For release: July 5, 2012  
Release No: OR-100-2012-013

Contact: Cheyne Rossbach (541) 464-3245

## BLM to Perform Road Maintenance on Rock Creek Road

**Roseburg, Ore.** – The BLM will begin road maintenance along Rock Creek Road, six miles east of Glide, Ore - July 16 through September 15, 2012.

The road work will involve repairs to the road shoulders and reinforcement of areas showing risk of slide.

During active road work the road may be closed for up to two hours. Members of the public wishing to take an alternate route can access areas on Rock Creek by taking the Canton Creek road that will remain open to public access.

Signs indicating construction work will be posted at the junction of Rock Creek Road and Highway 138.

**About the BLM:** The BLM manages more than 245 million acres of public land – the most of any Federal agency. This land, known as the National System of Public Lands, is primarily located in 12 Western states, including Alaska. The BLM also administers 700 million acres of sub-surface mineral estate throughout the nation. In Fiscal Year (FY) 2011, recreational and other activities on BLM-managed land contributed more than \$130 billion to the U.S. economy and supported more than 600,000 American jobs. The Bureau is also one of a handful of agencies that collects more revenue than it spends. In FY 2012, nearly \$5.7 billion will be generated on lands managed by the BLM, which operates on a \$1.1 billion budget. The BLM's multiple-use mission is to sustain the health and productivity of the public lands for the use and enjoyment of present and future generations. The Bureau accomplishes this by managing such activities as outdoor recreation, livestock grazing, mineral development, and energy production, and by conserving natural, historical, cultural, and other resources on public lands.
