CERTIFIED MAIL - Return Receipt Requested #7009 0960 0000 4526 5337

Notice of Field Manager’s Proposed Decision for Renewal of Grazing Allotment Number 0826

Introduction
The Bureau of Land Management (BLM) grazing lease on allotment 0826 expired on February 28, 2008. The lease was then renewed in 2008 under provisions of Section 116 of Public Law 106-291 which allowed for the renewal of the lease under the terms and conditions of the expiring lease until the lease was processed in compliance with all applicable laws and regulations. This processing, which has been completed, included an interdisciplinary review of the potential impacts of the grazing lease in accordance with the National Environmental Policy Act (NEPA) of 1969. The interdisciplinary review has been completed as documented in Documentation of Land Use Plan Conformance and NEPA Adequacy DOI-BLM-OR-134-2011-0002-DNA signed January 4, 2011.

Proposed Decision:
Therefore, under the authority of 43 Code of Federal Regulations (CFR) 4130.2a, 43 CFR 4130.2d and 43 CFR 4160.1a, it is my proposed decision to renew the grazing lease for allotment 0826 for a period of 10 years (3/2011 – 2/2021) with the same terms and conditions as the lease that expired February 28, 2008. The mandatory terms and conditions of the lease are:

<table>
<thead>
<tr>
<th>Number of Livestock</th>
<th>Kind</th>
<th>Begin Period</th>
<th>End Period</th>
<th>Acres Public Land</th>
<th>Type Use</th>
<th>AUMS</th>
</tr>
</thead>
<tbody>
<tr>
<td>40</td>
<td>Cattle</td>
<td>03/01</td>
<td>05/31</td>
<td>1112</td>
<td>Custodial</td>
<td>120</td>
</tr>
<tr>
<td>3</td>
<td>Horse</td>
<td>03/01</td>
<td>02/28</td>
<td>1112</td>
<td>Custodial</td>
<td>36</td>
</tr>
</tbody>
</table>
Other terms and conditions of the lease are:
The BLM is in the process of implementing the Standards for Rangeland Health and Guidelines for Livestock Management. This lease is subject to modification, as necessary, to achieve compliance with these Standards and Guidelines (43 CFR 4180).

**Rationale for the Proposed Decision:**
Renewal of the grazing lease is in conformance with the applicable Land Use Plans (LUP) because it is specifically provided for in the following LUP decisions:

- Spokane District Resource Management Plan (RMP)/Final EIS (August 1985) and its Record of Decision (ROD)/Rangeland Program Summary (May 1987)
- Proposed Spokane RMP Plan Amendment/Final EIS (June 1992) and its ROD (December 1992)

This grazing allotment is identified on page 46 of the Spokane RMP/ROD, authorizing grazing. The environmental impacts of grazing for all alternatives are discussed in Chapter 4 (Environmental Consequences, pages 79-92) of the Spokane RMP/FEIS. As discussed in the Allotment Categorization section of the Spokane RMP/FEIS (pages 53 – 55), allotments were categorized as Custodial according to the following criteria:

- Present range condition is not a factor.
- Allotments have low resource production potential, and are producing near their potential.
- Limited resource use conflicts/controversies may exist.
- Opportunities for positive economic return on public investment do not exist or are constrained by technological or economic factors.
- Present management appears satisfactory or is the only logical practice under existing resource conditions.
- Manageability is limited because public lands are intermingled with much larger acreages of non-public lands. Cooperation of intermingled landowners in management has not been obtained.

As is the case with this grazing allotment, most of the Custodial allotments are unfenced, small tracts which are intermingled with larger acreages of non-BLM rangelands, thus limiting the BLM’s management opportunities.

An interdisciplinary team conducted a review for any new information concerning the proposed lease renewal. No significant information was identified in the review. As stated above, the results of the interdisciplinary review are documented in DOI-BLM-OR-134-2011-0002-DNA. Conformance with the Spokane RMP as amended is also documented in the DNA.

