I am excited to hear about the Mountain of the Rogue Trail Project. I would love to have more recreational options in the beautiful Rogue River area. I believe this project will benefit the local economy and I support it.

Thanks for helping make this possible,

[REDACTED]  
Runner

Hello,

Super stoked to here about this added trail system. I'm always looking for new trails for riding my bike on. It's hard to find trails these days that aren't closed off to mountain bikes.

Thanks,

[REDACTED]

I want to express my appreciation for helping to make Mountain of the Rogue Trail a reality. I don't live in Rogue River, but once this trail goes in I plan to utilize it and I think this will be a great revenue enhancement for the city as people will be drawn in.

Thank again for your help.

[REDACTED]

Wow, my husband and I are glad to hear about the proposed local trail here in our Rogue River Valley. That's an incredible idea and we consider the prospect to be a huge asset to our area to enjoy the natural, beautiful wonder's so prevalent here. We also think it will bring visitors which boosts the economy of local businesses. Sure would be a neat, safe way to use our public lands. We are in totally support of this project.

Sincerely,

[REDACTED]  
Rogue River, OR 97537

Hi  
I have lived in the area for almost 40 years.  
I feel the that a trail in the planned area of North river road would be a very good addition.  
This would have a great view from the top, and really show off the beauty of the Rogue River and the surrounding area, and be able to see up Foot creek and Birdseye creek areas.  
I hike and mountain bike both, and this would be closer for family and myself to uses.  
I'm in favor of the trail.  
Thanks for hearing from the locals.  
[REDACTED]

**Attn: Trish Lindeman**

**I recently read an article in the Rogue River Press regarding the trail project in the Earhart/Wards Creek drainages. I would like to see this activity pursued. We do not have many close by activities for our kids and adults to go mountain bike riding and pleasure walking other than the greenway along the river. The river trail is very short for most folks. There are a few good reasons I would like to see this happen. First the people typically involved with this activity are doing it for there health and entertainment. They don't smoke, trash our lands and are usually good stewarts of the land. The trails would provide natural fire trail breaks in the event of another forest fire in the area. I know I fought plenty of fires during my career in Southern Oregon.**

**I know the River Press sounded a little negative about this project according to the article. This may be because of relatives that live in the area.**

**I think providing the correct parking, use rules and even involve users to help maintain the area this project could become a great thing for us.**

**I am a hunter but I don't hunt that area I know others that do during the season. Most of the hunters respect the land and neighbors. The ones that don't usually hear from us respectful hunters. Weekend parties are a problem on BLM lands mainly where they can access the party area by vehicle. In this case the parking lot area will be the spot where issues might occur. Most weekend party sites are up Fielder, Elk Mountain, Elderberry Flats, Savage and Birdseye creek . I think the development of this project on BLM land would be a good use for many. Please consider my comments and if you need to contact me my phone is**

**Thanks**

A friend of mine passed your web sight along to me knowing I would be excited to see the possibility of new trail system in our backyard. As a long time trail runner we are always looking for new options to explore. As you know, currently, there are not many places that we can go without having to drive a significant distance to find decent trails to satisfy our trail running addiction. The property you have identified seems to be perfectly suited for a trail system that could grow over time.

I heartily support and endorse this enterprise, and look forward to seeing it come to fruition.

SUBJECT: Mtn of the Rogue Trail

SUMMARY: ██████ contacted me about the Mountain of the Rogue Trail System through an article that was written in the Rogue River Press. She wanted more details about the project and where it was. She informed me that her property is off East Fork Footh Creek. I told her that the project was across the river from her and not near her property. She told me that she has had issues with motorcycles on her land and didn't want to promote such activities. I informed her that the trail system was mountain bike trail system and that it will be managed by focusing users to specific trails. I also gave her the website for the scoping notice and told her to contact me again if she had any other questions. She had no other issues.

Good morning,

I wanted to send an email in support of the "Mountain of the Rogue Trails" project in Rogue River, Oregon. We are a small community in southern Oregon that includes a large number of active residents. I think the addition of the trails would be a great use of BLM land that would see a good amount of use from hikers and mountain bikers. It could also be a destination site bikers and hikers throughout the Oregon since we have some of the best weather in the state.

Thanks for your consideration.
