Dear Ms. Lindaman and Mr. McDaniel,

I read with interest the recent newspaper article about a new trail being planned in the Tin Pan Peak/Rogue River area. I would strongly urge that the new trail be planned to accommodate hikers and horseback riders as well as mountain bikers. Horseback riders in particular have lost access to some favorite trails in recent times and more trails are needed for EVERYONE to enjoy. As a horse owner and member of a horse club, I would like to point out that our members are very aware of and courteous about trail maintenance and safety and often attend work parties to help with trail maintenance. Please do not make plans for new trails or revisions to old trails without considering the needs and enjoyment of horseback riders as well as hikers and bikers. I love to see my tax dollars at work, but would also love to use the trails created for my favorite activity--horseback riding!

Thank you for your consideration.

Trish

I just looked the Mountain of the Rogue Trail notice. I'm very much in favor of the trails, and look forward to enjoying them with friends!

Thanks!!!

Hello!

I was really glad to receive the information regarding the "mountain of the rogue" trail. I am a long time mountain biker who lives near the foots creek area. I travel to Applegate, Taylor Creek or Mt. Ashland area for trail riding currently. Having a responsibly constructed local riding area would be so nice! (Gas ain't cheap these days) More than that I believe that creating opportunities for families and friends to get out and enjoy our beautiful environment is a very noble cause. We need to counteract the negatives in our society by making more places to have positive experiences.

Thank you for the work you are doing on this project. We really hope it will become a reality. If there is anything we the public can do to help, please let us know!

Nick,

Just a note for my support of the Mountain of the Rogue Trail Project. It would be nice to have more mountain bike trails locally.

I would be interested in helping make this project a reality and would like to receive future mailings and project information.

Thanks,

Dear Trish Lindaman;

I am writing to show my support for the proposed Mountain of the Rogue Trail Project. I have lived in Grants Pass for the past two years where I work as a veterinarian. I use our local trails as a hiker, mountain biker and horseback rider. It would be great to have another close trail system besides Cathedral and Bolt Mountain without going as far as the Taylor Creek trail system, Talent or Ashland. I was especially excited to hear about the prospect of a new trail intended mostly for mountain bikers. Having options for non-shared use trails is a great way to reduce potential user conflict and build a fun trail that is tailored to non-motorized bikes in particular.

It is an exciting idea to start a trail in this location where there is room for expansion over time and as funds/labor allows. It is also heartening that the plans are geared towards being sustainable and take environmental impact into account. The location seems accessible and promising for fun trails.

Thank you for striving to provide more trails in the Rogue Valley and I do think that a mountain bike/hiking trail will be greatly used and appreciated.

Trish and Nick,

I'm writing to express my support for the Mountain of the Rogue Trail Project. I feel this is a great and much needed additional to the MTB options in Southern Oregon. Please include me in any additional steps that need to be made in order to get this project fully developed.

Thanks for your time,

Hello Trish,

I am writing to respond to a recent post on Facebook concerning a new Rogue River trail system. I am an avid horsewoman who rides trails and have been willing to show up to clear and maintain them as well. So I would like to request, strongly, that any new trail system include HORSES as part of your overall plan.

It was suggested that there was no interest from horse people concerning more trails, but I have attended trail management meetings in the past (concerning other projects) and would have made my voice heard if I had known about this plan to add trails on the Rogue River (I am fairly new to the area).

We equestrians are as in need of new and fun trails to ride as hikers and bikers, and we would like to be included in any future plans for BLM trails. Please let me know if you need anything more from me concerning my feedback about the new trail system. I would be happy to correspond more or do more to make sure this takes place.

Thank you,

[REDACTED]

Hello,

It would be great to include horses in the planning of the Rogue River area trail!

There are many riders that use the Cathedral Hills trail system in Grants Pass, and undoubtedly many riders would also use a trail system in Rogue River.

Please include trails for horses!

Thank you for your consideration.

██████████	Adjacent landowner	██████████

SUBJECT: Mtn of the Rogue Trail

SUMMARY: ██████████ left a message on my work phone. She is concerned about trails behind her property on ██████████. She said that they purchased a parcel of land behind their house for privacy and hopes that we do not build the trail behind this parcel. She expects that if we do build the trail near her property that she wants a fence built between her property and the trail.
