## INDY

**#15362127**

**2019 BROWN FILLY, CHALLIS HMA, IDAHO**

**Trained by: Eryn Harris, Silver Spurs 4-H Club, Jefferson Co.**

### ABOUT INDY:

Hi! My name is Eryn Harris and I am 15 years old. I have been in 4-H for 6 years and this is my first year of training a mustang through the BLM mustang program. The mustang I trained this year is named Indy, short for Indiana Jones. When I picked her out I was looking for the mustang with the calmest, nicest eye. Good thing I was first to pick my mustang or someone would have taken her. Most of the other mustangs would spook at anyone that puts their hand through the panel or stand curiously. Indy came up to me and quietly stood there while I would pet her. The day we brought her home she calmly exited the trailer and was never scared of being around anyone. The next day, she trusted me enough to take her halter off and her tag off her neck. Soon after that we started the full training and trusting process. She has been very calm and easy-going. Throughout the 3 months I have put tarps on her, rubbed pool noodles all over her body, waved a flag by her head and tied plastic bags by her. I also drove my pony by her (which most horses are scared of her) and she did not care. Indy has such a sweet personality and she loves attention. She had to smell everything before it came close to her but then she would not spook. Indy is an amazing mustang and I am so happy I was able to train her. She is going to make one very special horse to a lucky adopter.

**OAKLEY**

**#19362193**

**2019 BROWN FILLY, CHALLIS HMA, IDAHO**

**Trained by: Ashley Crumley, Trail Dusters 4-H Club, Bingham Co.**

**ABOUT OAKLEY:**

Oakley is a wild mustang from the herd in Challis Idaho. It has been an amazing time working with this little filly. She has such a loving soul, I can't believe it's time to sell already. When I was picking her out we were told she was a boy and about the third day I found out she wasn't, I picked her because she had the same look in her eyes as my first mustang did. Oakley has done nothing but please my family and me. She is so eager to do her job and learn what needs to be done. Through all of our struggles she has always stayed levelheaded, she respects me and everyone I've had her around. Out of all the horses I've trained for this project I'd have to say she is my favorite! She is such a sweetheart and I really hope the person who adopts her sees the same thing in her.

# FANCY

**#19362197**

**2019 BROWN FILLY, CHALLIS HMA, IDAHO**

**Trained by: Kylee Kirkbride, Mustang Wranglers 4-H Club, Oneida Co.**

### ABOUT FANCY:

Fancy is a yearling from the wild herd from Challis Idaho. I first saw Fancy in Challis on February 1st of 2020. On this day I knew that she was the one I wanted. I picked her up in Blackfoot Idaho on June 3rd. Over these 90 days Fancy has been a pleasure to work with. She is always willing to work hard and please. During this time Fancy has been thought to walk over bridges, load into a trailer, come out backwards and forwards, trot over poles, back a L, I have also been able to saddle and bridle her. We have got her feet trimmed twice a little fight the first time but was really good the second time. I can pick up all 4 feet with no hassle. I can even get her to bow. She is not scared of tarps, tramps, dogs, other animals, or new people. We won our conformation class in the Upper Valley Open Horse Show on July 18th. We also took first in our showmen class and second on our trail at The Oneida County Fair Horse Show on August 10th. Over this time we have both over come many obstacles. Gaming eachothers trust was one of my favorite things to do with her, She was never a real spooky horse but not the one that wants to be in your back pocket either, She wasn't one to run but wasn't one to stay either.

**STARLIGHT**

**#19362198**

**2019 BAY GELDING, CHALLIS HMA, IDAHO**

**Trained by: Mckenzie Hardy, Mustang Wranglers 4-H Club, Oneida Co.**

**ABOUT STARLIGHT:**

Hi, my name is Kenzie Hardy. I am 15 years old. I have been doing 4-H ever since I was old enough to be a member. Every year I would ask my parents if I was old enough to do a 4-H project. Throughout my years I have done sheep, pig, mini horse, big horses, and a wild mustang. This is my first year doing the wild mustang challenge with the BLM. I have grown up loving horses and working with them. This year I had the opportunity to do this amazing program with my horse named Starlight. Ever since the first day I was able to bring him home, I have been falling in love with this horse. He loves kisses and will give them back! Over the past 3 months we have been able to accomplish many new things together. We have gained respect, trust, and an amazing friendship. Starlight has learned small things such as walking over a tarp and having it on his back while moving around him, up to him and being able to have a saddle on his back while lunging on a lead rope. He is such an amazing and fast learning horse. I hope that we can find Starlight a new family that can love and care for him, as much as I have the past 3 months!

