I can not wait to ride the trails [REDACTED] is working on in Rogue River. I am happy he has pursued it and is making it happen. Let me know what I can do to support it.
The tourist benefit is huge, I own [REDACTED] and give people maps and directions all the time. a another set of trails in the valley is much needed.

Medford BLM and Trish Lindeman;

I am pleased to hear about a new mountain bike and hiking trail that is being proposed in the Rogue River vicinity. Having lived in this Valley most of my life, I am always glad to see new recreational opportunities. Also, as a member of the Rogue River Chamber of Commerce, it always seems that recreational projects often benefit the community as a whole economically. I am fully in support of this plan, and am looking forward to hear the details as this project hopefully moves along through the process of approval and construction.

Sincerely;

Dear Ms Lindeman:

The Mountain of the Rogue Trail Project is important to the Rogue River area. We are a rural area with many mountain bikers, runners, hikers, and trail runners. Your assistance can make this possible and help our community in a meaningful way. Amenities such as this project does much to benefit our economy and create a positive image for Rogue River.

We appreciate your help and your time, and thank you for making this project possible.

Best,

[REDACTED]

Hello,

I am excited to hear about the Mountain of the Rogue Trail Project. We have numerous mountain bikers, trail runners, and hikers in our community (me included) that would love to have more recreational options close to home. I also believe this project will benefit our local economy and help put Rogue River on the map for all the right reasons.

Thanks for helping make this possible,

Two thumbs up for the Mountain of the Rogue Trail Project! As a local business owner and avid mountain biker I am excited about the benefits this project offers our community.

In addition to the direct benefits this project brings to area residents, I believe a trail system like this will draw people from all over Oregon and Northern California to the Rogue River area who love riding, hiking, and running on trails. These visitors help our local economy (hotels/B&B's/campgrounds, restaurants, local retailers, and more), improve home values, bring more visitors to our neighbors at Valley of the Rogue Park, and put Rogue River on the map in a positive way.

I believe the Mountain of the Rogue Trail Project models the best-case use of public lands. You have my full support.

I also believe this project will benefit our local economy and help put Rogue River on the map for all the right reasons.

Here's why I support a trail system on BLM land in Rogue River:

- *Sustainable: built and maintained to last without unnecessary erosion
- *Multi-use: hikers, bikers, runners and anyone out to take in a beautiful view
- *Supports local businesses through tourism
- *Makes Rogue River a more desirable place to live which boosts the economy and housing market
- *Provides a means for youth education and opportunities for organized sport and recreation activity
- *Promotes and supports the Greenway project
- *Demonstrates responsible and legal use of public lands

Thanks for helping make this possible,

Hi there. [REDACTED] with the Rogue Valley Mountain Bike Association. We will be providing a letter of support for The Mountain of The Rogue trail system soon. We would also like to provide the scoping information to our members through social media and our website. Is there a weblink available with the scoping information that we can share ?

Regards,

I received your notification of the proposed bike trail. Trouble is, the map is confusing. Is this trail going to go along E. Evans Creek? I would like to see it on a regular map. My property backs up to BLM land. Yes, I'd like future mailings on this project and my questions answered, if possible.

Thank you.

I'm pleased to receive the information that there may be more trails to ride, hike and run on close to home. From what I can gather from the proposed project it looks like a great use of the space.

Thanks to all of the people working to make this project a reality!
