Comments:

Hello:: This is the second time that I have written in regard to the Row River Trail in the Cottage Grove Area. Since the BLM is responsible at this point for 13 miles of that trail, it is imperative that funds are allocated to the taking care of the trail, which needs improvements at the present time. Also from a safety stand point, and since two people have lost their lives where the trail meets Row River Road, it is imperative that more safety features be allocated for that area especially, along with other problems. Please consider this when you are allocating funds this year. Many thanks Chuck McLaughlin