# MILLIE

**#19362201**

**2019 BROWN FILLY, CHALLIS HMA, IDAHO**

**Trained by: MadeLynn Anderson, Rockin' 4-H Club, Jefferson Co.**

### ABOUT MILLIE:

My name is MadeLynn Anderson, and this is my 8th year in horse 4-H. This is my first year training a mustang through the BLM & 4-H program, and what an experience it has been! I couldn't have chosen a better mustang to work with than Millie. She is the calmest, most willing, and curious horse I have ever worked with. When I was choosing which mustang to bring home, I was looking for one that had a kind eye and was curious. Millie walked up to me (with the help of a carrot of course) and allowed me to pet her while she stood quietly. I decided she was the mustang I wanted to work with, so we brought her home. Since then, Millie has learned to trust and how to use the thinking side of her head rather than the reactive side. She loads and unloads, picks up all four feet, halters, stands tied, crosses water, bathes, ponies, walks under the carwash, over bridges, lunges, and so much more. She definitely is the type of horse who always wants attention and wants to be loved. She walks up to you without hesitation, waiting to be pet. Millie has an amazing conformation and will be an exceptional horse as she grows older. Her quietness, willingness, and amazing personality are definitely what sets Millie apart from others!

**FEATHER**

**#19862202**

**2019 SORREL FILLY, CHALLIS HMA, IDAHO**

**Trained by: Royce Eddins, Clark County Wranglers 4-H Club, Clark Co.**

**ABOUT FEATHER:**

Hi, my name is Royce Eddins. I am 15 years old. This is my 6th year in 4-H and my first year doing a BLM Mustang project. My mustang's name is Feather, and she is 20 months old. Feather was a little unsure about me at first but after a bag of carrots and me sitting in her pen for 5-6 hours, Feather would let me touch her head. Feather still didn't like me to walk her around. So I got my other mare and showed her that she could trust me. Feather came to trust me with a lot of other things. The first time I tried to load her in the trailer, Feather sniffed it and hopped right on in. Feather spooked and pulled back on the trailer one time. It was the first time I took her to 4-H, it happened when I jumped off my mare while I was right beside her and at the time she wasn't fond of fast movement. I am very grateful to have had this opportunity to train a BLM mustang. I have learned so many life lessons from this project. I hope whoever adopts her enjoys her as much as I have.

# PRINCE

**#19362227**

**2019 BROWN GELDING, CHALLIS HMA, IDAHO**

**Trained by: Ariana Williams, Bits & Boots 4-H Club, Lemhi Co.**

### ABOUT PRINCE:

Hi, my name is Ariana Williams. I am 17 years old, a senior in high school, and this is my second BLM mustang. This year I decided to name my mustang Prince. Prince is also my senior project. He is a very sweet gelding who aims to please. He is always curious and loves little kids. He has been desensitized to tarps, water, bridges, brushes, blankets, noodles, and plastic bags. We have been working with Misfit Farms to meet his TIP training requirements, courtesy of Susan Dudasik. He has been through multiple trail courses and receives new things with a curious and easy mind. We competed in a green horse show where we placed second with a blue ribbon in trail. He has had his feet trimmed along with multiple baths. He loves kisses on his nose and being around people. This project has been such a learning experience and I can't wait to see Prince go to a wonderful forever home.

# BOLT

**#19362231**

**2019 SORREL GELDING, CHALLIS HMA, IDAHO**

**Trained by: Nick Hardy, Mustang Wranglers 4-H Club, Oneida Co.**

## ABOUT BOLT:

The horse that I got for this year's project was a sorrow colt that I named Bolt. I named him Bolt because on his forehead he has a white mark on his face that looks like a lightning bolt. He is a really intelligent horse. When I worked with him, it didn't take him long to understand the concept of yielding off of pressure and yielding his hind end. He is also a really curious horse. He is always wondering what stuff is in and outside of the pen. The accomplishments I made with him are. First, follow me with a lead rope. Second, load in a slant horse trailer. Third, have a saddle and saddle blanket on him. Finally, I put a snaffle bit in his mouth. I've really enjoyed this horse and I just want him to go to a good home where he can learn and grow in his many years to come. We will look forward to seeing you at the show and auction.

# VEGAS

**#19362236**

**2019 BAY GELDING, CHALLIS HMA, IDAHO**

**Trained by: Amanda York, Country Kids 4-H Club, Bonneville Co.**

### ABOUT VEGAS:

My name is Amanda York. This is my 9th year in 4-H and my 3rd year doing the BLM mustang Training Program. This year my mustang is from the Challis herd. He is a beautiful bay gelding with 4 white socks and I named him Vegas. He is going to be so flashy when he is grown up. He has always been the calmest and sweetest guy, right from the start. From Day 1, he was concerned about my attention but not afraid. I was able to get his BLM number tag off him the first day and from that day on he decided that I wasn't something he needed to fear and loved being touched. We have gone many places and done a lot of fun things during the time I have had him. I have taught him to load in a trailer, back out of the trailer, stand tied, sidepass, disengage his hips and shoulders. He doesn't mind tarps or flappy things in his pen, he stands quietly when swinging the rope above him or around his legs. He picks up all 4 feet no problem and stands quietly for the farrier. No matter where he is or what he is doing when I enter the arena to catch him he immediately comes to meet me. He absolutely loves water, loves baths and being brushed. He has been wormed and been to the Veterinarian for vaccinations. I love Vegas so much and he will be really hard to let go so I hope he goes to the best home ever!
