Restroom Facility Closed at Susan Creek

Roseburg, OR – The restroom facility located at the Susan Creek Day-Use Area, 28 miles east of Roseburg on Highway 138, will be closed until further notice.

A recent failure of the septic system has made this closure necessary. Repairs will begin as soon as weather conditions allow and it is unknown at this time how long this closure will last. Visitors to the area may still use the vault toilet across the street at the Susan Creek Falls Trailhead.

For further information, please contact Cheyne Rossbach at (541) 464-3245

###

The BLM manages more land – more than 245 million acres - than any other Federal agency. This land, known as the National System of Public Lands, is primarily located in 12 Western states, including Alaska. The Bureau, with a budget of about \$1 billion, also administers 700 million acres of sub-surface mineral estate throughout the nation. The BLM's multiple-use mission is to sustain the health and productivity of the public lands for the use and enjoyment of present and future generations. The Bureau accomplishes this by managing such activities as outdoor recreation, livestock grazing, mineral development, and energy production, and by conserving natural, historical, cultural, and other resources on public lands.

Come join the Oregon/Washington BLM on Facebook, Twitter, YouTube, and Flickr for the latest on outdoor opportunities, videos of your public lands, spectacular photos, and a whole lot more!
