(1) The volume of helium from the Federal Helium Reserve available for the allocated sale under the preceding paragraph will be apportioned to each refiner based on the refiner's percentage share (rounded to the nearest 1/10th of 1 percent) of the total refining capacity connected to the BLM crude helium pipeline as of October 1, 2000.

(2) Per IFO, Refiners on the Federal Crude Helium Pipeline System in the Allocated Sales will only be awarded helium in the Non-Allocated Sales category if there remain unallocated volumes not awarded to non-refiners.
