BLM CAMPGROUND HOSTS NEEDED

Roseburg, OR -The Roseburg District of the Bureau of Land Management is seeking campground hosts for the 2010 camping season.

There are currently host openings at Susan Creek Campground, Scaredman Campground, and for roving hosts. Roving hosts fill in as needed in all eight campgrounds and will have a varied work schedule.

Susan Creek and Scaredman hosts will work a regular schedule and are asked to attend Host Training in early April. Susan Creek is open April 16 through October 25 and Scaredman is open generally from mid-May through late-September, weather permitting.

Hosts receive a site with full hook-ups and a small subsistence payment in return for their work in the campground. Duties include cleaning restrooms and showers, greeting visitors and answering questions, cleaning campsites and fire rings, and stocking brochure racks.

For additional information, please contact the Roseburg BLM office at 440-4930.

BLM -- The BLM manages more land – 258 million surface acres – than any other Federal agency. Most of this public land is located in 12 Western states, including Alaska. The BLM, with a budget of about \$1.8 billion, also administers 700 million acres of sub-surface mineral estate throughout the nation. The BLM's multiple-use mission is to sustain the health and productivity of the public lands for the use and enjoyment of present and future generations. The BLM accomplishes this by managing such activities as outdoor recreation, livestock grazing, mineral development, and energy production, and by conserving natural, historical, and cultural resources on the public lands.
