BLM-Information Bulletin No. OR-2006-127

To: Forest Service Forest Supervisors and Bureau of Land Management District Managers

Subject: All-Hazard Response Leaders for National Response Plan Preparedness

DD: 06/23/2006

All-Hazard Regional Directory

Each unit should identify two employees as all-hazard response leaders: a primary and an alternate for each disaster identified (see Attachment 2). Once identified, a directory of all-hazard response leaders will be developed for the Pacific Northwest and shared with both Forest Service and Bureau of Land Management line officers. Please take this opportunity to strategically think about who will have the authority to provide assistance to our agencies and incident management teams in a time of crisis by filling out the attached form. For more information about the need for all-hazard response leaders in addition to their role and the type of skills they should possess, please refer to Attachment 1.

Please complete, sign, and date the attached All-Hazard Response Leaders Directory Form by June 23, 2006, and email the form to David Summer, dsummer@fs.fed.us (503-808-2143). Please direct questions to David or Lori Hammer, lori_hammer@or.blm.gov (503-808-6473).