The BLM issued consultation letters regarding grazing lease 0826 on May 30, 2008. Lease #0826 was one of several dozen grazing leases planned for renewal by the BLM Spokane District; letters for all these leases were sent to the Washington State Department of Archaeology and Historic Preservation (DAHP), the Colville Confederated Tribes (CCT) and the
Confederated Tribes and Bands of the Yakama Nation (Yakama Nation). On June 4, 2008, DAHP responded, concurring with the definition of the area of potential effect (APE) and the proposed survey areas. Responses were not received from either the Colville Confederated Tribes or the Yakama Nation.

Final consultation letters requesting concurrence with a determination of “No adverse effect” were sent on October 18, 2010. Washington State DAHP concurrence with the determination of effect was received in a letter dated October 25, 2010. Tribal Historic Preservation Offices were asked for concerns or comments on this lease. Responses were not received from either the Colville Confederated Tribes or the Yakama Nation.

Authority
43 CFR 4130.2(a) states: “Grazing permits or leases shall be issued to qualified applicants to authorize use on the public lands and other lands under the administration of the Bureau of Land Management that are designated as available for livestock grazing through land use plans. Permits or lease shall specify the types and levels of use authorized, including livestock grazing, suspended use and conservation. These grazing permits and leases shall also specify terms and conditions pursuant to §§4130.3, 4130.3-1, and 4130.3-2.”

43 CFR 4120.5-2 states: “The authorized officer shall cooperate with state, county, and federal agencies in the administration of laws and regulations relating to livestock, livestock diseases, sanitation…”

43 CFR 4130.2(d) states: “The term of the grazing permits or leases authorizing livestock on the public lands and other lands under the administration of the Bureau of Land Management shall be 10 years…”

43 CFR 4160.1(a) states: “Proposed decisions shall be served on any affected applicant, permittee or lessee and any agent and lien holder of record, who is affected by the proposed actions, terms or conditions, or modifications relating to applications, permits and agreements (including range improvement permits) or leases, by certified mail or personal delivery. Copies of the proposed decisions shall also be sent to the interested public.”

Protest and/or Appeal
Any applicant, permittee, lessee or other affected interest may protest a proposed decision under Sec. 43 CFR 4160.1 and 4160.2, in person or in writing to: Karen Kelleher, Wenatchee Field Manager, Bureau of Land Management, 915 Walla Walla Avenue, Wenatchee, Washington 98801 within 15 days of the issuance of the proposed decision. The protest, if filed, should clearly and concisely state the reason(s) as to why the proposed decision is in error.

In accordance with 43 CFR 4160.3 (a), in the absence of a protest, this proposed decision will become the final decision of the Authorized Officer without further notice. In accordance with 43 CFR 4160.3 (b) upon a timely filing of a protest, after a review of protests and statement of reasons received and other information pertinent to the case, the Authorized Officer shall issue a final decision.
Any applicant, permittee, lessee or other person whose interest is adversely affected by the final decision may file an appeal in accordance with 43 CFR 4.470 and 4160.4. The appeal must be filed within 30 days following receipt of the final decision, or within 30 days after the date the proposed decision becomes final. The appeal may be accompanied by a petition for a stay of the decision in accordance with 43 CFR 4.471. The appeal and petition for a stay must be filed with the Wenatchee Field Office Manager, Bureau of Land Management, 915 Walla Walla Avenue, Wenatchee, WA 98801. The person/party must also serve a copy of the appeal with U.S. Department of the Interior, Office of the Regional Solicitor, 805 SW Broadway, Suite 600, Portland, OR 97205 and any person sent a copy of this decision (see cc list following the signature line) [43 CFR 4.421(h)].

The appeal shall state the reasons, clearly and concisely, why the appellant thinks the final decision is in error and otherwise complies with the provisions of 43 CFR 4.470.

Should you wish to file a petition for a stay, see 43 CFR 4.471 (a) and (b). In accordance with 43 CFR 4.471(c), a petition for a stay must show sufficient justification based on the following standards:

(1) The relative harm to the parties if the stay is granted or denied.
(2) The likelihood of the appellant's success on the merits.
(3) The likelihood of immediate and irreparable harm if the stay is not granted, and
(4) Whether the public interest favors granting the stay.

