

Bureau of Land Management Salem District Project Update

Summer 2011

Salem District

BLM

As the Nation's principal conservation agency, the Department of Interior has responsibility for most of our nationally owned public lands and natural resources. This includes fostering economic use of our land and water resources, protecting our fish and wildlife, preserving the environmental and cultural values of our national parks and historical places, and providing for the enjoyment of life through outdoor recreation. The Department assesses our energy and mineral resources and works to assure that their development is in the best interest of all people. The Department also has a major responsibility for American Indian reservation communities and for people who live in Island Territories under U.S. administration.

United States Department of the Interior

BUREAU OF LAND MANAGEMENT
Salem District Office
1717 Fabry Road S.E.
Salem, Oregon 97306

Dear Citizen:

The Salem District Project Update provides current information about projects planned on lands administered by the Bureau of Land Management's (BLM) within the Salem District. It is our intent to increase the public's awareness of BLM issues, activities and opportunities, as well as generating ideas and comments from those who may be affected by our multiple-use management programs. Your ideas, comments, and participation help us make informed decisions and implement better projects.

This Project Update is organized by resource area and within each resource area by type of project. Additional information can be obtained from the BLM staff listed as contacts. Please send written comments, including the specific project name, to the appropriate address listed below during the identified public comment period.

FOR MORE INFORMATION CONTACT:

Bureau of Land Management
Salem District Office
1717 Fabry Rd. SE
Salem, OR 97306
(503) 375-5646
OPEN: 7:45 a.m. - 4:30 p.m.
Monday - Friday

Bureau of Land Management
Tillamook Resource Area
4610 Third St.
Tillamook, OR 97141
(503) 815-1100
OPEN: 7:45 a.m. - 4:30 p.m.
Monday - Friday

