## Yaquina Head Outstanding Natural Area Annual Passes make great holiday gifts!

Newport, Ore—The Bureau of Land Management's Yaquina Head Outstanding Natural Area reminds local residents and visitors to the Oregon Coast, that the scenery is beautiful and the summer crowds are gone. Winter is a great time of year to enjoy the wildlife, scenery, and the cultural heritage of the area.

The site is open daily from 8 AM until sunset throughout the winter months. The Interpretive Center is open daily, except Christmas Day, from 10 AM to 4 PM and the lighthouse is open for guided or self-guided tours from 12 Noon- 4:00.

There are three annual passes, all valid for twelve months, that can accommodate any gift budget. The passes make great gifts. Any one of the annual passes will give the recipient and their family a great opportunity to get outside and move! Plus, pass holders will enjoy the natural and cultural history of the Oregon Coast year-round.

The Yaquina Head Annual Pass, costing \$15, permits the pass holder and up to eight additional vehicle occupants, entry to Yaquina Head every day of the year. The Oregon Pacific Coast Pass is available for the reduced rate of \$30 (regularly \$35) during the month of December and allows entry for the vehicle and occupants into 15 state and federal parks along the coast. Finally, there is the America the Beautiful National Parks and Federal Recreation Lands Annual Pass. This pass, often called a National Park Pass, is \$80. It provides opportunities to visit all federal fee areas throughout the 50 states.

For more information about Yaquina Head Outstanding Natural Area, contact the BLM at (541) 574-3100 or visit our website at:

*About the BLM: The BLM manages more land – 253 million surface acres – than any other Federal agency. This land, known as the National System of Public Lands, is primarily located in 12 Western States, including Alaska. The Bureau, with a budget of about \$1 billion, also administers 700 million acres of sub-surface mineral estate throughout the nation. The BLM's multiple-use mission is to sustain the health and productivity of the public lands for the use and enjoyment of present and future generations. The Bureau accomplishes this by managing such activities as outdoor recreation, livestock grazing, mineral development, and energy production, and by conserving natural, historical, cultural, and other resources on public lands.*
