

Resource Management Plans For Western Oregon - Quick Start Guide

Tools

All tools to help navigate the viewer, make a comment, and get oriented to a specific location are under the “I want to...” menu:

I want to...

Click to dropdown tools:

- **Zoom to an area of interest:** There are four choices: County, Township, Recreation Management Area (RMA), and Area of Critical Environmental Concern (ACEC).
- **Make a comment about the RMPWO:** A Personal Information popup will tell the user the terms and conditions of what it means to give personal information in a comment. A user is able to submit a comment without providing any personal information. A user must check the box, acknowledging the terms and conditions in order to proceed with making a comment. If an email address is provided, the email address will be cc'd the comment email we receive. Attachments are optional. There is a 10MB attachment limitation and more than one attachment can be chosen, as long as they do not exceed 10MB in total. These documents or images should support a comment. **Comment period expires August 21, 2015.**
- **Remove Layer Filters & Highlights:** Clears any layer filter that was applied or any yellow highlight.
- **See and Modify Layer Visibility:** Opens the Map Layers panel on the left hand side to allow a user to toggle layers on and off.
- **View Data on the Map:** Retrieves information on layers in the interactive map. If features are found with this tool, a table will appear at the bottom with attributes of the data. This tool has the same functionality as the Right Click > What's Here option described below.
- **Return to Initial Map Extent:** Sets the map extent to the initial extent.
- **Print a Map:** Allows a user to view a printable map of the area of interest.

Map Layers

- Check the box next to a layer within a group to make visible on the map.

- Use the Transparency Slider to adjust transparency.

- Click the minus sign next to a group to minimize a group of layers.

- Click the Show Legend button to view the map Legend.

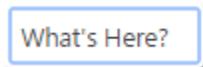

- Click the Show Layer List button to return to the Map Layers.

A Few Tips

- Use the  and  button to zoom in and out.
- Right click on the map for more information and click “What’s Here”.

- Type in the search window to retrieve records that match your search.
