DEPARTMENT OF THE INTERIOR
BUREAU OF LAND MANAGEMENT
777 NW Garden Valley Blvd.
Roseburg, Oregon 97471

Date: June 23, 2009

TIMBER SALE NOTICE

NOTICE IS HEREBY GIVEN that the Bureau of Land Management will offer for sale timber as described herein for oral auction, pursuant to Instructions to Bidders, as stated on Form No. 5440-9 and subject to Notice of Requirement for Certification of Nonsegregated Facilities, Form No. 1140-4, attached. Written and oral bids will be received by the District Manager, or his representative, at 777 NW Garden Valley Blvd., Roseburg, Oregon 97471. The timber sale will commence at 10:00 a.m., on Tuesday, July 21, 2009.

AN ENVIRONMENTAL ASSESSMENT was prepared for these sales, and a Finding of No Significant Impact has been documented. These documents are available for inspection as background for this sale at the Roseburg District Office.

THIS TIMBER SALE NOTICE does not constitute the decision document for purposes of protest and appeal of a forest management decision. Consistent with 43 CFR Subpart 5003-Administrative Remedies, the notice of a timber sale, when published as a legal ad in a newspaper of general circulation, shall constitute the decision document for purposes of protest and appeal. Protests may be filed with the Contracting Officer within 15 days after the first publication of the aforementioned decision document in the newspaper. It is anticipated that the decision document will be published in *The News Review* newspaper on or about June 23, 2009. BLM does not warrant publication on this exact date. All parties considering protest of the timber sale decision document are encouraged to review the aforementioned newspaper to ensure accurate knowledge of the exact publication date.

A WRITTEN BID on Form No. 5440-9 at no less than the appraised price on a unit basis per species and the required minimum bid deposit shall be required to participate in oral bidding for each tract. Since bidding on minor species usually has little effect on the final outcome of a sale and can be disruptive to the bidding process, BLM will accept bids over appraised price for Douglas-fir only.

APPRAISED PRICES are determined by analytical appraisal methods unless otherwise noted on individual timber sale notices.

THE SUCCESSFUL BIDDER, as a condition of award, will be required to complete and/or sign the following forms:

1. Form No. 1140-6, Independent Price Determination Certificate, a certification that the bid was arrived at by the bidder or offeror independently, and was tendered without collusion with any other bidder or offeror.
2. Form No. 1140-7, Equal Opportunity Affirmative Action Program Representation, for all contracts over \$10,000.
3. Form No. 1140-8, Equal Opportunity Compliance Report Certification.

4. Form No. 5430-1 Self Certification Clause

5. Form No. 5450-17, Export Determination.

PRE-AWARD QUALIFICATIONS. The high bidder may be required to furnish information to determine the ability to perform the obligations of the contract. If the high bidder is determined not qualified, responsible or refuses to respond within fifteen (15) days of a request for information pertaining to qualifications, the contract may be offered and awarded for the amount of the high bid to the highest of the bidders who is qualified, responsible, and willing to accept the contract.

A PERFORMANCE BOND in an amount not less than twenty (20) percent of the total purchase price will be required for all contracts of \$2,500 or more, but the amount of the bond shall not be in excess of \$500,000, except when the Purchaser opts to increase the minimum bond as provided in 43 CFR 5451.2. A minimum performance bond of not less than \$500 will be required for all installment contracts less than \$2,500.

LOG EXPORT AND SUBSTITUTION. All timber sales shall be subject to the restrictions relating to the export and substitution of unprocessed timber from the United States in accordance with P.L. 94-165 and 43 CFR 5400 and 5420, as amended.

ADDITIONAL INFORMATION concerning each timber sale tract described herein is available at the above District Office. A copy of the timber sale contract is also available for inspection at the District Office.

THE VOLUMES LISTED herein are estimates only, based on 16-foot taper breaks, which must be taken into consideration if comparisons are made with volume predictions based on other standards. The volumes based on 32-foot taper breaks are shown for comparison purposes. No sale shall be made for less than the total purchase price, without regard to the amount bid per unit, even though quantity of timber actually cut or removed or designated for taking is more or less than the estimated volume or quantity so listed.

