

Abbreviations and Definitions

Adaptive Management Area (AMA): One of the federal land use allocations set forth in the Salem District Resource Management Plan. The objective of this land use allocation is to develop and test new management approaches to integrate and achieve ecological and economic health, and other social objectives.

Connectivity /Diversity Blocks (CON): One of the federal land use allocations set forth in the Salem District Resource Management Plan. The objective of this land use allocation is to maintain 25-30% of each block in late-successional forest at any point in time and schedule harvest on a 150 year rotation.

Categorical Exclusion (CX): A category of actions (identified in agency guidance) that do not have a significant effect on the human environment and for which neither an environmental assessment nor an environmental impact statement is required.

Determination of NEPA Adequacy (DNA): An interim step in the BLM's internal analysis process that concludes that a proposed action is adequately analyzed in an existing NEPA document (an EIS or EA). Where applicable, the determination also addresses conformance with an approved land use plan.

Decision Rationale or Decision Record (DR): The BLM decision document associated with an EA that describes the action to be taken when the analysis supports a finding of no significant impact.

Environmental Assessment (EA): A public document that provides sufficient evidence and analysis to determine whether or not a federal undertaking would significantly affect the environment. If the answer is no, the agency issues a finding of no significant impact (FONSI), otherwise the agency would prepare an Environmental Impact Statement (EIS).

Finding of No Significant Impact (FONSI): A finding that explains why an action will not have a significant effect on the environment and, therefore, an environmental impact statement will not be required.

General Forest Management Area (GFMA): One of the federal land use allocations set forth in the Salem District Resource Management Plan. The objectives of this land use allocation is to produce a sustainable supply of timber and other forest commodities while providing habitat for a variety of organisms associated with both late-successional and younger forests.

Late Successional Reserve (LSR): One of the federal land use allocations set forth in the Salem District Resource Management Plan. The objective of this land use allocation is to maintain a functional, interactive, late-successional and old-growth forest ecosystem.

Land use Allocation (LUA): A designation defining uses that are allowed, restricted, or prohibited for a particular area of land. Examples include the matrix, adaptive management area, riparian reserve and late-successional reserve land use allocations.

Matrix: One of the federal land use allocations set forth in the Salem District Resource Management Plan. The Matrix land use allocation consists of federal land outside of reserves and special management areas. These lands are available for timber harvest at varying levels. GFMA and Connectivity/Diversity blocks are within the Matrix land use allocation.

MBF: Thousand board feet.

National Environmental Policy Act (NEPA): A federal law that requires agencies to determine if their proposed actions have significant environmental effects. NEPA procedures must insure that environmental information is available to public officials and citizens before decisions are made and before actions are taken. The NEPA process provides an understanding of environmental consequences of the proposed actions to help public officials make decisions.

Riparian Reserves (RR): One of the federal land use allocations set forth in the Salem District Resource Management Plan. Lands within the Riparian Reserves are designated for restoring and maintaining the ecological health of watersheds and aquatic ecosystems and for providing habitat for terrestrial species.

SBA: Small Business Administration

Scoping: The process by which the BLM solicits input on potential issues and effects associated with proposed federal actions. Scoping is one form of public involvement in the NEPA process.

Thinning - Commercial Thinning/ Density Management: Commercial thinning is the removal of merchant-able trees from an even-aged stand to encourage growth of the remaining trees. Density Management is the cutting of trees for the primary purpose of widening their spacing so that growth of remaining trees can be accelerated. Density management harvest can also be used to improve forest health, to open the forest canopy, or to accelerate the attainment of old growth characteristics if maintenance or restoration of biological diversity is the objective. Specific objectives would vary by land use allocation.

