July 18, 2014

CERTIFIED MAIL - Return Receipt No. 7012 2210 0000 7758 0507

DECISION

Public Utility District No. 1 of Benton County :
P.O. Box 6270 : Right-of-Way Grant WAOR 68080
Kennewick, WA 99336 :

Right-of-Way Grant WAOR 68080 Issued
Rental Determined
Monitoring Fee Determined

I have reviewed the documentation for this proposal (DOI-BLM-OR-135-2014-0009), and have determined that authorizing a right-of-way for this use would be categorically excluded from NEPA. Under authority of Title V of the Federal Land Policy and Management Act of 1976, a right-of-way grant will be issued to Public Utilities District No. 1 of Benton County approving the authorization of a buried 12.47/7.2 kV power line within the right-of-way of an existing road (WAOR 61004). The buried power line granted herein is 10 feet wide, 1,245 feet long and contains .29 acres.

Enclosed is a copy of your executed right-of-way (ROW) grant, serial number WAOR 68080, which allows the authorized use of a right to install, operate, maintain, and terminate a buried power line on public land in Benton County, WA. It was approved by the BLM on July 18, 2014.

The advance rent for the ROW was determined to be \$ 577.45 for the entire period of the grant to December 31, 2043. The monitoring fee for the ROW was determined to be Category 1, resulting in a fee of \$119.00 for a total amount of \$ 696.45. Both of these amounts have been received and a receipt is enclosed.

The issuance of this right-of-way grant may be appealed to the Interior Board of Land Appeals, Office of the Secretary, in accordance with the regulations at 43 CFR, Part 4 and the enclosed Form 1842-1. If an appeal is taken, your notice of appeal must be filed in this office (at the above address) within 30 days from receipt of this decision. The appellant has the burden of proof of showing that the decision appealed from is in error.

If you wish to file a petition (request) pursuant to regulation 43 CFR 2801.10 or 43 CFR 2881.10 for a stay (suspension) of the effectiveness of this decision during the time that your appeal is being reviewed by the Board, the petition for a stay must accompany your notice of appeal. A petition for a stay is required to show sufficient justification based on the standards listed below. Copies of the notice of appeal and petition for a stay must also be submitted to each party named in this decision and to the Interior Board of Land Appeals and to the appropriate Office of the Solicitor (see 43 CFR 4.413) at the same time the original documents are filed with this office. If you request a stay, you have the burden of proof to demonstrate that a stay should be granted.

Standards for Obtaining a Stay

Except as otherwise provided by law or other pertinent regulation, a petition for a stay of a decision pending appeal shall show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied,
- (2) The likelihood of the appellant's success on the merits,
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

If you have any questions about this decision or the enclosed right-of-way grant, please contact Heidi Lee Honner, Realty Specialist at (509) 536-1216.

Sincerely,

Linda Clark
Field Manager
Border Field Office

A. Background

BLM Office: Border Field Office

Lease/Serial/Case File No.: WAOR 68080

NEPA Log Number: OR-135-2014-0009-CX

Proposed Action Title: Authorization of buried 12.47/7.2 kV power line right-of-way (ROW) for Public Utility District No.1 of Benton County (Benton PUD).

Location of Proposed Action: Benton County, Washington, Willamette Meridian at:

T. 8 N., R. 28 E., sec. 18, NE $\frac{1}{4}$ NW $\frac{1}{4}$.

Description of Proposed Action: An application was received from Benton County PUD No. 1 (Benton PUD) requesting a right-of-way to install, operate, and maintain a buried 12.47/7.2 kV power line within an existing road right-of-way off Badger Canyon and 99 PR SE roads, south of Kennewick, Washington.

This power line supplies power to a residence within the boundaries of an approved right-of-way for an access road to the residence of WAOR 61004.

The right-of-way is approximately 1,245 feet long and 10 feet wide for a total of .29 acres. The term of the grant will be 30 years.

The proposed action is to authorize a right-of-way grant to install, operate, and maintain a buried 12.47/7.2 kV power line for Benton PUD within an existing access road to the residence of WAOR 61004.

B. Land Use Plan Conformance

Land Use Plan Name: Spokane Resource Management Plan

Date Approved/Amended: Approved 1987/Amended 1992

Option 1 (conforms with LUP): The proposed action is in conformance with the applicable LUP because it is specifically provided for in the following LUP decision(s): Keep public lands open for exploration/development of mineral resources, rights-of-way, access, and other public purposes with consideration to mitigate designated resource concerns (BLM 1987, p. 12).