INSTALLMENT PAYMENTS may be authorized for sales of \$500 or more. Required installments will be determined by BLM. For sales under \$500,000, installments will not be less than ten (10) percent of the total purchase price. For sales of \$500,000 or more, installment payments shall be \$50,000.

CRUISE INFORMATION

3P (Fall, Buck & Scale & Volume Table Cruise Combined)

The Douglas-fir has been cruised using the 3P system to select sample trees. Part of the sample trees have been felled, bucked and scaled and the remainder have been cruised and their volume computed on form class tables for estimating volume in 16-foot lengths. The sample tree volumes were expanded to a total sale volume.

The volume of all other species has been determined by individual tree measurements using a 100% cruise.

The merchantable trees of all species: the average tree is 11.3" D.B.H.O.B., the average log contains 34 bd. ft., the total gross volume is approximately 1398 M bd. ft., (MBF) and 92 percent recovery is expected.

CUTTING AREA: An area of approximately 128 acres in 5 units is to be partially cut. A right-of-way of 2 acres must be cut.

TIMBER ACREAGE:

ROAD MAINTENANCE: Maintenance and rockwear fees of \$5,251.00 will be required to be paid to the BLM.

ROAD CONSTRUCTION: Estimates include approximately 7.9 stations of road construction and 12.85 stations of road renovation as shown on Exhibit C.

DURATION OF CONTRACT will be 36 months for cutting and removal of timber. The contract will contain SPECIAL PROVISIONS regarding: logging; environmental protection; road construction, renovation, maintenance and use; fire protection; slash disposal; log exporting and Non-segregated Facilities. Log scaling may be required under the terms of this contract.

NOTES:

1. The BLM has revised the log export restrictions special provision to reduce the log branding and painting requirements. The new requirements include branding of one end of all logs with a scaling diameter of over 10 inches. All loads of 11 logs or more, regardless of the diameter of the logs, will have a minimum of 10 logs branded on one end. All logs will be branded on loads of 10 logs or less. One end of all branded logs will be marked with yellow paint. At the discretion of the Contracting Officer, the Purchaser may be required to brand and paint all logs. The purchaser shall bear any increased costs for log branding and painting.
2. A Special Provision is included in the contract which enables the Contracting Officer to suspend the contract to facilitate protection of a certain plant or animal species, and/or to modify or terminate the contract when necessary to comply with the Endangered Species Act or a court order. This contract provision limits the liability of the Government to the actual costs incurred by the Purchaser which may not have been amortized by timber removed from the contract area.
3. This contract contains provisions for the sale and removal of additional timber necessary to facilitate safe and efficient Purchaser operations. These provisions include: (1.) The designation and sale of additional timber, such as corridor and guyline trees, at contract price,

as necessary to facilitate safe and efficient logging. Such trees may be felled and removed when they are painted by the Authorized Officer; (2.) Sale of additional timber volume at current fair market value where the species and/or size of trees are not representative of the forest stand(s) being thinned; (3.) Government reservation of trees previously marked for cutting (replacement) when the Authorized Officer determines that it is necessary in order to maintain stand densities consistent with objectives set forth in management prescriptions; (4.) The use of unilateral modifications executed by BLM for such additional and replacement timber; (5.) Revocation of the Purchaser's right to cut additional timber if the Authorized Officer determines that trees have been cut and removed that were not previously marked and approved for cutting and removal by the Authorized Officer; and, (6.) It is estimated that approximately **65 MBF** of such additional timber may be removed under the contract, but is not included in the advertised sale volume nor was it included in the timber sale appraisal. This estimate is a net figure reduced by the estimate of the volume of trees previously marked for cutting, which the Authorized Officer may elect to reserve.

4. The following seasonal operating restrictions apply to this sale.
 - (a) No road construction or renovation shall be conducted between October 15 of one calendar year and May 15 of the following calendar year, both days inclusive.
 - (b) No timber falling, bucking or yarding shall be conducted on the Contract Area from April 15 to July 15 of each calendar year, both days inclusive, due to bark slip.
 - (c) No timber yarding shall be conducted on those Harvest Areas accessed by temporary roads from October 15 of one calendar year to July 15 of the following calendar year, both days inclusive.