Table 1: Cascades Resource Area Proposed Projects

<i>Name / Description of Project</i>	<i>Location</i>	<i>Planning Status</i>	<i>Contact</i>
Vegetation Management Actions			
Crab Race (DOI-BLM-OR-S040-2011-0002-EA): The proposed action is to thin approximately 550 acres of 30-60 year-old forest stands within the Matrix, Riparian Reserve and Late Successional Reserve land use allocations (LUA) as part of density management and habitat improvement.	T.11 S., R.2 E., sections 12 and 13; T.11 S., R.3 E., sections 7, 8 and 9. Crabtree Creek Watershed, Linn County.	Environmental Assessment (EA) to be completed Winter 2013 .	Keith Walton (503) 375-5676
Evan's Mountain Thinning (DOI-BLM-OR-S040-2010-0006-EA): The proposed action is to thin approximately 240 acres of 30-92 year old forest stands within the Matrix and Riparian Reserve LUA.	T.8S., R.3E., sections 24 and 25; T. 8S., R.4E., sections 19, 29, and 30. Little North Santiam River Watershed, Marion County.	EA to be completed Winter 2013 .	Chris Papen (503) 375-5633
Mighty Moose Thinning (DOI-BLM-OR-S040-2012-0004-EA): The project proposes to thin approximately 1,400 acres of 50-75 year old forest stands within matrix, LSR and riparian LUAs.	T. 12S., R. 2E., sections 11, 12, 14, 21, and 29; T. 12S., R 3E., sections 8, 9, 10, 15, 17, and 20. Quartzville Creek Watershed, Linn County.	EA to be completed Spring 2013	Mike Mathews (503) 375-5711
Mini Flats Thinning (DOI-BLM-OR-S040-2011-0013-CX): The proposed action is to thin approximately 70 acres of 60 year old forest stands within the Matrix LUA.	T .4S., R4E., section 13. Clear Creek Watershed, Clackamas County	Categorical Exclusion (CX) completed Fall 2012.	Alisa Tanner (503) 589-6844
Power Mill (DOI-BLM-OR-S040-2010-0007-EA): The selected action is to thin approximately 354 acres of 45-78 year old forest stands within the Matrix and Riparian Reserve LUA.	T.8S., R.3E., section 29; T.9S., R2E., sections 11,13, 24; and T.9S., R3E., sections 17, 19, and 21. Little North Santiam and North Santiam River Watersheds, Oregon, Marion County.	EA completed April 2012; Decision Rationale (DR) completed May 2012; Power House DR to be completed Summer 2013.	Chris Papen (503) 375-5633
Roadside Salvage (DOI-BLM-OR-S040-2012-0005-CX): The proposed action is to fall and/or remove individual trees or small groups of trees which are dead, diseased, injured, windthrown, and which constitute a safety hazard. Ninety percent of the trees to be removed are within or adjacent to existing road rights-of-way.	Cascades Resource Area	CX to be completed Winter 2013 .	Chris Papen (503) 375-5633
Special Forest Products (DOI-BLM-OR-S040-2011-0012-CX): The proposed action is to harvest (sell) Special Forest Products such as conifer boughs, floral greenery, fungi, native plant cuttings, seed and cones, transplant stock, and wood products (firewood, fence posts).	Cascades Resource Area	CX to be completed Winter 2013 .	Jim LeComte (503) 315-5916
Take 3 Thinning (DOI-BLM-OR-S040-2011-0004-EA): The proposed action is to thin approximately 360 acres of 30-96 year-old forest stands within the Matrix and Riparian Reserve LUA.	T. 3.S., R.5E., sections 11, 13. Eagle Creek Watershed, Clackamas County	EA completed November 2012. DR to be completed Winter 2013.	Alisa Tanner (503) 589-6844 Mike Mathews (503) 375-5711
Watershed Restoration Actions			

Table 1: Cascades Resource Area Proposed Projects

<i>Name / Description of Project</i>	<i>Location</i>	<i>Planning Status</i>	<i>Contact</i>
Molalla LSR Habitat Enhancement (DOI-BLM-OR-S040-2012-0002-EA): The project seeks to reduce stand density and increase species diversity by variable canopy pre-commercial thinning and snag creation for approximately 2,000 acres in previously managed 20-40 year old forest stands over the next 5 years.	T.6, 7, 8S., R.3, 4, 5E.; within the Table Rock/Molalla LSR blocks, Molalla Watershed, Clackamas County, Oregon	EA completed September 2012. Decision Record to be completed Summer 2013.	Jim England 503-315-5913
Recreation Actions			
Recreation Site Hazard Tree Removal (CX): Fall hazard trees within recreation sites in the Cascades Resource Area as needed based on the hazard tree rating.	Cascades Resource Area	CX to be completed Winter 2013.	Traci Meredith (503) 315-5991
Fishermen's Bend Recreation Site Special Recreation Area Management Plan (EA): Develop a management plan for the recreation site.	T.9S., R.2E., sections 25 and 26	Scoping	Traci Meredith (503) 315-5991
Programmatic Recreation Site Maintenance (EA/CX): The proposed action is maintenance actions within the recreation sites occurring in FY2013.	Cascades Resource Area Recreation Sites	NEPA to be completed Winter/Spring 2013	Traci Meredith (503) 315-5991
Additional Special Recreation Permits (EA): The proposed action is to issue/renew permits that do not fit under the Cascades Special Recreation Permit Renewal and Issuance CX (DOI-BLM-OR-S040-2012-0004-CX).	Cascades Resource Area	Ongoing	Traci Meredith (503) 315-5991 Adam Milnor (503) 315-5935
Transportation System Management Actions			
Road Maintenance and Repair (EA/CX/DNA)	Cascades Resource Area	Ongoing	Dan Nevin (503) 375-5673
Miscellaneous Land Use Requests			
Process Requests (EA/CX/DNA): For various land uses such as rights-of-way, tail-holds, and special use permits.	Cascades Resource Area-wide	Ongoing	Belle Smith (503) 315-5984

