Briefing Checklist

Welcome to COFMS (Central Oregon Fire Management Service)! We are happy to have you and wish to provide you a comfortable and enjoyable experience during your stay in Central Oregon. The intent of this document is to adequately provide information needed for safe and efficient fire assignment, as well as provide you with helpful information about the local area.

COFMS is an interagency fire organization comprised of the Prineville District of the BLM and the Deschutes and Ochoco National Forests. The Crooked River National Grassland is also included and is managed as part of the Ochoco National Forests.

Area Description:

Public lands in Central Oregon are widely scattered. The Prineville BLM district boundary encloses approximately 12.7 million acres between the Columbia River to the north, south of the town of Crescent in Klamath County to the south, the Cascade crest on the west, and near the town of John

Day at the eastern boundary. Within that broad area, the two forests and BLM holdings total nearly 4 million acres. Several other federal land management partners have extensive holdings as well within that 12.7 million acres, including portions of the Umatilla and Malheur National Forests, and the Warm Springs Reservation, and the National Park Service and Bureau of Reclamation manage smaller areas.
