A Starry Night

Saturday, September 15

Daytime Solar Viewing | 10:00am – Noon

Evening Celestial Viewing | 8:00 – 11:00pm

Join us for two special programs and stunning views of the Milky Way. The Solar Viewing program features telescopes for safely viewing our nearest star; The Evening Program features sky charts, films for kids, and high-power telescope viewing stations. More event details at oregontrail.blm.gov
