Address:

1544 Lookingglass rd
Roseburg, OR 97471

E-mail address: beebe@gmail.com

Comments:

We need to log this land for the best use of our national resources.
In addition the land should be made available for public use where
ever possible. Hunting and fishing should be encouraged on the ground.
We should not be making these lands open for only backpacking and non
vehicular use as long as there are road systems that can be used for
people to get to the land and enjoy it.

Sincerely

Frank D Beebe
