favors granting the stay.

A notice of appeal with petition for stay must be served upon the Board, the Regional Solicitor and the Right of Way applicant (PacifiCorp) at the same time such documents are served on the deciding official at this office. Service must be accomplished within fifteen (15) days after filing in order to be in compliance with appeal regulations. 43 CFR § 4.413(a). At the end of your notice of appeal you must sign a certification that service has been or will be made in accordance with the applicable rules (i.e., 43 CFR §§ 4.410(c) and 4.413) and specify the date and manner of such service.

The IBLA will review any petition for a stay and may grant or deny the stay. If the IBLA takes no action on the stay request within 45 days of the expiration of the time for filing a notice of appeal, you may deem the request for stay as denied, and the BLM decision will remain in full force and effect until IBLA makes a final ruling on the case.

HOW TO FILE AN APPEAL

See the attached Form 1842-1 for complete instructions on Filing an Appeal

BUREAU OF LAND MANAGEMENT

INFORMATION ON TAKING APPEALS TO THE INTERIOR BOARD OF LAND APPEALS

DO NOT APPEAL UNLESS

1. This decision is adverse to you,
AND
2. You believe it is incorrect

IF YOU APPEAL, THE FOLLOWING PROCEDURES MUST BE FOLLOWED

1. NOTICE OF APPEAL	A person who wishes to appeal to the Interior Board of Land Appeals must file in the office of the officer who made the decision (not the Interior Board of Land Appeals) a notice that he wishes to appeal. A person served with the decision being appealed must transmit the <i>Notice of Appeal</i> in time for it to be filed in the office where it is required to be filed within 30 days after the date of service. If a decision is published in the FEDERAL REGISTER, a person not served with the decision must transmit a <i>Notice of Appeal</i> in time for it to be filed within 30 days after the date of publication (43 CFR 4.411 and 4.413).
2. WHERE TO FILE	
NOTICE OF APPEAL.....	U.S. Department of the Interior, Bureau of Land Management Grants Pass Interagency Office 2164 NE Spalding Grants Pass, OR 97526
WITH COPY TO SOLICITOR...	U.S. Department of the Interior Office of the Regional Solicitor, Pacific Northwest Region 805 S.W. Broadway, Suite 600 Portland, OR 97205
3. STATEMENT OF REASONS	Within 30 days after filing the <i>Notice of Appeal</i> , file a complete statement of the reasons why you are appealing. This must be filed with the United States Department of the Interior, Office of Hearings and Appeals, Interior Board of Land Appeals, 801 N. Quincy Street, MS 300-QC, Arlington, Virginia 22203. If you fully stated your reasons for appealing when filing the <i>Notice of Appeal</i> , no additional statement is necessary (43 CFR 4.412 and 4.413).
WITH COPY TO SOLICITOR.....	U.S. Department of the Interior Office of the Regional Solicitor, Pacific Northwest Region 805 S.W. Broadway, Suite 600 Portland, OR 9720
4. ADVERSE PARTIES	Within 15 days after each document is filed, each adverse party named in the decision and the Regional Solicitor or Field Solicitor having jurisdiction over the State in which the appeal arose must be served with a copy of: (a) the <i>Notice of Appeal</i> , (b) the Statement of Reasons, and (c) any other documents filed (43 CFR 4.413).
5. PROOF OF SERVICE	Within 15 days after any document is served on an adverse party, file proof of that service with the United States Department of the Interior, Office of Hearings and Appeals, Interior Board of Land Appeals, 801 N. Quincy Street, MS 300-QC, Arlington, Virginia 22203. This may consist of a certified or registered mail "Return Receipt Card" signed by the adverse party (43 CFR 4.401(c)).
6. REQUEST FOR STAY	Except where program-specific regulations place this decision in full force and effect or provide for an automatic stay, the decision becomes effective upon the expiration of the time allowed for filing an appeal unless a petition for a stay is timely filed together with a <i>Notice of Appeal</i> (43 CFR 4.21). If you wish to file a petition for a stay of the effectiveness of this decision during the time that your appeal is being reviewed by the Interior Board of Land Appeals, the petition for a stay must accompany your <i>Notice of Appeal</i> (43 CFR 4.21 or 43 CFR 2801.10 or 43 CFR 2881.10). A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the <i>Notice of Appeal</i> and Petition for a Stay must also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor (43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted. Standards for Obtaining a Stay. Except as otherwise provided by law or other pertinent regulations, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards: (1) the relative harm to the parties if the stay is granted or denied, (2) the likelihood of the appellant's success on the merits, (3) the likelihood of immediate and irreparable harm if the stay is not granted, and (4) whether the public interest favors granting the stay.

Unless these procedures are followed, your appeal will be subject to dismissal (43 CFR 4.402). Be certain that **all** communications are identified by serial number of the case being appealed.

NOTE: A document is not filed until it is actually received in the proper office (43 CFR 4.401(a)). See 43 CFR Part 4, Subpart B for general rules relating to procedures and practice involving appeals.

