Trail Improvements to Take Place on North Umpqua Trail

Roseburg, Oregon. The Roseburg District Bureau of Land Management will begin trail improvements along the Tioga segment of the North Umpqua Trail beginning August 9 through August 11, 2011.

The trail work will take place along the Tioga segment of the North Umpqua Trail between mile post 1 and Fern Falls.

The trail will remain open during improvements. During active trail maintenance, an on-site BLM guide will be available to direct travel through the work site. Significant delays may be experienced. Equestrians are advised to avoid the Tioga trail segment during this period.

Information about the North Umpqua Trail can be found at:

###

The BLM manages more land – 245 million surface acres – than any other Federal agency. This land, known as the National System of Public Lands, is primarily located in 12 Western States, including Alaska. The Bureau, with a budget of about \$1 billion, also administers 700 million acres of sub-surface mineral estate throughout the nation. The BLM's multiple-use mission is to sustain the health and productivity of the public lands for the use and enjoyment of present and future generations. The Bureau accomplishes this by managing such activities as outdoor recreation, livestock grazing, mineral development, and energy production, and by conserving natural, historical, cultural, and other resources on public lands.
