From Head to Toe: Making Period Costumes More Period

Are you making a costume and just haven't been able to find the right way to make it historically accurate? Have you been searching for the correct patterns, fabrics, notions or accessories to make your costume just right? Are you having trouble with the fitting process?

Join Lesley Gaunt for a workshop that will answer those questions and more. Lesley has a theatrical costuming background that has evolved into Living History costuming. She has researched and costumed a variety of time periods. Working at Scotty's Castle in Death Valley National Park, Lesley is in charge of costuming the Living History program as well as being a tour guide herself. Lesley will give you tips on sewing and sources to find those items you've been looking for as well as an informative workbook you can take home.

If you have an issue with a project you are working on or just want specific advice on something, please leave a message at 541-523-1843 outlining the problem so Lesley will have the sources ready to answer your questions. The workshop will begin at 1:00pm and end at 5:00pm. You will need the specific supplies required for you project.

Your cost includes admission to the Interpretive Center, so plan to come early and enjoy the exhibits. For additional information or to register for the workshop call 541-523-1843.