As noted above, the petition for stay must be filed in the office of the authorized officer and serviced in accordance with 43 CFR 4.473. Any person named in the decision from which an appeal is taken (other than the appellant) who wishes to file a response to the petition for a stay may file with the Hearings Division, Office of Hearings and Appeals, Salt Lake City, Utah a motion to intervene in the appeal, together with the response, within 10 days after receiving the petition 43 CFR 4.472 (b). Within 15 days after filing the motion to intervene and response, the person must serve copies on the appellant, the Office of the Solicitor and any other person named in the decision [43 CFR 4.472(b)].

If you have any questions, please contact Angela Link at 509-665-2100.

Karen Kelleher, Field Manager

Date

Copies sent to: Grazing Allotment # 0826
Instructions for using the Determination of NEPA Adequacy (DNA) Form

How to begin: Save this document to the appropriate location on the District or Field Office shared drive using the name of the project and NEPA log number.

A. Background:
BLM Office: Select the applicable office from the drop-down menu.
Lease/Serial/Case File No.: Enter the appropriate program number or “N/A.”
NEPA Log Number: Enter the full number from the NEPA log.
Proposed Action Title: Enter the same title of the action as you used in the NEPA Log.
Location of the Proposed Action: Provide legal description and county.
Proposed Action: Provide a brief description of the proposed action.

B. Land Use Plan Conformance: Select an option. Following either option enter the text of the applicable RMP decision.

C. Identify applicable National Environmental Policy Act (NEPA) document(s) or other related document(s) that cover the proposed action:

Name and date of NEPA document(s): List the name and date of preparation of the NEPA document(s) which covers the proposed action. If the proposed action was covered in the RMP, the documentation should be:

And/or

The RODs for the RMP and Amendment are not NEPA documents and should not be listed here.

Name and date of other relevant document(s): Identify other relevant documents.

D. NEPA Adequacy Criteria: Answer the five questions. If the answer to any question is “No” then this form can not be used and other NEPA documentation must be prepared.

E. Persons/Agencies Consulted: Identify any non-BLM persons or organizations consulted. All BLM staff involved will be identified on the cover sheet and do not need to be listed here.

F. Conclusion: All criteria listed in paragraph D must be met to reach this conclusion.

G. Contact: Provide the name, phone number and email of the project lead.

Print the form for the manger’s signature. The field shading will not display in the printed document.
Determination of NEPA Adequacy (DNA)
Department of the Interior
Bureau of Land Management, Spokane District
1103 North Fancher Road
Spokane Valley, WA 99212

A. Background
BLM Office: Wenatchee Field Office
Lease/Serial/Case File No.: 3600826
NEPA Log Number: DOI-BLM-OR-134-2011-0002-DNA

Proposed Action Title: Grazing Lease Renewal/Custodial Allotment
Location of Proposed Action: The allotment is part of the Scattered Tracts Management Area.
Legal Description of the lands is as follows
T12N R22E: Sec 12: W½, SE¼,
T12N R23E: Sec 2: Lots 1, 2, 3, 4, S½N½
Sec 14: N½

Description of Proposed Action:
The proposed action is to address a grazing lease renewal for grazing allotment # 3600826 for a period of 10 years (3/2011-3/2021). This allotment is a “Custodial” allotment with 1,120 acres of public land intermingled with private land owned or leased by the lessee. This proposed action would continue to authorize cattle and horse grazing on 1,112 acres of BLM lands between 3/01-2/28, utilizing 160 AUMs.

B. Land Use Plan Conformance
Land Use Plan Name: Spokane Resource Management Plan
Date Approved/Amended: Approved 1987/Amended 1992

☒Option 1 (conforms with LUP): The proposed action is in conformance with the applicable LUP because it is specifically provided for in the following LUP decision(s): Page 46 in the Record of Decision for the RMP listed above.

