Revising the BLM's Resource Management Plans in Western Oregon

WESTERN OREGON PLAN REVISIONS

Johns Peak Area.

I was born in Medford and raised in Jacksonville. I have been riding the Johns Peak Area for Over 40 yrs. My Parents still live in Jacksonville and are also supporters of the Johns Peak riding grounds. The MRA has been diligent in its efforts to Center its efforts around property that it owns of which I also hold a deed to these lands. This Area Must Remain Open!

Anderson Butte is the most Congruent Area in the district and it only makes sense to retain it as an OHV designated Area.

Worthington Obendhain / Salt Creek is Another Area that is relatively unused by Other recreationalists and should retain OHV designation.

Cogar Creek and Elderberry Flat are areas that are used by the riders from the Grants Pass areas and have been in use for as many years as the Johns Peak area in Jackson County. These areas must remain open or we will have over crowding in the Southern riding areas that will bring many more issues as time goes by.

Thanks

Charles W Kimball.
