

LR2000 Public Land Statistics

The active reports from the LR2000 system provide various forms of charts and tabular data for specific Public Land Statistics. The following instructions explain how to use the LR2000 reports.

Once the LR2000 report loads a screen will come up showing various charts. Scroll down to the lower left corner of the report and locate the box labeled “Chart Type”. Select Pie, Horizontal Bars or Vertical Bars for the chart type using the radio buttons. The default chart type is vertical bars. Click the links to the right of “Chart Type” to see the tabular data for the charts.

Chart Type

Pie

Horizontal Bars

Vertical Bars

[See Table 3-13 Competitive Oil, Gas and Geothermal Leasing without charts](#)

At the top of the report is the toolbar. The toolbar allows you to view charts separately, see tabular data, and convert the report to pdf. For information on each button place your mouse over the button and a description will appear. Before changing the view to see the charts or tabular data separately, specify the chart type.
