The timber sale will commence at 10:00 a.m., on Tuesday, July 27, 2010.

AN ENVIRONMENTAL ASSESSMENT was prepared for these sales, and a Finding of No Significant Impact has been documented. These documents are available for inspection as background for this sale at the Roseburg District Office.

THIS TIMBER SALE NOTICE does not constitute the decision document for purposes of protest and appeal of a forest management decision. Consistent with 43 CFR Subpart 5003-Administrative Remedies, the notice of a timber sale, when published as a legal ad in a newspaper of general circulation, shall constitute the decision document for purposes of protest and appeal. Protests may be filed with the Contracting Officer within 15 days after the first publication of the aforementioned decision document in the newspaper. It is anticipated that the decision document will be published in *The News Review* newspaper on or about June 29, 2010. BLM does not warrant publication on this exact date. All parties considering protest of the timber sale decision document are encouraged to review the aforementioned newspaper to ensure accurate knowledge of the exact publication date.

A WRITTEN BID on Form No. 5440-9 at no less than the appraised price on a unit basis per species and the required minimum bid deposit shall be required to participate in oral bidding for each tract.

APPRAISED PRICES are determined by analytical appraisal methods unless otherwise noted on individual timber sale notices.

FOR SET-ASIDE TRACTS, the bidder must not have been determined by the Small Business Administration to be ineligible for preferential award of set-aside sales and must accompany his deposit with a self-certification statement that he is qualified as a small business concern as defined by the Small Business Administration in its regulations, Title 13, Chapter I, Part 121 as amended, of the Code of Federal Regulations. Form No. 5430-1, Self Certification Statement, and SBA Form 723, Small Business Certification Required on All Preferential Sales of Set-Aside Timber, are attached hereto.

THE SUCCESSFUL BIDDER, as a condition of award, will be required to complete and/or sign the following forms:

1. Form No. 1140-6, Independent Price Determination Certificate, a certification that the bid was arrived at by the bidder or offeror independently, and was tendered without collusion with any other bidder or offeror.
2. Form No. 1140-7, Equal Opportunity Affirmative Action Program Representation, for all contracts over \$10,000.
3. Form No. 1140-8, Equal Opportunity Compliance Report Certification.

PRE-AWARD QUALIFICATIONS. The high bidder may be required to furnish information to determine the ability to perform the obligations of the contract. If the high bidder is determined not qualified, responsible or refuses to respond within fifteen (15) days of a request for information pertaining to qualifications, the contract may be offered and awarded for the amount of the high bid to the highest of the bidders who is qualified, responsible, and willing to accept the contract.

A PERFORMANCE BOND in an amount not less than twenty (20) percent of the total purchase price will be required for all contracts of \$2,500 or more, but the amount of the bond shall not be in excess of \$500,000, except when the Purchaser opts to increase the minimum bond as provided in 43 CFR 5451.2. A minimum performance bond of not less than \$500 will be required for all installment contracts less than \$2,500.

LOG EXPORT AND SUBSTITUTION. All timber sales shall be subject to the restrictions relating to the export and substitution of unprocessed timber from the United States in accordance with P.L. 94-165 and 43 CFR 5400 and 5420, as amended.

ADDITIONAL INFORMATION concerning the timber sale tract described herein is available at the above District Office. A copy of the timber sale contract is also available for inspection at the District Office.

THE VOLUMES LISTED herein are estimates only, based on 16-foot taper breaks, which must be taken into consideration if comparisons are made with volume predictions based on other standards. The volumes based on 32-foot taper breaks are shown for comparison purposes. No sale shall be made for less than the total purchase price, without regard to the amount bid per unit, even though quantity of timber actually cut or removed or designated for taking is more or less than the estimated volume or quantity so listed.

INSTALLMENT PAYMENTS may be authorized for sales of \$500 or more. Required installments will be determined by BLM. For sales under \$500,000, installments will not be less than ten (10) percent of the total purchase price. For sales of \$500,000 or more, installment payments shall be \$50,000.

CRUISE INFORMATION:

The Douglas-fir has been cruised using the 3P system to select sample trees. The sample trees have been cruised and their volume computed on form class tables for estimating volume in 16-foot lengths. This volume is then expanded to a total sale volume. A map showing the location of these sample trees is available at the Roseburg District Office.

The volume of all other species has been determined by individual tree measurements using a 100% cruise.

With respect to merchantable trees of all species: the average tree is 12.1 D.B.H.O.B., the average log contains 39 bd. ft., the total gross volume is approximately 3019 M bd. ft., and 97% recovery is expected. Approximately 0% of the above volume is salvage material.

CUTTING AREA: An area of approximately 247 acres in 6 units are to be thinned and approximately 2 acres of right-of-way are to be clearcut.