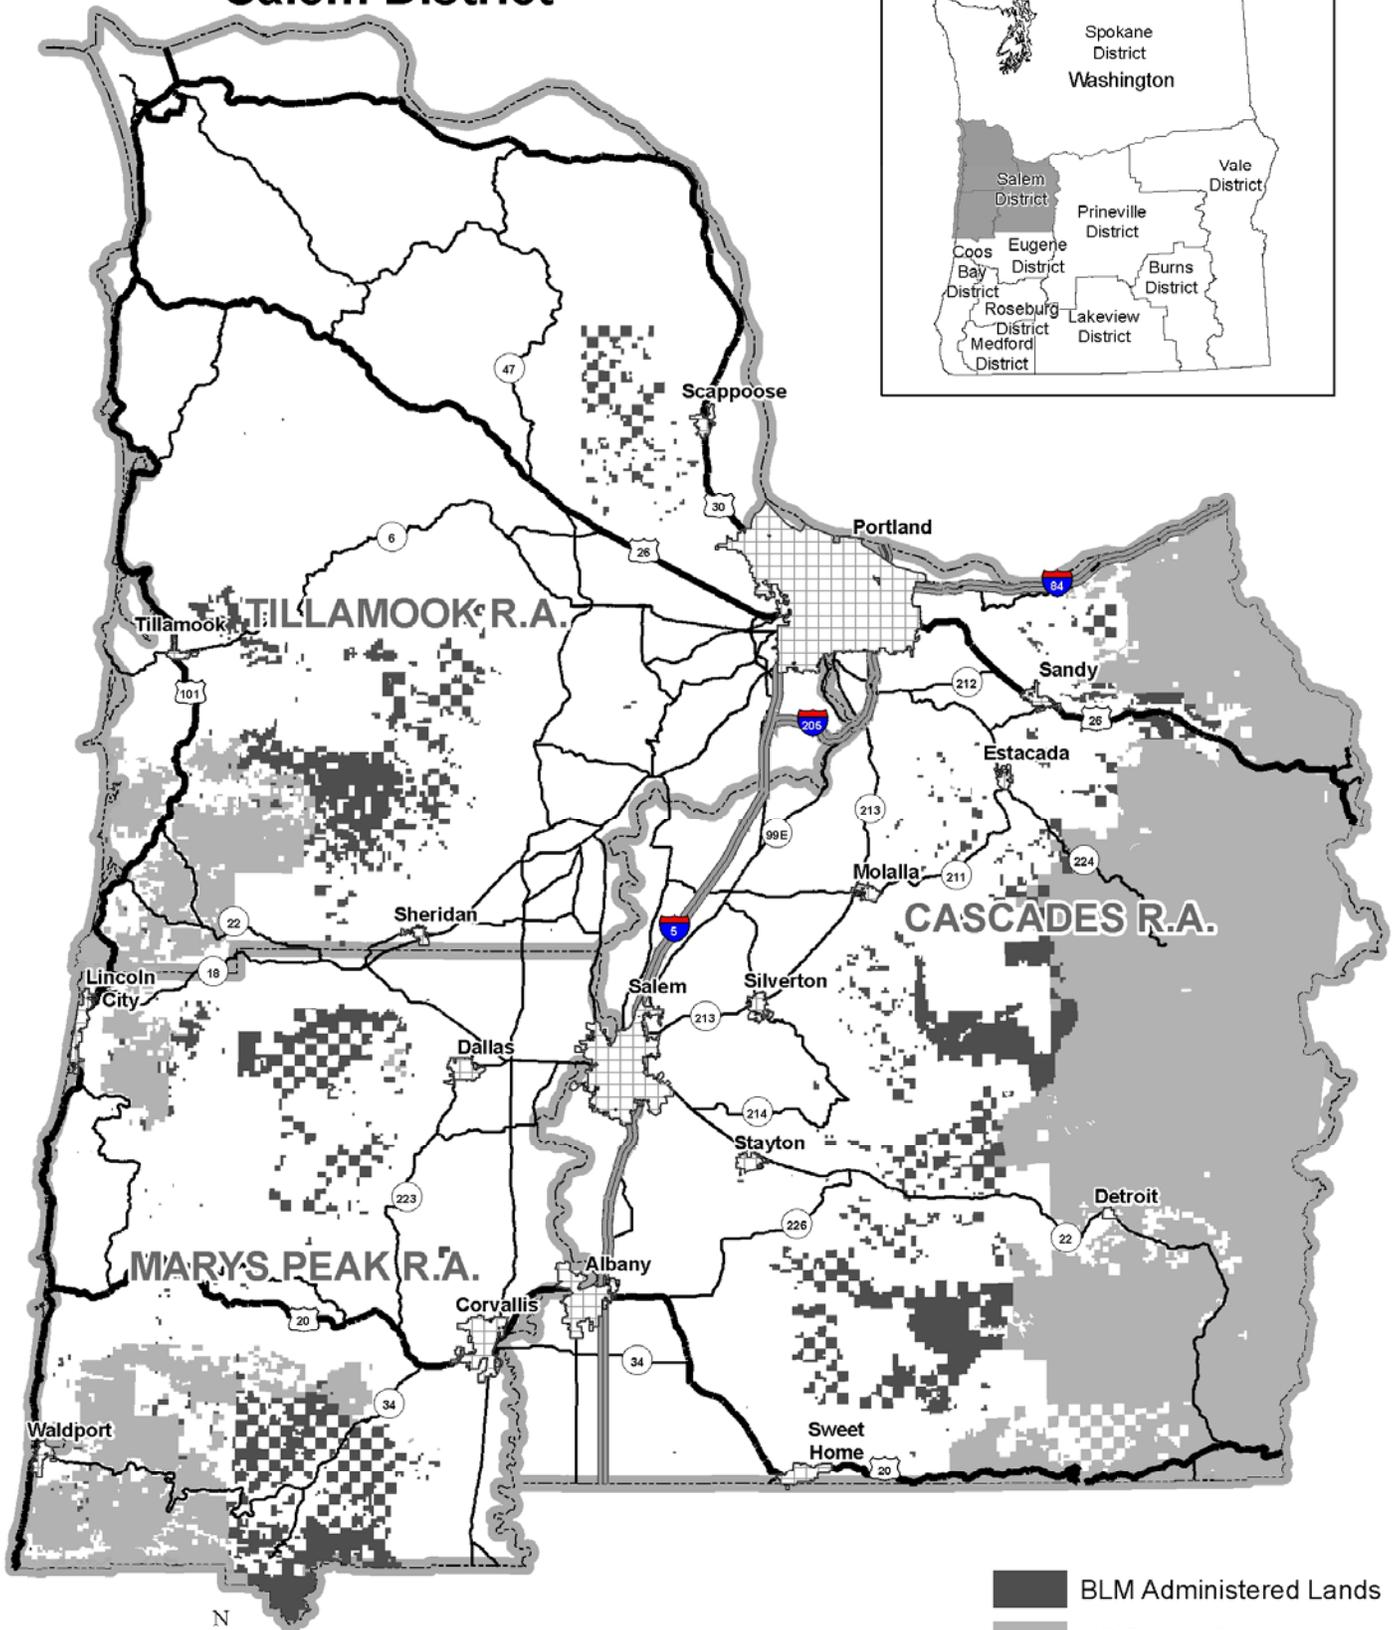

Please contact us if you no longer wish to receive a paper copy of the Project Update. A copy of the Project Update is available at your local public library and is also available on the internet at: <http://www.blm.gov/or/districts/salem/plans/index.php>

Your comments and concerns are welcome and may influence the final decision on these projects. Thank you for your continued interest!

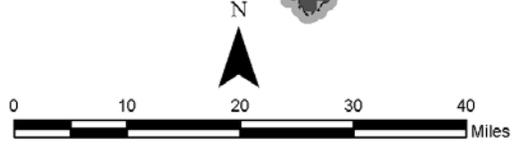

Sincerely,

Miles Brown
Salem District Manager

Bureau of Land Management Salem District

- BLM Administered Lands
- US Forest Service Lands
- Resource Area Boundary

~ Notice ~

On March 31, 2011, the United States District Court for the District of Columbia vacated and remanded the administrative withdrawal of the Salem District's 2008 Record of Decision and Resource Management Plan (Douglas Timber Operators et al. v. Salazar).

The Salem District will design new projects to conform to the management objectives, land use allocations, and management direction set out in the 2008 ROD and RMP. However, due to continuing uncertainty regarding planning in western Oregon, we will design projects so that they are not inconsistent with the Salem District's 1995 RMP. As a result, some new projects may include some design features not mentioned specifically in the 2008 ROD and RMP. Nonetheless, these projects will be consistent with the goals and objectives in the 2008 ROD and RMP.

**Current projects are described in Tables 1 – 4.
Fiscal Year 2011 timber sales are described in Table 5.**

Explanatory comments concerning Tables 1–4:

Projects are organized by project type, project name/description, location, planning status, and contact person. A project may include the following stages:

Developing Proposed Action – A site-specific proposal, called a proposed action, is developed to move the existing condition of an area towards a desired condition or result.

Scoping – Public comment is sought on the proposed action. Comments are used to refine the proposal, or to identify issues which will define the scope of analysis and alternatives to be considered.

Developing Alternatives – A range of alternatives is developed based on the issues raised during scoping, while addressing the purpose and need for the project.

Analyzing Effects – The effects of implementing the alternative(s) are determined and documented in an EIS (Environmental Impact Statement), EA (Environmental Assessment), CX (Categorical Exclusion), or DNA (Determination of NEPA Adequacy).

Comment Period – Comments are generally sought for 60 days on a draft EIS, and for 30 days on an EA, and FONSI (Finding of No Significant Impact). There are no established comment periods for a CX or DNA. Comment periods are established commensurate with the anticipated level of public interest.

Notice of Decisions – Notice of decisions from an EIS and EA will be published in a newspaper in the area where the lands affected by the decision are located. They will be sent to those who have requested such notices. Notices of decision from an EIS will also be published in the Federal Register. Notice for projects which qualify as a CX or DNA will be available for public review at the appropriate field office.