OR

(Option 2: not explicitly provided for in the LUP) The proposed action is in conformance with the applicable LUP, even though it is not specifically provided for, because it is clearly consistent with the following LUP decision(s) (*objectives, terms, and conditions*):

C. Compliance with NEPA:

The proposed action is categorically excluded from further documentation under the National Environmental Policy Act (NEPA) in accordance with

516 DM 11.9.E (12): Grants of rights-of-way wholly within the boundaries of other compatibly developed rights-of-way.

This categorical exclusion is appropriate in this situation because there are no extraordinary circumstances potentially having effects that may significantly affect the environment. The proposed action has been reviewed, and none of the extraordinary circumstances described in 43 CFR 46.215 apply, as shown in the following table:

CX EXTRAORDINARY CIRCUMSTANCES DOCUMENTATION The proposed categorical exclusion action will:	YES	NO
(a) Have significant impacts on public health or safety.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
There are no impacts on public health or safety.		
(b) Have significant impacts on such natural resources and unique geographic characteristics as historic or cultural resources; park, recreation or refuge lands; wilderness areas; wild or scenic rivers; national natural landmarks; sole or principal drinking water aquifers; prime farmlands; wetlands (Executive Order 11990); floodplains (Executive Order 11988); national monuments; migratory birds; and other ecologically significant or critical areas.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
Installation of the buried power line will be within the boundaries of a road right-of-way; there will be no additional disturbance, and therefore no significant impacts to natural or cultural resources.		
(c) Have highly controversial environmental effects or involve unresolved conflicts concerning alternative uses of available resources [NEPA Section 102(2)(E)].	<input type="checkbox"/>	<input checked="" type="checkbox"/>
There are no highly controversial environmental effects identified or unresolved conflicts.		
(d) Have highly uncertain and potentially significant environmental effects or involve unique or unknown environmental risks.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
There are no uncertain and potentially significant environmental effects or risks involved with the power line within the road right-of-way.		
(e) Establish a precedent for future action or represent a decision in principle about future actions with potentially significant environmental effects.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
This type of action is a typical right-of-way and therefore would not set a precedent for future action.		
(f) Have a direct relationship to other actions with individually insignificant	<input type="checkbox"/>	<input checked="" type="checkbox"/>

but cumulatively significant environmental effects.		
Installation of a buried power line within the road right-of-way does not have a relationship to other actions insignificant or cumulatively significant environmental effects.		
(g) Have significant impacts on properties listed, or eligible for listing, on the National Register of Historic Places as determined by either the bureau.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
A literature review, consultation, and cultural inventory has determined that this right-of-way will not fall within areas that are eligible for listing on the National Register of Historic Places.		
(h) Have significant impacts on species listed, or proposed to be listed, on the List of Endangered or Threatened Species, or have significant impacts on designated Critical Habitat for these species.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
No federally listed species or critical habitat is present within the right-of-way area.		
(i) Violate a Federal law, or a State, local, or tribal law or requirement imposed for the protection of the environment.	<input type="checkbox"/>	<input checked="" type="checkbox"/>
All applicable laws (NEPA, FLPMA, NHPA, ESA) are being followed in processing this right-of-way.		
(j) Have a disproportionately high and adverse effect on low income or minority populations (Executive Order 12898).	<input type="checkbox"/>	<input checked="" type="checkbox"/>
The implementation of this right-of-way will not effect low income or minority populations in anyway.		
(k) Limit access to and ceremonial use of Indian sacred sites on Federal lands by Indian religious practitioners or significantly adversely affect the physical integrity of such sacred sites (Executive Order 13007).	<input type="checkbox"/>	<input checked="" type="checkbox"/>
There will be no access limitations to any populations.		
(l) Contribute to the introduction, continued existence, or spread of noxious weeds or non-native invasive species known to occur in the area or actions that may promote the introduction, growth, or expansion of the range of such species (Federal Noxious Weed Control Act and Executive Order 13112).	<input type="checkbox"/>	<input checked="" type="checkbox"/>
The buried power line is within the boundaries of the road right-of-way. Standard right-of-way stipulations address the control of weeds or invasive species.
