## Ivor Davies Wayside and Rosette Basalt Viewpoint Design Plans Available for Public Review

*Salem, Ore.* – The Bureau of Land Management (BLM) invites the public to review and provide comments on designs for improvement at two of the most popular and iconic sites in the Molalla River Recreation Area; the Ivor Davies Wayside and the Rosette Basalt Viewpoint. The purpose of these improvements is to provide safe access, enhance visitor experience, and protect soils and vegetation along the Molalla River. The intent of this workshop style meeting is to present the designs and visual simulations and to hear from stakeholders. The meeting is scheduled for Tuesday, March 8, 2016, from 5:00 to 7:00 pm with a formal presentation starting at 5:30. The meeting will be held at the Molalla Adult Community Center, 315 Kennel Avenue, Molalla, Oregon 97038.

Additional information about the Molalla River-Table Rock Recreation Area Management Plan is available online at: <http://www.blm.gov/or/districts/salem/plans/molalla/>

*\* While individuals may request that the BLM withhold personal identifying information in their written comments from public view, the BLM cannot guarantee it will be able to do so.*

*The BLM manages more than 245 million acres of public land, the most of any Federal agency. This land, known as the National System of Public Lands, is primarily located in 12 Western states, including Alaska. The BLM also administers 700 million acres of sub-surface mineral estate throughout the nation. The BLM's mission is to manage and conserve the public lands for the use and enjoyment of present and future generations under our mandate of multiple-use and sustained yield. In Fiscal Year 2014, the BLM generated \$5.2 billion in receipts from public lands.*