Note: Beginning March 1, 2012, Northern Spotted Owl surveys will be required for all Harvest Areas (if not yet harvested), due to the expiration of the two-year survey protocol.

5. Harvest Areas No. 1, 3, and 4 or portions thereof accessed by rock roads are available as winter logging opportunities and may proceed after October 15th and continue until April 15th (onset of barkslip). Refer to attached seasonal restriction matrix for unit specifics.
6. **The Purchaser will perform all road decommissioning operations.** Decommissioning operations for Spur No. 1 and Road No. 31-4-24.2 will be completed in the same operating season in which they are used for harvest activity and will include waterbarring, seeding, mulching and road blocks.
7. Cable yarding shall be done with a skyline yarding system capable of maintaining one-end suspension of logs, and equipped with a mechanical slack pulling carriage with a minimum of one hundred (100) feet of lateral yarding capability. Yarding corridors will be limited to a maximum width of twenty (20) feet. Spar height cannot exceed forty (40) feet with a maximum power rating of 225 HP.

Note: In Harvest Area No. 3, a larger yarder than described in the special provisions would be permitted to facilitate a yarding distance of approximately 2,300 feet.

8. Cable yarding of all Harvest Areas may require the use of lift trees and/or intermediate support trees.

9. In all Harvest Areas, trees designated for cutting shall be felled, topped, limbed and cut in log lengths not to exceed **forty-one (41) feet prior to being yarded.**
10. To prevent the introduction of noxious weeds to the Contract Area, all logging and road building equipment, **except log trucks**, must be steam cleaned or pressure washed prior to initial move-in or upon return to the sale area if used elsewhere.
11. In the event administrative check scaling is requested by the BLM, the Purchaser must obtain a safe location, to be approved by the Authorized Officer, where logs can be unloaded, rolled out and scaled in accordance with Eastside Scribner Decimal C Rules by BLM scalers or independent scalers contracted to the BLM. The purchase price of the contract shall be reduced accordingly as compensation for delays in log transportation time.
12. Harvest acres shown on Exhibit A are net acres after roads interior to Harvest Area boundaries have been deleted from acreage calculations.
13. Snow removal will be performed by Roseburg BLM upon request by the Purchaser.
14. A License Agreement with Roseburg Resources Co. is required.

By executing the timber/vegetative resource sale contract, bidder warrants that the contract is accepted on the basis of his examination and inspection of the timber/vegetative resource and his opinion of its value.

4. **DISCLAIMER OF WARRANTY** — Government expressly disclaims any warranty of the fitness of the designated timber/vegetative resource for any purpose of the bidder; all timber/vegetative resources are to be sold "As Is" without any warranty of merchantability by Government. Any warranty as to the quantity or quality of timber/vegetative resource to be sold is expressly disclaimed by Government.

5. **BIDS** — Sealed or written bids for not less than the advertised appraised price, per timber/vegetative resource must be submitted in duplicate to the District Manager who issued *Timber/Vegetative Resource Sale Notice*.

In event of a tie, the high bidder shall be determined by lot from among those who submitted the tie bids.

(b) **Auction Sales** — Submission of the required bid deposit and a written bid is required to qualify for oral bidding. Oral bidding shall begin from the highest written bid. No oral bid will be considered which is not higher than the preceding bid. In the event there is a tie in high written bids, and no oral bidding occurs, the bidder who was the first to submit his bid deposit and written bid shall be declared the high bidder. If the officer conducting the sale cannot determine who made the first submission of high tie written bids, the high bidder shall be determined by lot. High bidder must confirm his bid, in writing, immediately upon being declared high bidder.

(c) Except as otherwise provided in 43 CFR 5442.2, bids will not be considered in resale of timber/vegetative resource remaining from an uncompleted contract from any person or affiliate of such person who failed to complete the original contract because of (1) cancellation for the purchaser's breach or (2) through failure to complete payment by expiration date.

(d) When it is in the interest of the Government to do so, it may reject any and all bids and may waive minor deficiencies in bids or in sale advertisement.
