## **Fire Restrictions Lifted on Fire Rings on BLM Lands in Northwest Oregon**

*Salem, Ore.*— Due to the recent moderation in weather, elevated fire restrictions have been lifted on Bureau of Land Management (BLM) lands in Northwest Oregon. Campfires are allowed in designated metal fire rings administered by the BLM Salem District.

For additional information on fire restrictions:

For additional information about recreation opportunities, please visit the Salem District website: <http://www.blm.gov/or/districts/salem/index.php>.

*The BLM manages more than 245 million acres of public land, the most of any Federal agency. This land, known as the National System of Public Lands, is primarily located in 12 Western states, including Alaska. The BLM also administers 700 million acres of sub-surface mineral estate throughout the nation. The BLM's mission is to manage and conserve the public lands for the use and enjoyment of present and future generations under our mandate of multiple-use and sustained yield. In Fiscal Year 2014, the BLM generated \$5.2 billion in receipts from public lands.*
