Subject: Data Call - 2002 BLM Facts

DD: 03/25/2003

The Oregon/Washington BLM Facts for 2001 was very well received. The information presented in the "Facts" format gives researchers, Congressionals, media and the public a comprehensive snapshot of BLM, and they appreciate it.

Enclosed you will find a copy of the FY 2001 data for your program area. Please write your numbers onto the template page(s) where indicated. Also, please update or rewrite any text portion of your template page; this can be done on a separate paper if you wish. Include your name and telephone number on each page of data you submit.

If you would like to highlight your program's most significant accomplishments please include a brief narrative, including a photo or graphic. The best photos show actions or results and have good contrast between light and dark. If you want to submit digital photos or graphics, they should be 300 dpi or higher resolution.

Some material in your template page(s) could be obsolete material that should be dropped, and you can best determine when new program areas have emerged and should be included. Please call Pam Robbins (503) 808-6306, if we need to make this type of change, or if you have any questions. Data should be sent to Pam in OR912.
