Salem District Office

## Applications for Title II Funding Projects Due

*Salem, Ore.* – The Bureau of Land Management (BLM) is accepting project proposals for Title II funds under the Secure Rural Schools and Community Self-Determination Act of 2000. Project proposals are due August 30, 2012. The Act provides funds to counties that traditionally have been supported by federal timber payments. Title II of the Act makes funds available for a variety of activities that benefit federally-managed lands and resources such as trail maintenance, road maintenance, watershed restoration, control of noxious weeds, and fire protection.

The Salem Resource Advisory Committee (RAC), which is made up of local citizens, will review the applications and recommend which projects to fund.

Applications are available at: <http://www.blm.gov/or/districts/salem/index.php> or at the Salem District Office. Please send applications to Richard Hatfield, Salem RAC Designated Federal Official, 1717 Fabry Rd. SE, Salem, OR 97306.

*About the BLM: The BLM manages more land – 253 million surface acres – than any other Federal agency. This land, known as the National System of Public Lands, is primarily located in 12 Western States, including Alaska. The Bureau, with a budget of about \$1 billion, also administers 700 million acres of sub-surface mineral estate throughout the nation. The BLM's multiple-use mission is to sustain the health and productivity of the public lands for the use and enjoyment of present and future generations. The Bureau accomplishes this by managing such activities as outdoor recreation, livestock grazing, mineral development, and energy production, and by conserving natural, historical, cultural, and other resources on public lands.*