Abbreviations Used in Tables:

AMA	Adaptive Management Area	ERFO	Emergency Relief for Federally-Owned Roads
AMR	Adaptive Management Reserve	GFMA	General Forest Management Area
APU	Activity Planning Unit	LUA	Land Use Allocation
CON	Connectivity	LSR	Late-Successional Reserves
CX	Categorical Exclusion	MBF	Thousand Board Feet
DNA	Determination of NEPA Adequacy	RR	Riparian Reserves
EA	Environmental Assessment	SBA	Small Business Administration

Table 1: Cascades Resource Area Proposed Projects

Name / Description of Project	Location	Planning Status	Contact
Vegetation Management Actions (Additional vegetation management actions are described under the Multiple Projects heading)			
Airstrip Thinning (DOI-BLM-OR-S040-2009-0004-EA): The proposed action is to thin approximately 290 acres of 40-70 year-old forest stands within the Matrix and Riparian Reserve land use allocations (LUA). The project was named for an old abandoned airstrip located near the proposed thinning project.	T. 4.S., R.5E., sections 7, 18 within the Middle Clackamas River Watershed near Estacada OR, Clackamas County	Environmental Assessment (EA) to be completed June 2011.	Keith Walton (503) 375-5676
Crab Race (DOI-BLM-OR-S040-2011-0002-EA): The proposed action is to thin approximately 550 acres of 30-60 year-old forest stands within the Matrix, Riparian Reserve and Late Successional Reserve land use allocations (LUA) as part of density management and habitat improvement.	T.11 S., R.2 E., sections 12 & 13 / T.11 S., R.3 E., sections 7, 8 & 9; within the Crabtree Creek Watershed near Lacombe, Linn County OR.	Environmental Assessment to be completed Summer 2012.	Keith Walton (503) 375-5676
Evan's Mountain Thinning (DOI-BLM-OR-S040-2010-0006-EA): The proposed action is to thin Approximately 315 acres of 35-106 year old forest stands within the Matrix and Riparian Reserve land use allocations (LUAs).	T.8S., R.3E., Sections 24 and 25; T. 8S., R.4E., Sections 19, 29, and 30; within the Little North Santiam River watershed near Mill City, OR, Marion County	Environmental Assessment to be completed Fall 2011.	Lisa Soo (503) 315-5937
Even Keel Thinning (DOI-BLM-OR-S040-2010-0005-EA): The proposed action is to thin approximately 600 acres of 50 to 65 year old forest stands within the Matrix and Riparian Reserve LUA.	T.11S, R.1E, sec 11,13,23 & 25 within the South Santiam Watershed in Linn County	Environmental Assessment to be completed Summer 2011	Carolyn Sands (503) 315-5973
Gordon Creek Thinning III (EA# OR080-07-05): Gordon Creek Thinning III is the third of three timber sales that will implement the proposed thinning described in the Gordon Creek Thinning Revised EA (March 2009, December 2009). The Gordon Creek Thinning III selected action is to thin 453 acres of 55-70 year old forest stands.	T.1 S. R. 5 E. section 1, within the Gordon Creek / Lower Sandy Watershed near Corbett, OR, Multnomah County	Revised EA completed in March 2009 and updated December 2009. Gordon Creek Thinning III Decision completed April 6, 2011.	Keith Walton (503) 375-5676
Power Mill (DOI-BLM-OR-S040-2010-0007-EA): The proposed action is to thin approximately 660 acres of 35-70 year old forest stands with the Matrix and Riparian Reserve LUAs.	T.8S., R.3E., section 29; T.9S., R2E., sections 11,13, 24; and T.9S., R3E., sections 17, 19, and 21; within the Little North Santiam and North Santiam River watersheds near Mill City, Oregon, Marion County.	Environmental Assessment to be completed Summer 2011.	Carolyn Sands (503) 315-5973
Quartzville LSR habitat Enhancement (DOI-BLM-OR-S040-2011-0005-EA): The project seeks to reduce stand density and increase species diversity by variable canopy pre-commercial thinning approximately 2,000 acres in previously managed 20 – 50 year old forest stands over the next 5 years.	T 11 and 12 S, R 3 and 4E; within the Quartzville LSR block, Quartzville Watershed, Linn County, Oregon	EA completed May 20, 2011. Decision to be completed June 2011.	Corbin Murphy 503-315-5907
Special Forest Products (CX): The proposed action is to harvest (sell) Special Forest Products such as conifer boughs, floral greenery, fungi, native plant cuttings, seed and cones, transplant stock, and wood products (firewood, fence posts).	BLM land from T. 1 S., to T. 12 S., and from R. 1 W., to R. 7 E.	CX to be completed June 2011.	Jim LeComte (503) 315-5916
Take 3 Thinning (DOI-BLM-OR-S040-2011-0004-EA): The proposed action is to thin approximately 281 acres of 45-77 year-old forest stands within the Matrix and Riparian Reserve land use allocations (LUA).	T. 3.S., R.5E., Sections 11, 13 within the Eagle Creek Watershed near Estacada OR, Clackamas County	Scoping	Alisa Tanner (503) 589-6844 Mike Mathews (503) 375-5711

