Re: Protest of BLM Nevada's November 2019 Oil and Gas Lease Sale

To: Ms. Kemba Anderson, Branch Chief for Fluid Mineral Resources

Please accept and fully consider this protest of BLM Nevada's November 2019 lease sale.

I'm excited to write to you, because my name is Kem & I've not known any others! I'm very concerned about the continued focus on oil and gas in our country. We do have choices & as a Nevada resident, I'd like our state to focus on solar with so much sun! I have no special interests in oil & gas exploration.

An oil & gas lease can be dangerous if fracking starts; and it encourages speculators, who often misuse the land & leave it so much worse off. Please reduce or eliminate this lease sale of the attached parcel #'s.

I have a lot of interest in the future & on-going use of the land of which I am a co-owner as a U.S. citizen.

Sincerely,

Kem E. Tetlow

Re: BLM Parcel numbers attached

Instead of subjecting these areas to the known health risks ~~of~~^{the} exploration and extraction of gas and oil, Please consider preserving these areas for the use of recreation. This is not only a healthier option ecologically, but economically. For those areas that built surrounding infrastructure, increased annual income for the areas which supports the local population. This is evidenced as a success

Sincerely,

Re: Protest of BLM Nevada's November 2019 Oil and Gas Lease Sale

To: Ms. Kemba Anderson, Branch Chief for Fluid Mineral Resources

Please accept and fully consider this protest of BLM Nevada's November 2019 lease sale.

Please protect and preserve this beautiful land, this home that I love. I visit family in Elko County and spend time in this wilderness. Keep the wild, wild! The more you sell, the easier it will be to continue to destroy our planet. The attached list of land parcels belong to all of us. They are not yours to sell.

This land is for all Americans. Tearing it up for mining or resource
or oil extraction would contribute to climate change.
It would destroy the trees and other plants that
sequester carbon and produce oxygen.
Our children need the natural state of Nevada.
My grandchildren need the land to NOT be torn up.
What about yours?

Stop destroying our land! Public lands are for the enjoyment of the people of the United States.

Outdoor recreation is highly valued in Nevada and is a major source of income for the state. Oil and gas exploration will destroy this land for exploitation by the few.

Our planet is overheating and furthering its warming by extracting more fossil fuels is a crime against the present and future residents of the U.S. and the world. Cancel these lease sales!

Re: Protest of BLM Nevada's November 2019 Oil and Gas Lease Sale

To: Ms. Kemba Anderson, Branch Chief for Fluid Mineral Resources

Please accept and fully consider this protest of BLM Nevada's November 2019 lease sale.

Enclosed is a list of
land parcels that should
not be available to
the highest bidder.

There are so many reasons
to keep lands available
to our Nevada citizens.

Do not privatize these
lands!

To: Ms. Kemba Anderson, Branch Chief for Fluid Mineral Resources

Please accept and fully consider this protest of BLM Nevada's November 2019 lease sale.

It is ^{unconscionable} ~~unconscionable~~ to put Corporate interests above the needs and wants of citizens. This would take away the citizens ability to enjoy these lands through tourism. Companies that are granted usage of these lands are required to restore the land after they leave - but they never do. Granting these leases will destroy the large amount of Nevada land. The parcels I am protesting are attached.

As a long-time Nevadaian I protest the sale of leases of all parcels listed. My family and I have explored and treasured many of these areas and I would hate to see them destroyed. Please preserve these precious resources for my grandchildren & great-grandchildren

Re: Protest of BLM Nevada's November 2019 Oil and Gas Lease Sale

To: Ms. Kemba Anderson, Branch Chief for Fluid Mineral Resources

Please accept and fully consider this protest of BLM Nevada's November 2019 lease sale.

It is clear that we have very little time left before the changes mankind has wrought upon this planet become irrevocable and inhospitable to human life.

It would be folly, at this point in our probable extinction, to consider oil, gas, or any other destructive leases on government land.

I am a 40-year resident of Nevada, and have often enjoyed and benefitted from all public lands. I am also the mother of three adult children who hope they may continue to enjoy Lamoille Canyon, Great Basin National Park, and other affected Federal lands.

I am a registered voter, and remain involved in the democratic process. I object to the consideration of the sale or lease of all attached serial numbers.

Please consider this request with your own loved ones and the future of our species in mind.

Sincerely,

Mary Phyllis

Re: Protest of BLM Nevada's November 2019 Oil and Gas Lease Sale

To: Ms. Kemba Anderson, Branch Chief for Fluid Mineral Resources

Please accept and fully consider this protest of BLM Nevada's November 2019 lease sale.

I oppose the sale of public lands in Nevada to private buyers. The beauty and natural conditions of areas like Meaden Valley, Mormon Mountain, Harmon Pass, Lawville Canyon & Ruby should be left alone. We need more public lands for all to enjoy not less. I visit Nevada multiple times per year. I always take the opportunity to enjoy the nature of Nevada.

Isn't time we start putting more energy into renewable energy? We are already the world's largest producer of oil. It should be our goal to be the world's largest innovator in sciences of alternative energies.

I am in opposition of the sale of all parcels from NV-19-11-001 through NV-19-11-157.
Please take this seriously.
