

## Resource Management Plans for Western Oregon Forest Management and Wildlife Workshop

June 16, 2015  
BLM Medford District  
Medford, Oregon

June 17, 2015  
Ramada Medford Hotel and Convention Center  
Medford, Oregon

**Workshop Purpose:** To help members of the public understand the forest management and wildlife analyses in the Draft Resource Management Plan/Environmental Impact Statement, and offer a forum for informed community dialogue and constructive comments.

### AGENDA

**3:45 Sign in**

**4:00 Introduction – BLM & Workshop Facilitator**

**4:10 Presentation: Forest Management and Wildlife**

- Alternatives Overview, Forest Management Analytical Results – Abe Wheeler, BLM Interdisciplinary Team Specialist
- Northern Spotted Owl Analytical Results – Eric Greenquist, BLM Interdisciplinary Team Specialist
- Wildlife Analytical Results – Rex McGraw, BLM Interdisciplinary Team Specialist

**5:30 Participant/Presenter Panel Q&A**

**5:40 Break & Transition to Small Group Stations**

Participants are invited to participate in four smaller group discussions to learn more and dialogue about aspects of Forest Management and Wildlife strategies and results of the analysis. Through a facilitated discussion, participants will have the opportunity to dialogue about:

- Forest Management Strategies
- Northern Spotted Owl Management Strategies
- Other Wildlife Management Strategies
- Fire Management Strategies

In addition, a “Comments” table will be available to those who are ready to formulate specific comments to share with the BLM on their Draft EIS/RMP. Participants will also be able to explore data at an interactive mapping station.

**6:45-7:00 Meeting Wrap Up/Adjourn - BLM & Workshop Facilitator**
