

BLM Prineville District

Opens: May 1

Closes: November 30

MILLICAN ROAD JUNIPER

YOU CAN CUT AND REMOVE: Only down juniper that has already been felled. DO NOT CUT standing live or dead trees, or branches from standing trees.

AREA DESCRIPTION: The down trees were cut (thinned) in spring of 2016. The wood supply is limited and may become depleted by late summer. Call the BLM at 541-416-6700 for woodcutting area updates. The remaining old-growth juniper trees (some over 1,000 years old) in this area have special habitat and aesthetic values. Please help us protect these old trees and the wildlife that live there by following the rules and immediately reporting any illegal cutting activity to BLM, County or State law enforcement. Please respect adjacent private property by not trespassing.

OFF-ROAD ACCESS IS ALLOWED, but live trees and other vegetation may not be cut to create access to firewood.

DIRECTIONS: From Bend, take Highway 20 east, turn left (north) on Powell Butte Hwy, turn right on Alfalfa Market Rd to Millican Rd. Turn left on Millican Rd. Go north about 8 miles. The south firewood area is on the left. From Prineville or Redmond: turn south off Hwy 126 at Millican Rd (across from the Prineville Airport, 3 miles west of Prineville). Go south on Millican Rd for 4.7 miles. The north firewood area is on the left.
