Dear Sir or Madam:

I am writing to request that you drop plans for clearcutting Oregon old growth and respect the terms of the Northwest Forest Plan.

I believe it is the job of the government to:

- protect all mature and old-growth forests from clearcutting;
- continue to protect threatened and endangered species such as the marbled murrelet and the Northern spotted owl;
- promote forest restoration rather than intensive industrial logging. Develop sustainable forestry rather than clearcutting;
- protect trout, salmon and clean water by shielding watersheds, rivers and streams from sedimentation and temperature changes.

Thank you very much.

Sincerely,
Douglas Green
