

# NEW RIVER ACEC

## SUMMER EVENTS

### Freshwater Adventure

*Saturday, August 17 (10 am – 12 pm)*

Freshwater habitats include lakes, rivers, ponds, and wetlands and have a variety of microbial, plant, and animal life. Join New River ACEC's naturalist, Grace Larsen, on a hike to examine how these environments change depending on light penetration, vegetation, and temperature, and more. Learn the unique adaptation of local freshwater creatures!

### Interpretive Hike

*Friday, August 30 (10 am – 12 pm)*

All ages are invited to go outside with Erin Harrison and Laura Woodbury (Bureau of Land Management) for a family hiking exploration!

### Trees & Shrubs of New River

*Friday, September 20 (10 am – 12 pm)*

Join a guided hike, led by Eva Bailey (Bureau of Land Management), to learn how to use leaves, twigs, flowers, and more to recognize plant species. Examine the unique adaptations of our local trees and shrubs and understand the challenges they face on the Pacific coast.

### National Public Lands Day

*Saturday, September 28 (9 am – 2 pm)*

Helpful hands are needed to improve wildlife habitat by pulling noxious weeds, and to maintain trails. Volunteers will receive a free t-shirt. Bring a water bottle and wear appropriate work clothes (layers recommended). All tools and safety equipment will be provided.

### The New River Nature Center

is open *Saturdays & Sundays 10 am – 3 pm*, or on request. New River lands are open daily from sunrise to sunset. New River is located between Bandon and Langlois, west of Hwy 101. All programs are free and open to the public. Please contact the Bureau of Land Management at 541-347-9330 to reserve a space or for more information.
