Subject: Comments for Western Oregon Plan Revision (WOPR)

No to WOPR! Our forests and endangered species habitat cannot survive this unnecessary increase in logging. When polled the public has over and over again said that they do not want additional old growth logged. This measure unravels the Northwest Forest Plan and puts logging and OHV interests ahead of the general public. I urge you to stop the implementation of this very flawed program.

Sincerely,

Sandra Copeland  
Ashland, OR
