Comments:

What would a successful plan look like to you? Sandy Ridge is the successful plan and I am very pleased with what the BLM has do.  
What kind of management does BLM do that you like and would like to see more of? Again Sandy Ridge  
What kind of management does BLM do that you do not like and would like to see less of? I like the balance of public monitors from BLM and groups like the IMBA.  
SANDY RIDGE IS THE MODEL. Thanks
