

RECORD OF PLAN CONFORMANCE AND CATEGORICAL EXCLUSION (CX) DETERMINATION

CX Log #: DOI-BLM-ORV040-2014-062-CX

CE Exemption category: 516 DM 11.9, E.9: Renewals and assignments of leases, permits, or rights-of-way where no additional rights are conveyed beyond those granted by the original authorizations.

BLM Office: Vale District Bureau of Land Management, 100 Oregon Street, Vale, Oregon 97918
Phone #: 541-473-3144

BACKGROUND:

Project Name: Renewal of existing FM Broadcast Tower authorized under OR-56585.

Applicant: Adelante Media

Location of Proposed Action: T. 22S, R. 45E, Section 27 SWSW and 34 NWNW.

DESCRIPTION OF THE PROPOSED ACTION: On May 30, 2014, Adelante Media submitted an application (SF-299) requesting a renewal of right-of-way (ROW) OR-56585 for the continued use of a FM Broadcast tower which is located at T.22S, R.45E, Section 27, SWSW and section 34, NWNW, in Malheur County, Oregon (Exhibit B). This project will require no new or additional construction. It is a renewal of an existing FM Broadcast tower.

PLAN CONFORMANCE

All actions approved or authorized by the BLM must conform to the existing land use plan where one exists (43 CFR 1610.5-3, 516 DM 11.9). Although it is not a NEPA requirement, the BLM includes within all its NEPA documents a statement about the conformance of the proposed action and alternatives with the existing land use plan. The BLM's planning regulations state that the term "conformity" or "conformance" means that "... a resource management action shall be specifically provided for in the plan, or if not specifically mentioned, shall be clearly consistent with the terms, conditions, and decisions of the approved plan or amendment" (43 CFR 1601.0-5(b)).

The proposed action is also in conformance with the management objectives of the Southeastern Oregon Resource Management Plan (SEORMP, Sept. 2002), *General Planning Criteria*, cited on page 9 of the RMP. The proposed action conforms to program-specific objectives of the SEORMP which are cited on page 108 – 111. Adelante Media is applying for a renewal of an existing FM Broadcasting tower. Exclusion areas are: wilderness areas and wild river segments. Avoidance areas are Wilderness Study Areas, ACEC's and scenic and recreation river segments.

DOCUMENTATION OF CATEGORICAL EXCLUSIONS: EXTRAORDINARY CIRCUMSTANCES

This categorical exclusion is appropriate in this situation because there are no extraordinary circumstances potentially having effects that may significantly affect the environment. The proposed action has been reviewed and none of the circumstances described in 516 DM 2, Appendix 2, and listed below apply.

SUMMARY OF FINDINGS AND DETERMINATION

The proposed action is categorically excluded from further documentation under the National Environmental Policy Act (NEPA) in accordance with the Departmental Manual Categorical Exclusions list, sections of which are cited and quoted above. The proposed action has also been reviewed in relation to the above listed 12 Extraordinary Circumstances in accordance with the Departmental Manual, and none of these circumstances apply.

DECISION RECORD

Based on the enclosed Categorical Exclusion Documentation, DOI-BLM-ORV040-2014-062-CX, I have determined that the proposed action to authorize the renewal of the existing FM Broadcasting tower authorized as OR-56585 involves no significant impacts to the human environment and requires no further environmental analysis. It is my decision to authorize this action as proposed. For additional information concerning this project, contact Project Lead Trisha Skerjanec, Vale District Office, 100 Oregon Street, Vale, Oregon 97918. Phone (541) 473-3144.

- a. This grant is subject to the provisions, limitations, and conditions of Title V, P. L. 94-579, Act of October 21, 1976, 90 Stat. 2473.
- b. There is reserved to the Secretary of the Interior, or his lawful delegate, the right to grant additional rights-of-way or permits for compatible uses on, over, under, or adjacent to the land involved in this grant.
- c. Holder shall survey and clearly mark the exterior limits of the right-of-way. All activities directly or indirectly associated with the construction or maintenance of this telephone line must be conducted within the limits of the right-of-way.
- d. The Holder shall comply with the applicable Federal and State laws and regulations concerning the use of pesticides (i.e. insecticides, herbicides, fungicides, rodenticides, and other similar substances) in all activities/operations under this Grant. The Holder shall obtain from the Authorized Officer approval of a written plan prior to the use of such substances. The plan must provide the type and quantity of material to be used; the pest, insect, fungus, etc., to be controlled; the method of application; the location of or storage and disposal of containers; and other information that the Authorized Officer may require. The plan should be submitted no later than December 1 of any calendar year that covers the proposed activities for the next fiscal year (i.e., December 1, 2013, deadline for a fiscal year 2014 action.) If need for emergency use of pesticides is identified, the use must be approved by the Authorized Officer. The use of substances on or near the right-of-way shall be in accordance with the approved plan. A pesticide shall not be used if the Secretary of the Interior has prohibited its use. A pesticide shall be used only in accordance with its registered uses and within other limitations if the Secretary has imposed limitations. Pesticides shall not be permanently stored on public lands authorized for use under this Grant.
- e. Any cultural and/or paleontological resource (historic or prehistoric site or object, or fossil) discovered by the holder, or any persons working on his behalf on public or Federal land shall be immediately reported to the authorized officer. Holder shall suspend all operations in the immediate area of such discovery until written authorization to proceed is issued by the authorized officer. An evaluation of the discovery will be made by the authorized officer to determine appropriate actions to prevent the loss of significant cultural or scientific values. The holder will be responsible for the cost of evaluation and mitigation, and any decision as to proper avoidance, protection or mitigation measures will be made by the authorized officer after consulting with the holder and others under Section 106 of the National Historic Preservation Act.
- f. Pursuant to 43 CFR 10.4(g), the holder of this authorization must immediately notify the authorized officer, by telephone, with written confirmation, immediately upon the discovery of human remains, funerary items, sacred objects, or objects of cultural patrimony. Further, pursuant to 43 CFR 10.4 (c) and (d), the holder must stop activities in the vicinity of the discovery and protect it for 30 days or until notified to proceed by the authorized officer. The BLM Authorized Officer will determine avoidance, protection or mitigation measures in consultation with the Holder, Oregon SHPO, and affected Tribes. Costs associated with the discovery, evaluation,