(Continued on page 2)

43 CFR SUBPART 1821--GENERAL INFORMATION

Sec. 1821.10 Where are BLM offices located? (a) In addition to the Headquarters Office in Washington, D.C. and seven national level support and service centers, BLM operates 12 State Offices each having several subsidiary offices called Field Offices. The addresses of the State Offices can be found in the most recent edition of 43 CFR 1821.10. The State Office geographical areas of jurisdiction are as follows:

STATE OFFICES AND AREAS OF JURISDICTION:

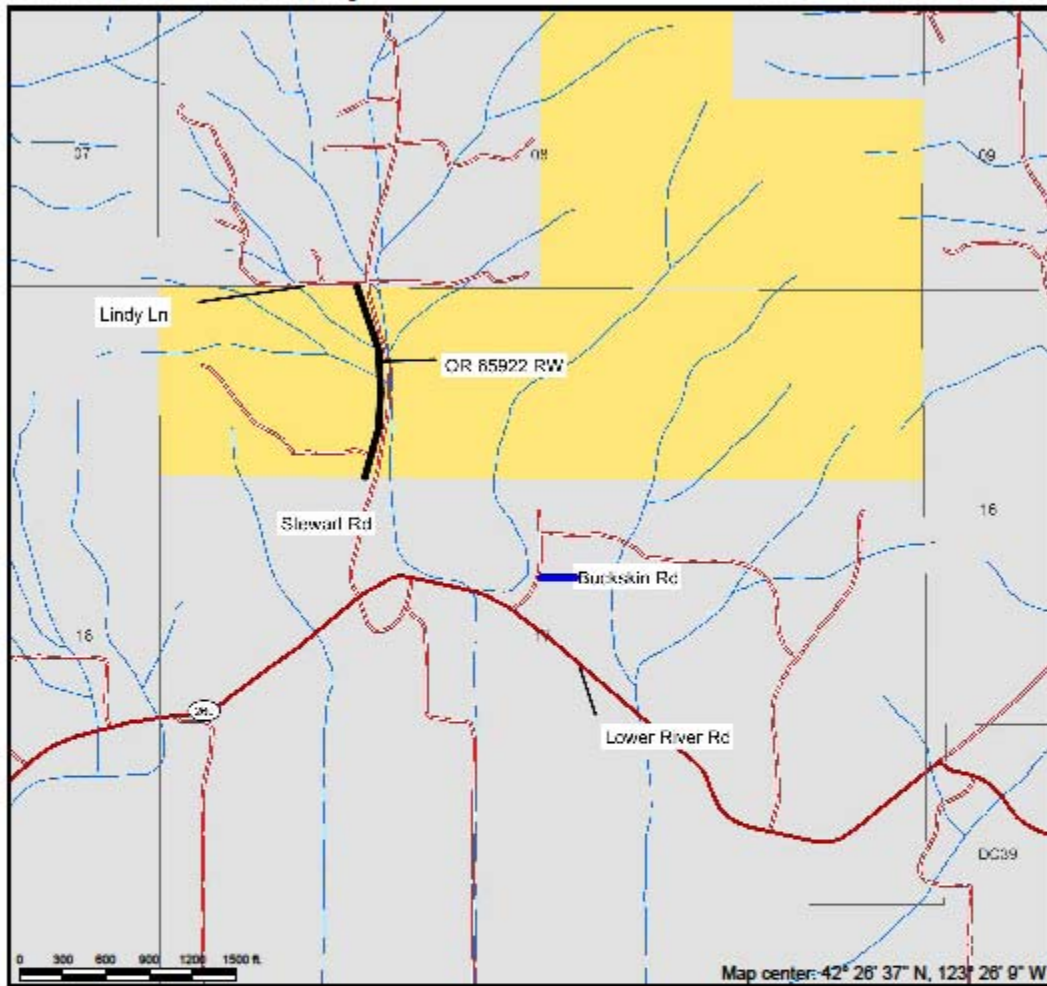

Alaska State Office ----- Alaska
Arizona State Office ----- Arizona
California State Office ----- California
Colorado State Office ----- Colorado
Eastern States Office ----- Arkansas, Iowa, Louisiana, Minnesota, Missouri
and, all States east of the Mississippi River
Idaho State Office ----- Idaho
Montana State Office ----- Montana, North Dakota and South Dakota
Nevada State Office ----- Nevada
New Mexico State Office ---- New Mexico, Kansas, Oklahoma and Texas
Oregon State Office ----- Oregon and Washington
Utah State Office ----- Utah
Wyoming State Office ----- Wyoming and Nebraska

(b) A list of the names, addresses, and geographical areas of jurisdiction of all Field Offices of the Bureau of Land Management can be obtained at the above addresses or any office of the Bureau of Land Management, including the Washington Office, Bureau of Land Management, 1849 C Street, NW, Washington, DC 20240.