Table 2: Marys Peak Resource Area Proposed Projects

Name / Description of Project	Location	Planning Status	Contact
Vegetation Management Actions			
Briar Creek (DOI-BLM-OR-S050-2013-0001-CX): Density management on approximately 65 acres of two forest stands 77-79 years old in the LSR and RR LUAs. Approximately 1,200 feet of temporary road construction.	T14S., R.8W., section 32. Upper Alsea River Watershed, Benton County.	CX to be completed Summer 2013.	Stefanie Larew (503) 375-5601
Fall-Cole Early-Seral Enhancement (DOI-BLM-OR-S050-2012-0005-CX): Stewardship Project. Density management of three forest stands aged 37-46 years, totaling 68 acres, in LSR and RR LUA.	T.14S., R.7W., sections 27 and 34. Upper Alsea River Watershed, Benton County.	CX to be completed Spring 2013.	Hugh Snook (503) 315-5964
Gotaway Hardwood Conversion (DOI-BLM-OR-S050-2012-0002-DNA): This project includes thinning seven acres of 45 year old red alder dominated stands in the Matrix LUA to release the minor conifer component.	T.14S., R.7W., section 36, Upper Alsea River Watershed, Benton County.	DNA and DR completed January 2013.	Hugh Snook (503) 315-5964
Missouri Bend Land Donation (DOI-BLM-OR-S050-2013-0003-EA): This action includes a proposal to accept the donation of a 0.75 acre parcel of land adjacent to the BLM Missouri Bend Recreation Site from a private landowner. This land would be managed as LSR.	T.14S, R.9W., section 13, Lower Alsea River Watershed, Benton County.	EA to be completed FY 2013.	Rich Hatfield (503) 315-5968
Rainbow Ridge Timber Sale EA (DOI-BLM-OR-S050-2013-0002-EA): The project is in the early planning stages for a variable retention harvest on approximately 150 acres of forest stands in the Matrix LUA.	T.14S., R. 6W., section 29. Upper Alsea River and Marys River watershed, Benton County.	Scoping completed in Fall 2012. EA to be completed Fall 2013.	Stefanie Larew (503) 375-5601
Rickreall Creek Watershed Enhancement (DOI-BLM-OR-S050-2010-0004-EA): Project 1 (Mid and Late-Seral Enhancement) areas are within approximately 1,200 acres of LSR, RR, and AMA. The project is a density management project, which would be implemented through six timber sales. Project 2 (Legacy Tree Release and CWD/Snag Creation) areas are within approximately 287 acres of LSR and RR areas. The project would include felling, girdling and topping of individual trees or creation of gaps (1/4 acre to one acre in size). Project 3 (Large Woody Debris Enhancement) would place large woody debris within the mainstem Rickreall Creek above Mercer Reservoir, the South Fork Rickreall Creek, and North Fork Rickreall Creek.	T.8S., R.7W., sections 3, 4, 5, 9 and 11; T.7S., R.6W., sections 22 and 31; T.8S., R.6W., sections 5 and 9; and T.7S., R.7W., section 33. Rickreall Creek, Mill Creek, Salt Creek, and Luckiamute River Watersheds, Polk County.	EA completed February 2012. Project 1: DR for first timber sale from the EA, Robb Mill Loader, to be completed Spring 2013. C-9 DR to be completed Summer 2013. Project 2: DR to be completed in 2013. Project 3: DR completed May 2012.	Stefanie Larew (503) 375-5601