TIMBER ACREAGE:

Area 1: 27 acres	Area 5: 32 acres
Area 2: 58 acres	Area 6: 86 acres
Area 3: 9 acres	R/W: 2 acres
Area 4: 35 acres	

ACCESS: Access to the sale area is provided by Government, County, and Privately controlled roads.

DIRECTIONS TO SALE AREA: To reach the sale area in Sections 23, 27, & 33, T. 25 S., R. 3 W., W.M., go east from Roseburg on State Highway 138 (North Umpqua Highway) through the towns of Glide and Idleyld Park. Turn left at the junction of County Road 78 (Rock Creek Access Road) and proceed approximately 2.2 miles to the junction of 25-3-36.0 Road. At the junction follow the Exhibit D map to the sale area.

ROAD MAINTENANCE: Maintenance and rockwear fees of \$16,346.81 will be required to be paid to the BLM.

ROAD CONSTRUCTION: Estimates include the following: construct 24+40 stations, renovate 135+35 stations, and decommission 82+20 stations of road. Additional information is available in Exhibit C of the Timber Sale Contract.

DURATION OF CONTRACT will be 36 months for cutting and removal of timber. The contract will contain SPECIAL PROVISIONS regarding: logging; environmental protection; road construction, maintenance and use; fire prevention and control; slash disposal and site preparation; log exports; and non-segregated facilities. Log scaling may be required under the terms of this contract.

NOTES:

1. A revised Special Provision has been added to the contract which enables the Contracting Officer to suspend the contract to facilitate protection of certain plant or animal species, and /or to modify or terminate the contract when necessary to: (1) Comply with the Endangered Species Act, or; (2) Comply with a court order, or; (3) Protect species which were identified for protection through survey and manage and/or protection buffer standards and guidelines established in the ROD and RMP.

This contract provision limits the liability of the Government to the actual costs incurred by the Purchaser which have not been amortized by timber removed from the contract area.

2. Yarding of log lengths greater than forty-two (42) feet will not be permitted.
3. Directional falling away from or parallel to property lines, unit boundaries, roads, retention trees and snags will be required. Directional falling away from or parallel to reserve areas and riparian buffers will be required for all trees cut within 100 feet of these areas.
4. In the cable yarding areas, a skyline logging system with lateral yarding and multi-span capability will be required. One-end suspension of logs will be required. Cable yarding will not be permitted in or through reserve areas or riparian buffers.
5. A harvester/forwarder system, tractor, rubber-tired skidder, or track-mounted log loader may be used in the areas designated for ground-based yarding. Ground-based yarding is generally permitted between May 15 and October 15, both days inclusive. Minor and incidental ground-based yarding may be permitted in limited portions of the cable yarding areas; ground-based yarding seasonal restrictions apply, and the locations involved and equipment used must be approved by the Authorized Officer.
6. Unsurfaced roads used for more than a single season or which must over-winter prior to decommissioning will be winterized in accordance with Exhibit C.
7. All equipment used in road construction and/or yarding operations will be cleaned and inspected for noxious weed or non-native seed prior to initial move-in on BLM lands.
8. Slash disposal and site preparation requirements consist of the following: piling and covering slash and debris within fifty (50) foot radius of landings and other locations designated by the Authorized Officer.
9. This contract contains provisions for the sale and removal of additional timber necessary to facilitate safe and efficient Purchaser operations. It is estimated that approximately 146 MBF of such additional timber would be removed under the contract, but is not included in the advertised sale volume.

10. Spurs 1, 3, and Rd. No. 25-3-33.8 may be rocked at Purchaser expense in order to extend the logging operations season and then must be blocked and water barred when harvest is complete.
11. Seasonal restrictions on operations apply (see attached Seasonal Restriction Matrix and Exhibit E). Surveys will continue for the Northern Spotted Owl in Harvest Areas 4 and 6 where seasonal restrictions will apply between March 1 and July 15 of each calendar year, both days inclusive. Surveys for the Northern Spotted Owl have been conducted and the sale area is currently unoccupied in harvest areas 2, and 5 where the 65-yard seasonal restriction is lifted until March 1, 2012 but will be re-applied after that date.
12. Cable yarding operations in Harvest Areas 2, 3, 4 and portions of Areas 1 and 6 will be available for winter logging from rocked roads.

Notice to Bidders

On December 17, 2009, the District Court for the District of Western Washington issued an Order in the lawsuit over the 2007 Records of Decision (RODs) to remove the Survey and Manage Mitigation Measure Standards and Guidelines within the Range of the Northern Spotted Owl. In the Order the Court made its ruling related to National Environmental Policy Act (NEPA) claims, finding multiple inadequacies in the 2007 Final Supplement to the 2004 Supplemental Environmental Impact Statement (2007 Final Supplement) on which the 2007 RODs are based.

