## Buck Springs Road Closed to Through Traffic

*Roseburg, Ore.* – The Bureau of Land Management, Roseburg District, has issued a closure of the Buck Springs Road, located three miles south of Camas Valley, OR, due to unstable road conditions caused by heavy rains.

The unstable road segment is located on road 29-8-29.2, near mile post 4, located at:

T. 30S, R. 08W, Section 04.

“The heavy rains we have received over the past several days have had impacts on the road network,” said Steve Lydick, South River Field Manager. “Our engineers have indicated a section of Buck Springs Road has dropped about a foot at present. For public safety we will be temporarily closing the road to through traffic until further notice.”

For further information or questions about the road closure, please contact Cheyne Rossbach, Public Affairs Specialist at (541) 579-0648.

**The BLM manages more than 245 million acres of public land, the most of any Federal agency. This land, known as the National System of Public Lands, is primarily located in 12 Western states, including Alaska. The BLM also administers 700 million acres of sub-surface mineral estate throughout the nation. The BLM's mission is to manage and conserve the public lands for the use and enjoyment of present and future generations under our mandate of multiple-use and sustained yield. In Fiscal Year 2014, the BLM generated \$5.2 billion in receipts from public lands.**