Table 1: Cascades Resource Area Proposed Projects

Name / Description of Project	Location	Planning Status	Contact
Watershed Restoration Actions			
2011 Little North Fork Santiam River and Elkhorn Creek Habitat Restoration (EA): Restore aquatic habitat complexity and floodplain function by adding large wood (trees and logs) to side channels and floodplains of Little North Fork Santiam River and Elkhorn Creek.	T.9S, R.3E, Section 10, 0.5 mile of side channel on Little North Fork Santiam River; T.9S, R.3E, Section 1, on about 0.5 mile of lower Elkhorn Creek	EA to be completed June 2011	Bruce Zoellick (503) 375-5672
Recreation Actions			
Sandy Projects Implementing the SRBMP (EA): Public safety improvements and revegetation at Marmot Dam Site. Implementation of Sandy Ridge Trail Plan and Trailhead Construction.	Sandy River Watershed	Projects are currently being designed. EA to be completed Fall 2011.	Zach Jarrett (503) 375-5610
Wildwood Fish Viewing Window Cleaning Safety Structure (DOI-BLM-OR-S040-2011-0009-CX): The proposed action is to Install safety structures for staff to properly clean existing fish viewing windows Cascade Streamwatch’s underwater fish viewing window located in a side channel of the Salmon River at Wildwood recreation site.	T 2S, R7E, Section 31 at the Wildwood Recreation site	NEPA to be completed June 2011.	Traci Meredith (503) 315-5991
Transportation System Management Actions			
Road Maintenance and Repair (EA/CX/DNA)	Cascades Resource Area	Ongoing	Dan Nevin (503) 375-5673
Miscellaneous Land Use Requests			
Process Requests (EA/CX/DNA): For various land uses such as rights-of-way, tailholds, and special use permits.	Cascades Resource Area-wide	Ongoing	Carolyn Sands (503) 315-5973
Silver Falls State Park Recreation and Public Purposes Lease (DOI-BLM-OR-S040-2011-0001-EA): Assessing Oregon Parks and Recreation Department’s (OPRD) request to continue to lease approximately 244 acres of BLM lands adjacent for Silver Falls Park under a R&PP lease to be managed as outlined in the Silver Falls Master Plan completed in August 2009.	T 8 S, Range 1 East, Sections 3, 35 T 8 S, Range 2 East, Section 31	EA to be completed June 2011.	Traci Meredith (503) 315-5991
Watershed Analysis and other Management Plans			
Molalla River Corridor Plan (EA): Will provide a 15 year management strategy for BLM administered lands in the Molalla River Corridor including; a plan update for the Table Rock.	Molalla Watershed Clackamas County	EA completed June 2010. Decision expected Summer 2011.	Zach Jarrett (503) 375-5610