OR

☐ (Option 2: not explicitly provided for in the LUP) The proposed action is in conformance with the applicable LUP, even though it is not specifically provided for, because it is clearly consistent with the following LUP decision(s) (objectives, terms, and conditions):

C. Identify applicable National Environmental Policy Act (NEPA) document(s) or other related document(s) that cover the proposed action

Name and date of NEPA document(s): Spokane Resource Management Plan(RMP)/Final Environmental Impact Statement (EIS), 1985
Name and date of other relevant document(s):
• Washington Department of Fish and Wildlife Priority Habitats and Species - 1997 Databases
• Washington Natural Heritage Program - 1998 Database
• Washington Office of Archaeological and Historical Preservation - 2003 Database
• Spokane District 2003 Archaeological Survey Database and files.

D. NEPA Adequacy Criteria

1. Is the new proposed action a feature of, or essentially similar to an alternative analyzed in the existing NEPA document(s)? Is the project within the same analysis area, or if the project location is different, are the geographic and resource conditions sufficiently similar to those analyzed in the existing NEPA document(s)? If there are differences, can you explain why they are not substantial?
Yes, this allotment is identified on pg. 46 of the Spokane RMP/ROD, authorizing grazing of cattle on 1,112 acres from 3/01 to 2/28 utilizing 160 AUMs. This is the same as the proposed action.

2. Is the range of alternatives analyzed in the existing NEPA document(s) appropriate with respect to the new proposed action, given current environmental concerns, interests, and resource values?
Yes, the proposed action is the same as that analyzed in the Spokane RMP/Final EIS.

3. Is the existing analysis valid in light of any new information or circumstances (such as, rangeland health standard assessment, recent endangered species listings, updated lists of BLM-sensitive species)? Can you reasonably conclude that new information and new circumstances would not substantially change the analysis of the new proposed action?
Yes, there is no new information that would change the analysis of the Spokane RMP/Final EIS.

4. Are the direct, indirect, and cumulative effects that would result from implementation of the new proposed action similar (both quantitatively and qualitatively) to those analyzed in the existing NEPA document?
Yes, the effects are the same as those analyzed in the existing NEPA document.

5. Are the public involvement and interagency review associated with existing NEPA document(s) adequate for the current proposed action?
The Spokane RMP/FEIS and its ROD (including the Rangeland Program Summary) were distributed to all interested publics and other government agencies for review. Since the subject grazing leases are identified in the land use plan, which went through all of the appropriate and legally required public/agency review, public involvement for this action is considered adequate. The Bureau of Indian Affairs (BIA) was consulted, but individual tribes were not.

The BLM issued consultation letters regarding grazing lease 0826 on May 30, 2008. Lease # 0826 was one of several dozen grazing leases planned for renewal by the BLM Spokane District; letters for all these leases were sent to the Washington State Department of Archaeology and Historic Preservation (DAHP), the Colville Confederated Tribes (CCT) and the Confederated Tribes and Bands of the Yakama Nation (Yakama Nation). On June 4, 2008 DAHP responded,
concurring with the definition of the area of potential effect (APE) and the proposed survey areas. Responses were not received from either the Colville Confederated Tribes or the Yakama Nation.

Final consultation letters requesting concurrence with a determination of “No adverse effect” were sent on October 18, 2010. Washington State DAHP concurrence with the determination of effect was received in a letter dated October 25, 2010. Tribal Historic Preservation Offices were asked for concerns or comments on this lease. Responses were not received from either the Colville Confederated Tribes or the Yakama Nation.

No other specific public involvement, or interested public status (under the grazing regulations at 43 CFR 4100.0-5), has been requested for these allotments, except from the grazing lessee who has been involved in all planning processes pertaining to this allotment.

**E. Persons/Agencies/Consulted** (BLM Staff Consulted are listed on the coversheet attached to this document, or available at the BLM office identified in Section A, above).

<table>
<thead>
<tr>
<th>Name</th>
<th>Title</th>
<th>Resource/Agency Represented</th>
</tr>
</thead>
</table>

**F: Conclusion**

Based on the review documented above, I conclude that this proposal conforms to the applicable land use plan and that the NEPA documentation fully covers the proposed action and constitutes BLM’s compliance with the requirements of the NEPA.
