Revising the BLM's Resource Management Plans in Western Oregon

RECEIVED

Equestrians need to retain access to the 'emphasis' areas and require separate designated trails to minimize any conflicts between horses and OHVs.

Why are OHVs getting priority? Many of the 'emphasis' areas do not deserve to be intruded upon in this way. It is outrageous to assume that more than 100,000 acres be exclusively designated for OHV use alone - this is implied quite clearly - quote "horse back riding + ^{biking} hiking are allowed BUT NOT ENCOURAGED due to potential conflicts + safety hazards" This is NOT acceptable. A disgruntled trail rider.