protection or mitigation of the discovery shall be the responsibility of the holder.

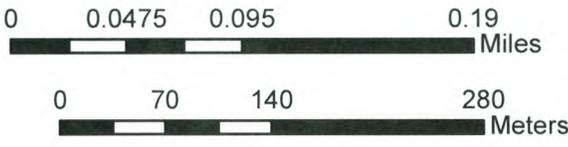

- g. The holder shall notify the Authorized Officer at least 30 days prior to any non-emergency activities that would cause surface disturbance in the right-of-way. The Authorized Officer will determine if a cultural resource inventory, treatment or mitigation is required for the activity. The holder will be responsible for the cost of inventory, avoidance, treatment or mitigation; including any maintenance-caused damage. The Authorized Officer will determine avoidance, treatment and mitigation measures that are necessary after consulting with the holder and under Section 106 of the National Historic Preservation Act.
- h. The holder shall not initiate any construction or other surface disturbing activities (including non-emergency operations or maintenance activities) on the right-of-way without the prior written authorization of the authorized officer. Such authorization shall be a written notice to proceed issued by the authorized officer. Any notice to proceed shall authorize construction or use only as therein expressly stated and only for the particular location or use therein described.
- i. The holder shall protect all survey monuments found within the right-of-way. Survey monuments include, but are not limited to, General Land Office and Bureau of Land Management Cadastral Survey Corners, reference corners, witness points, U.S. Coastal and Geodetic benchmarks and triangulation stations, military control monuments, and recognizable civil (both public and private) survey monuments. In the event of obliteration or disturbance of any of the above, the holder shall immediately report the incident, in writing, to the authorized officer and the respective installing authority if known. Where General Land Office or Bureau of Land Management right-of-way monuments or references are obliterated during operations, the holder shall secure the services of a registered land surveyor or a Bureau cadastral surveyor to restore the disturbed monuments and references using surveying procedures found in the Manual of Surveying Instructions of the Survey of the Public Lands of the United States, latest edition. The holder shall record such survey in the appropriate county and send a copy to the authorized officer. If the Bureau cadastral surveyors or other Federal surveyors are used to restore the disturbed survey monument, the holder shall be responsible for the survey cost.
- j. The holder agrees to indemnify the United States against any liability arising from the release of any hazardous substance or hazardous waste (as these terms are defined in the Comprehensive Environmental Response, Compensation and Liability Act of 1980, (43 U.S.C. 9601, et seq. or the Resource Conservation and Recovery Act of 1976, 42 U.S.C. 6901, et seq.) on the right-of-way (unless the release or threatened release is wholly unrelated to the right-of-way holder's activity on the right-of-way). This agreement applies without regard to whether a release is caused by the holder, its agent, or unrelated third parties.
- k. The holder shall conduct all activities associated with the construction, operations, and termination of the right-of-way within the authorized limits of the right-of-way.
- l. The holder shall take such measures for prevention and suppression of fire on the grant area and adjacent public lands or public lands used or traversed by the holder in connection with operations as are required by applicable laws and regulations.
- m. Ninety days prior to termination of the right-of-way, the holder shall contact the authorized officer to arrange a joint inspection of the right-of-way. This inspection will be held to agree to an

acceptable termination (and rehabilitation) plan. This plan shall include, but is not limited to, removal of facilities, drainage structures, or surface material, recontouring, topsoiling, or seeding. The authorized officer must approve the plan in writing prior to the holder's commencement of any termination activities.

- n. Prior to any activity on the ground in those areas where endangered, threatened and sensitive plants are known to occur, the holder will notify the Authorized Officer in order to schedule a site inspection to insure protection of these species.
- o. No new roads may be constructed. Any maintenance or modification activities will be confined to existing roads and right-of-way.