Table 2: Marys Peak Resource Area Proposed Projects

Name / Description of Project	Location	Planning Status	Contact
Vegetation Management Actions (Additional vegetation management actions are described under the Multiple Projects heading)			
Noble Fir Progeny Test Site Thinning (DOI-BLM-OR-S050-2010-0001-CX): The proposed action would thin approximately 17 acres on four noble fir progeny test sites.	T6S, R9W, Section 33, T7S, R9W, Sections 4 and 16: Lincoln County. T7S, R8W, Section 19: Polk County.	CX completed May 2010. DR signed May 2010. Work to begin Fall 2011.	Arlene Roux (503) 315-5955
Rickreall Creek Watershed Enhancement (DOI-BLM-OR-S050-2010-0004-EA): The proposed Project 1 (Mid and Late-Seral Enhancement) areas are within approximately 1,200 acres of LSR, RR, and AMA. The project would include density management, road construction and decommissioning, and would be implemented through six timber sales. The proposed Project 2 (Legacy Tree Release and CWD/Snag Creation) areas are within approximately 287 acres of LSR and RR areas. The project would include felling, girdling and topping of individual trees or creation of gaps (1/4 acre to one acre in size). The proposed Project 3 (Large Woody Debris Enhancement) would place large woody debris within the mainstem Rickreall Creek above Mercer Reservoir, the South Fork Rickreall Creek, and North Fork Rickreall Creek.	T8S, R7W, Sections 3, 4, 5, 9 and 11, T7S, R6W, Sections 22 and 31, T8S, R6W, Sections 5 and 9, and T7S, R7W, Section 33: Polk County; approximately 10 miles west of Dallas, Oregon in the Rickreall Creek, Mill Creek, Salt Creek, and Luckiamute River Watersheds.	EA to be completed August 2011. DR to begin August, 2012.	Stefanie Larew (503) 375-5601
Rockhouse Early-Seral Enhancement (DOI-BLM-OR-S050-2011-0004-CX): The proposed action is density management in AMA and RR on one forest stand approximately 38 years old and 54 acres in area. No road construction will be necessary.	T8S, R6W, Section 5; Rickreall Creek Watershed, Polk County; approximately 6 miles west of Dallas, OR.	CX completed June 2011. DR signed June 2011.	Stefanie Larew (503) 375-5601
Silviculture – Young Stand Actions (DOI-BLM-OR-S050-2011-0002-CX): Pre-commercial thinning, manual maintenance, conifer release, and pruning throughout the Resource Area.	Marys Peak Resource Area	CX completed January 2011. DR signed January, 2011. Work is ongoing.	Arlene Roux (503) 315-5955
Special Forest Products (CX): The proposed action is to harvest (sell) Special Forest Products such as conifer boughs, floral greenery, fungi, native plant cuttings, seed and cones, transplant stock, and wood products (firewood, fence posts).	Marys Peak Resource Area	CX to be completed by Fall 2011.	Stefanie Larew (503) 375-5601
Upper and Lower Alsea River Watershed Restoration (EA# OR 080-08-08): The proposed project areas are within approximately 782 acres of LSR and RR. Project 1 would include density management, road construction and decommissioning, road renovation and coarse woody debris creation, and would be implemented through three timber sales.	Upper and Lower Alsea River Watersheds, Benton County; approximately 12 miles southwest of Philomath, OR.	EA completed March 2009. Revised EA completed May 2010. Projects are proposed for fiscal years 2010 and 2011.	Stefanie Larew (503) 375-5601