The Court acknowledged that there remain substantive issues beyond the NEPA claims before the court for which resolution is likely to affect the appropriate remedy. The Court declined to address remedy at the time of issuing the Order and requested parties confer about appropriate case management in light of the Order and submit briefing schedules. There is still ongoing litigation related to the 2007 RODs and remedy is yet to be determined.

The BLM will proceed to offer for bid Tract No. 10-14, Old Crow Commercial Thinning. Although it is not known at this time what the remedy associated with the December 2009 Order will be, this notice is given to advise all bidders that significant delays may occur before award of the sale or before any operations may be undertaken on this tract, and it is possible the sale may never be awarded. Operations may also be suspended after on-site activity has begun.

To ensure that this notice is understood, the high bidder for this tract will be required to acknowledge receipt of a copy of this notice.

ACKNOWLEDGEMENT

I acknowledge receipt of a copy of this notice and understand that because of the December 2009 Order, any decision to award Tract No. 10-14, Old Crow Commercial Thinning, may be significantly delayed, or operations suspended, and that the United States has authority under 43 CFR § 5442.3 to reject all bids if this is found to be in the interest of the Government.

3. **INSPECTION OF TIMBER/VEGETATIVE RESOURCES** — Bidder is invited, urged, and cautioned to inspect the timber/vegetative resource prior to submitting a bid. By executing the timber/vegetative resource sale contract, bidder warrants that the contract is accepted on the basis of his examination and inspection of the timber/vegetative resource and his opinion of its value.

4. **DISCLAIMER OF WARRANTY** — Government expressly disclaims any warranty of the fitness of the designated timber/vegetative resource for any purpose of the bidder; all timber/vegetative resources are to be sold "As Is" without any warranty of merchantability by Government. Any warranty as to the quantity or quality of timber/vegetative resource to be sold is expressly disclaimed by Government.

5. **BIDS** — Sealed or written bids for not less than the advertised appraised price, per timber/vegetative resource must be submitted in duplicate to the District Manager who issued *Timber/Vegetative Resource Sale Notice*.

(a) **Sealed Bid Sales** — Bids will be received until time for opening which is set out in the Notice. Enclose both copies of bid with required bid deposit in a sealed envelope marked on the outside *Bid for Timber/Vegetative Resource*, time bid is to be opened, tract number, and legal description of land on which timber/vegetative resource is located. In event of a tie, the high bidder shall be determined by lot from among those who submitted the tie bids.

No oral bid will be considered which is not higher than the preceding bid. In the event there is a tie in high written bids, and no oral bidding occurs, the bidder who was the first to submit his bid deposit and written bid shall be declared the high bidder. If the officer conducting the sale cannot determine who made the first submission of high tie written bids, the high bidder shall be determined by lot. High bidder must confirm his bid, in writing, immediately upon being declared high bidder.

(c) Except as otherwise provided in 43 CFR 5442.2, bids will not be considered in resale of timber/vegetative resource remaining from an uncompleted contract from any person or affiliate of such person who failed to complete the original contract because of (1) cancellation for the purchaser's breach or (2) through failure to complete payment by expiration date.

(d) When it is in the interest of the Government to do so, it may reject any and all bids and may waive minor deficiencies in bids or in sale advertisement.

(b) **Timber Scale Sales** — Bids must state price per thousand board feet that will be paid for each species. High bidder will be determined by multiplying bid price per thousand board feet per species by Bureau of Land Management estimate of volume of each species. 8. **AWARD OF CONTRACT** — Government may require high bidder to furnish such information as is necessary to determine the ability of bidder to perform the obligation of contract. Contract will be awarded to high bidder, unless he is not qualified or responsible or unless all bids are rejected. Such increase must be on a bond rider form supplied by Government and be approved, in writing, by Government prior to cutting timber covered by the bond increase. This increased amount of bond shall be used to assure payment for timber cut in advance of payment.*

11. **PAYMENT BOND** — If purchaser elects to (a) cut and remove timber, or (b) remove timber already cut which has been secured by an increased performance bond as provided in paragraph 10(b) above, before payment of the second or subsequent installments, Government shall require a payment bond on a form supplied by Government. Purchaser shall obtain written approval from Government of payment bond prior to cutting and/or removal of timber covered by the bond. Payment bond shall be used to assure payment for timber cut and/or removed in advance of payment.*

12. **PAYMENT OF PURCHASE PRICE** — For sales of \$500 or more, Government may allow payment by installments. Except as discussed in paragraphs 10 and 11 above, no part of any timber/vegetative resource sold may be severed, cut, or removed unless advance payment has been made as provided in contract.
