

High Desert Special Recreation Management Area

JUNIPER WOODLANDS RECREATION AREA

WELCOME TO THE JUNIPER WOODLANDS RECREATION AREA

This portion of the Mayfield Pond Recreation Area is 5,600 acres of open space managed by the Bureau of Land Management, Prineville District. This area is bordered by Alfalfa Market Road to the North, Dodds and Bear Creek Roads to the South, Dodds Road to the East, and Bennett Road to the West. This area has been planned to accommodate non-motorized recreation including equestrians, hikers, and bikers. The long term goal for the area is to develop a full trail system for equestrian and other non-motorized trail use while improving wildlife habitat. People looking for a motorized recreation experience are encouraged to travel east on Alfalfa Market Road to the Millican Plateau Off Highway Vehicle Area. Contact the Prineville District BLM for more information at (541) 416-6700.

This area of old growth juniper woodland and open shrub-steppe grassland is valuable to wildlife providing food, cover, and connectivity to areas such as Oregon Badlands Wilderness, Reynolds Pond, and Mayfield Pond. Wildlife such as mule deer, elk, pronghorn, hawks, and eagles migrate through and use this area.

There are private parcels within and adjacent to the recreation area. Please enjoy this area, respect the motorized vehicle closure, and be a good neighbor to those that live adjacent to these public lands. Legal hunting is allowed in the area, however, target shooting is prohibited.