Table 2: Marys Peak Resource Area Proposed Projects

<i>Name / Description of Project</i>	<i>Location</i>	<i>Planning Status</i>	<i>Contact</i>
South Yamhill River Watershed Enhancement EA (DOI-BLM-OR-S050-2013-0002-EA): Project 1, Density Management, would thin approximately 1,832 acres of 37-99 year old stands in the AMR and RR LUs through six timber sales. Project 2, Legacy Tree Release, would include felling, girdling, and topping of individual trees or creation of gaps to release legacy trees from competition of densely stocked conifers.	Several sections of BLM-administered lands in T.7S., R.8W. and T.7S., R.7W. Agency Creek-South Yamhill River Watershed, Polk County.	Scoping completed May 2012. EA to be completed Summer 2013.	Stefanie Larew (503) 375-5601
Upper Siletz River Watershed Restoration (DOI-BLM-OR-S050-2009-0002-EA): The proposed project areas are within approximately 654 acres of Late Successional Reserves, Riparian Reserves and Adaptive Management Areas. The project would include the following activities: density management, road construction and decommissioning and coarse woody debris creation.	T.7S., R.8W., sections 14 and 15; T.8S., R.8W., sections 15, 23 and 25. Upper Siletz River Watershed, Polk County.	EA completed August 2010. DR for last sale from the EA, Upper Warnicke, to be completed Spring 2013.	Stefanie Larew (503) 375-5601
Young Stand Management CX (DOI-BLM-OR-S050-2013-0003-CX): Pre-commercial thinning, manual maintenance, conifer release, and pruning throughout the Resource Area.	Marys Peak Resource Area wide	CX to be completed winter 2013.	Arlene Roux (503) 315-5955
Watershed Restoration Actions			
None			
Recreation Actions			
Alsea Falls Recreation Area Management Plan (RAMP) (DOI-BLM-OR-S050-2013-0001-EA): The proposed project is to develop a comprehensive recreation management plan for the Alsea Falls Recreation Site, South Fork Byway, and surrounding lands.	Several sections of BLM-administered lands in T.14S., R.6W, T.14S., R.7W., T.15S., R.6W., T.15S., R.7W., T.15S., R.8W., Benton County.	EA completed Fall 2012. DR and RAMP completed January 2013.	Timothy Fisher (541) 574-3142
Yaquina Head Outstanding Natural Area Management Plan: The proposed project is to develop a comprehensive recreation management plan for the Yaquina Head Outstanding Natural Area.	Yaquina Head Outstanding Natural Area in Newport, Oregon.	On hold	Timothy Fisher (541) 574-3142
Transportation System Management Actions			
Road Maintenance and Repair (EA/CX/DNA)	Marys Peak Resource Area	Ongoing	Steve Cyrus (503) 315-5988
Miscellaneous Land Use Requests			
Process Requests (EA/CX/DNA): For various land uses such as rights-of-way, tailholds, and special use permits.	Marys Peak Resource Area	Ongoing	Rich Hatfield (503) 315-5968

Table 3: Tillamook Resource Area Proposed Projects

<i>Name / Description of Project</i>	<i>Location</i>	<i>Planning Status</i>	<i>Contact</i>
Vegetation Management Actions			
Bible Creek Roadside Alder Removal (DOI-BLM-OR-S060-2011-0004-CX): The proposed project is to remove through commercial sale 24 acres of approximately 50-year-old roadside red alder timber adjacent to 6.4 miles of Bible Creek Road. Lands are in the Adaptive Management Area, Late Successional Reserve and Riparian Reserve land use allocations.	T.4S., R.7W., sections 21, 17, and 8; within 30' of Bible Creek Road. Nestucca River Watershed, Tillamook County	CX to be completed Spring 2013.	Eric Neal (503) 815-1461
Walker Creek Projects (DOI-BLM-OR-S060-2011-0012-EA): The projects being considered include commercial thinning, underplanting, road stabilization and decommissioning, coarse woody debris creation, and meadow restoration. Lands are within the Adaptive Management Area, Late Successional Reserve, and Riparian Reserve land use allocations.	Nestucca River Watershed, Walker Creek and Bald Mtn. Fork drainages, Tillamook and Yamhill Counties.	EA to be completed Spring 2013.	Andy Pampush (503) 815-1143
Multiple Projects			
None			
Recreation Actions			
Process Requests (EA/CX/DNA): For various actions such as special use permits.	Tillamook Resource Area-wide.	Ongoing	Debra Drake (503) 815-1134
Upper Nestucca OHV Trail System (EA): The project involves identification of management and maintenance issues and practices to improve BLM management of the Upper Nestucca OHV Trail System. A new EA will be written to replace the existing Upper Nestucca Motorcycle Trail System EA, dated 1998. Lands are within the Late-Successional Reserve, Adaptive Management Area and Riparian Reserve land use allocations.	Multiple Sections, Upper Nestucca River Watershed, Tillamook and Yamhill Counties.	On hold until further notice.	Debra Drake (503) 815-1134
Transportation System Management Actions			
None			
Miscellaneous Land Use Requests			
Process Requests (EA/CX/DNA): For various land uses such as rights-of-way, tailholds, and special use permits.	Tillamook Resource Area-wide	Ongoing	Andy Pampush (503) 815-1143