Table 2: Marys Peak Resource Area Proposed Projects

Name / Description of Project	Location	Planning Status	Contact
Watershed Restoration Actions			
<p>Bull Run Creek Large Wood Placement (Forest Service EA): Large Woody Debris Enhancement would include the placement of large woody debris within the BLM administered lands of Bull Run Creek in cooperation with the Forest Service. The project was described as part of the Siuslaw National Forest - East Alsea Landscape Management Project Restoration Environmental Assessment which included wood restoration in Bull Run Creek.</p>	<p>T13S, R9W, Section 10; Lower Alsea Watershed, Lincoln County; approximately 10 miles northwest of Alsea, OR.</p>	<p>FONSI and DR signed March 2010. Contract awarded in Summer of 2010, but lack of helicopter availability prevented implementation until summer/fall 2011.</p>	<p>Scott Snedaker (503) 315-5928</p>
Recreation Actions			
<p>Alsea Falls Recreation Area Management Plan (DOI-BLM-OR-S050-2010-0001-EA): Develop a comprehensive recreation management plan of the Alsea Falls Recreation Site, South Fork Byway, and surrounding lands.</p>	<p>Numerous sections of BLM-administered lands in T14S R6W, T14S-R7W, T15S R6W, T15S R7W, T15S R8W Willamette Meridian Benton County, Oregon</p>	<p>Scoping completed and assessment ongoing; general comments and concerns welcome. EA to be completed September 2011.</p>	<p>Traci Meredith (503) 315-5991</p>
Transportation System Management Actions			
<p>Coleman Creek Bridge Installation (DOI-BLM-OR-S050-2011-0002-EA): The proposed project is to remove a failing culvert and construct a single span, double lane bridge at the Coleman Creek crossing on the South Fork Alsea Access Road.</p>	<p>T14S, R7W, Section 36, Willamette Meridian. Benton County, Oregon.</p>	<p>EA completed May 2011. DR to be signed Summer 2012. Implementation targeted for Summer 2012.</p>	<p>Scott Snedaker (503) 315-5928</p>
<p>Road Maintenance and Repair (EA/CX/DNA)</p>	<p>Marys Peak Resource Area</p>	<p>Ongoing</p>	<p>Steve Cyrus (503) 315-5988</p>
<p>South Fork Lobster Creek and Rock Pit Creek Culvert Replacements (DOI-BLM-OR-S050-2011-0002-CX): Replacement of two undersized and aging culverts. One culvert would be located in the Headwaters Lobster Creek drainage on the 15-8-35 road and the other culvert would be located in on the 9-7-34 road in Rock Pit Creek, a tributary of the Luckiamute River. Both culverts would be replaced with properly sized culverts that will maintain road infrastructures and meet Resource Management Plan Best Management Practices for fish passage, streams flows, bed load, and woody debris transport.</p>	<p>T15S, R8W, Section 25; Five Rivers Watershed, Lane County; approximately 10 miles south of Alsea, OR. and T9S, R7W, Section 20; Luckiamute River Watershed, Polk County; approximately 15 miles southwest of Dallas, OR.</p>	<p>CX completed December 2010. DR signed December 2010. Implementation targeted for inwater work periods July through August 2011.</p>	<p>Melissa Rutkowski (503) 589-6851</p>
Miscellaneous Land Use Requests			
<p>Process Requests (EA/CX/DNA): For various land uses such as rights-of-way, tailholds, and special use permits.</p>	<p>Marys Peak Resource Area-wide</p>	<p>Ongoing</p>	<p>Patricia Wilson (503) 315-5986</p>

