Comments:

After attending the meeting of May 24, 2012 in Salem we feel the BLM can contribute to the local economy and community by continuing the ACEC designation at Wilhoit Springs. The surrounding BLM land is a valuable resource to the park and community. The area is truly undisturbed, pristine, and unique in many respects. We feel that it also has recreational value due to the park. Many people come to experience this unique and beautiful setting. The extensive bird population is a big draw in the community. The retention of the ACEC designation would also preserve the existing character of the landscape which also carries historical significance for the park and the mineral springs. Please let us know if we can be of any assistance. Thank you for your time. Deborah Winter & Steven Bishop (503) 829-6322. Please call anytime!
