Road Closure Due to Culvert Replacement

Roseburg, Ore. – The Roseburg District, Bureau of Land Management will close road 24.4.22 near Gossett Creek, eight miles Northeast of Oakland, Oregon. The closure will begin on August 15, and will continue through August 19, 2016, to complete replacement of a failing culvert.

Culvert replacement will include installation of fish weirs and streambed simulation throughout the culvert to assist in fish passage.

During the culvert replacement, the road will be impassable to traffic. The public is advised to seek alternate routes during this time. A map of the culvert location is included with this release.

Additional information about the BLM's fisheries program is available online at:

-BLM-

The BLM manages more than 245 million acres of public land, the most of any Federal agency. This land, known as the National System of Public Lands, is primarily located in 12 Western states, including Alaska. The BLM also administers 700 million acres of sub-surface mineral estate throughout the nation. The BLM's mission is to sustain the health, diversity, and productivity of America's public lands for the use and enjoyment of present and future generations. In Fiscal Year 2015, the BLM generated \$4.1 billion in receipts from activities occurring on public lands.