Table 3: Tillamook Resource Area Proposed Projects

Name / Description of Project	Location	Planning Status	Contact
Vegetation Management Actions (Additional vegetation management actions are described under the Multiple Projects heading)			
South Scappoose Creek Project (EA): The project being considered involves commercial thinning and hardwood removal on approximately 1,800 acres of lands in the Matrix and Riparian Reserve land use allocations. Connected actions include road construction, stabilization and decommissioning.	T3N R2W sections 7, 9, 19, 21 and 29, and T3N R3W sections 1, 11, and 13, South Scappoose Creek subwatershed, Columbia and Washington Counties.	Environmental Assessment is expected to be completed in June 2011, with a Decision Record in August 2011. The first timber sale is expected to be offered in 2012.	Steve Bahe (503) 815-1123
Gunners Lakes Project (EA): The projects being considered include commercial thinning, road stabilization and decommissioning. Lands are within the Matrix (General Forest Management Area and Connectivity) and Riparian Reserve land use allocations.	T3N R3W sections 7, 9, 21 and 29, East Fork Nehalem Watershed, Columbia County.	Environmental Assessment was completed in May 2010. A Decision Record was released in August 2010. Two timber sales are expected to be offered in 2011.	Bob McDonald (503) 815-1110
Rocky Point Bald Eagle Habitat Enhancement Project (EA): The proposed project is a wildlife habitat enhancement treatment on approximately 92 acres. Lands are within the Matrix (Connectivity) and Riparian Reserve land use allocations.	T3N R2W section 35, Multnomah County.	A Decision was released in May 2011. Habitat enhancement work is expected to be completed in 2011.	Andy Pampush (503) 815-1143
Turner Creek Project (EA): The project being considered includes commercial thinning, road stabilization and decommissioning, and wildlife habitat enhancement. Lands are within the Adaptive Management Area and Riparian Reserve land use allocations.	T2S R5W sections 3, 5, 7, 9, 17, 21 and 29, Yamhill County.	Decision Record was released in April 2011 and the Administrative Review period has ended. The first timber sale is expected to be offered in 2012.	Bob McDonald (503) 815-1110
Bible Creek Roadside Alder Removal (CX): The proposed project is to remove 24 acres of approximately 50-year-old roadside red alder timber adjacent to 6.4 miles of Bible Creek Road. Lands are in the Adaptive Management Area, Late Successional Reserve and Riparian Reserve land use allocations.	T. 4S, R. 7W, sections 21, 17, and 8; within 30' of Bible Creek Road	Categorical Exclusion Review is expected to be completed, and the timber sale offered in June 2011.	Eric Neal (503) 815-1461
Watershed Restoration Actions			
Multiple Projects			
Cedar Creek Project (EA): The projects being considered include commercial density management thinning, fish and wildlife habitat enhancement, rock quarry development, and road stabilization/decommissioning. Lands are within the Adaptive Management Area, Late-Successional Reserve and Riparian Reserve land use allocation.	T3S R6W section 5, 7, 9, T3S R7W sections 11, 12, 13 and 14, Upper Nestucca Watershed, Tillamook and Yamhill Counties.	Environmental Assessment was completed in December 2010, and a Decision was released in April 2011. The first timber sale is expected to be offered in 2011.	Steve Bahe (503) 815-1123
Recreation Actions			
Process Requests (EA/CX/DNA): For various actions such as special use permits.	Tillamook Resource Area-wide.	Ongoing	Debra Drake (503) 815-1134
Upper Nestucca OHV Trail System (EA): The project involves identification of management and maintenance issues and practices to improve BLM management of the Upper Nestucca OHV Trail System. A new EA will be written to replace the existing Upper Nestucca Motorcycle Trail System EA, dated 1998. Lands are within the Late-Successional Reserve, Adaptive Management Area and Riparian Reserve land use allocations.	Multiple sections, Upper Nestucca River Watershed, Tillamook and Yamhill Counties.	Pre-project assessments of the OHV trail system are to be completed in Fall 2011. Scoping for the EA is expected to begin in July 2011.	Debra Drake (503) 815-1134
Transportation System Management Actions			
East Beaver Creek Road Project (EA): The project being considered would stabilize or decommission approximately three miles of the BLM-controlled portion of East Beaver Creek Road, as well as construct a new access road into the area. The East Beaver Creek Road was damaged by storms during the winter of 2007-2008 and has been closed to all traffic except OHVs since that time.	T3S R8W section 6, T2S R8W sections 28, 29, 31, 32 and 33, East Beaver Creek Road, Tillamook County.	Environmental Assessment is expected to be completed in May, 2011. A Decision is expected to be released in June, 2011.	Bob McDonald (503) 815-1110
Miscellaneous Land Use Requests			
Process Requests (EA/CX/DNA): For various land uses such as rights-of-way, tailholds, and special use permits	Tillamook Resource Area-wide	Ongoing.	Bob McDonald (503) 815-1110

Table 4: District-wide Proposed Projects

Name / Description of Project	Location	Planning Status	Contact
Vegetation Management Actions			
<p>Vegetation Management EA: This project will consider expanding the number of herbicides available for treating invasive plants. Proposed Action is to use herbicides as one of several tools to treat invasive plants and to control unwanted vegetation along roadsides, right of ways, recreation areas, in restoration projects and at Horning Seed Orchard.</p>	District wide	Scoping starting in summer 2011	Claire Hibler (503) 375-5677
Multiple Projects			
<p>Programmatic Aquatic Restoration EA: This project will propose a program of aquatic and riparian restoration activities to improve fish habitat throughout the Salem District. The Environmental Assessment will be programmatic in nature and will not identify any site specific projects. Activities include large wood, boulder, and gravel placement; fish passage culvert and bridge projects; and bank restoration.</p>	District wide	Scoping June 2011; EA available for public comment in July 2011	Bob Ruediger (503) 375-5608
